Stepped into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Ends of Jonesville, Va., "which caused horrible leg sores for 30 years, but Backel's Arnica Salve wholly cured me after everything else failed." Infal- lible for Burns, Scalds, Cuts, Sores, Bruises and Piles. Sold by all druggists at 25c.

It is well to know that DeWitt's witch hazel salve will heal a burn and stop the pain at once. It will cure eczema and skin diseases and ugly wounds and sores. It is a certain cure for piles. Counterfeits may be offered you. See that you get the original DeWitt's which has the name on the wrapper.

Feelings of safety pervade the household that uses one minute cough cure, the only harmless remedy that produces immediate results. It is infallible for coughs, colds, croup and all throat and lung troubles. It will prevent consumption.

The best method of cleansing the liver is the use of the famous little pills known as DeWitt's Little Early Risers. Easy to take. Never grips.

All Around the County.

SANDYSTON.

Pennsylvania may not be great in some of her laws, but I notice that persons holding office under State county or municipal, are forbidden to sit on the election board, and that is perfectly right. If I remember correctly, that law is not always obeyed in Jersey. Let the officials be always honest.

The hunting season opened on the 1st inst. and the incessant report of guns made me think of old times along the skirmish line when bullets and not shot was in front of the powder. Every possessor of a gun was out, and a fine lot of game was killed. Rabbits are numerous and quail are not plentiful, and should be protected, but will be slaughtered just the same.

Election will be decided ere this appears in print, for which the public will be duly thankful. For weeks the papers have been full of arguments against one candidate or the other or long winded argument favoring one or the other candidate. We will all accept Tuesday's decision as final, but your scribe cannot help hoping that the Nebraska will get there with both feet.

The extra meetings now in progress at the M. E. church, at Layton, will continue through this week and longer if they meet with any success.

Mrs. Mary A. Litts moved on Monday last from the Smith place to that of Mrs. Emma Raesor on the hill.

Some of our people are finding fault because the holding of the present election was changed from Bevan's to Hainesville. A great many have expressed themselves in favor of building a town hall at Layton, which is about the center of the town and if the people will retain this feeling until the spring election it can be carried through. It would make a place for all town business, meetings, elections, lectures and so on, and every one would know the place of meetings. Give us a chance to vote on the question.

I see that Pike has held its Teachers Institute, and I don't see why H. E. did not write it up in detail that the Jersey teachers might see what was done. We will have one after awhile over here, but have not heard the date.

Mercer Jagger, of Madison, N. J., visited his parents near Dingmans last week and took a hand at hunting. He returned to Madison on Saturday with his game.

Miss Flora Raesor has just returned from her visit to Deposit, N. Y., much improved in health and weight.

Corn husking is done, and only a few stalks to care for, and that ends the fall work. People can talk election matters and lament or rejoice as the case may be.

There is one violation of our game laws that should be stopped and that is the setting of traps and dead falls for the capture of rabbit and quail. These devices are set for the taking of skunks, but everything that gets in is taken care of and they are set for rabbits just as much as they are for the skunk. One neighbor tells me that last winter he had three cats caught in traps and each lost a leg. Hunters should smash every trap they come across.

Miss Fanny Soider and Miss Cora Hursh are spending a week visiting friends and relatives in Newark and New York.

FROM ANOTHER CORRESPONDENT.

Occasionally a man is sensible enough to leave his country for his country's good and it is considered a redeeming trait that he should expatriate himself for the public weal. Happy are we that other states are gaining population by the exodus from our beloved Sandyston, and the Lord knows that of that kind of patriots we still have several to spare.

Misses Estelle and Emma Harsh of the Newton Business college were home with their parents over Sunday. They highly commend the methods of that institution, and the thoroughness of the instruction practiced there.

B. D. Harsh of the Stroudsburg & Bushkill Telephone Co. came home to "Pine Hill Farm" last week for a short vacation to hunt and to vote. He returned to Stroudsburg on Tuesday in time to receive the election returns.

John J. VanSickle was home for a few days this week enjoying the bracing and invigorating Jersey air. He returned to Ohio on Wednesday where he is doing a brisk business shipping hay, straw, and oats eastward.

No other pills can equal DeWitt's little early risers for promptness, certainty and efficiency.

MATAMORAS.

The Misses Cora and Nora Steele, of Beaverville, N. J., who have spent a few days visiting their uncle Irving Clifford, will visit friends at Milford and Dingmans on their way home.

Miss Lena Gebhart after a visit with her sister, Mrs. Martin Lucier, has returned to her home in Long Island City.

Mrs. Ed. Wonnacott is on a visit to Waymart, Pa.

Mrs. P. Jeffries who has been on a visit to New London, Conn., returned home a few days ago.

The Ladies Christian Union connected with Hope church, this village entertained their friends on Thursday afternoon at the home of Mrs. M. Uch on Pennsylvania Ave. to a five cent tea.

Mr. and Mrs. Martin Lossy, of Kalamazoo, Mich., who has been visiting Mr. Abe Huff, at Rose Cottage, on Washington street, returned to their home on Monday. Mr. Lossy is a nephew to Mr. Huff.

Mr. Nevin is sick at his home with appendicitis.

The Ladies Aid Society connected with the Presbyterian church, Port Jarvis, held a dime social on Thursday afternoon at the home of Mrs. Harriet Proy on Washington street, this village. Over \$18 was realized. The ladies enjoyed their outing in Matamoras exceedingly. Mrs. Proy knows just how to entertain her friends.

Mrs. Frank Wilkin is visiting her cousin, Miss Kate Herman, of Newburg.

The boys of this village had a good time Halloween night, throwing cabbage and ringing the school house bell.

Dress making in all branches. Will go to the house or do the work at home. Address MARY LEWIS, opposite Sawkill Mill, Milford, Pa.

It's Easy To Take

Thin, pale, anemic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL

WITH HYPOPHOSPHITES OF LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anemia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.

Do not get scared if your heart troubles you. Most likely you suffer from indigestion. Kodol dyspepsia cure digests what you eat and gives the worn out stomach perfect rest. It is the only preparation known that completely digests all classes of foods; that is why it cures the worst cases of indigestion and stomach trouble after everything else has failed. Elected Officers.

The ladies of the Presbyterian congregation re-organized the Aid Society Tuesday by electing Mrs. Frances Westfall President, Mrs. J. H. Van Etten Vice President, Miss Ann Baker and Vice President, Elsie Mott Secretary, Mrs. Thomas Nichols Treasurer, Misses Ann Baker and Sue Nichols visiting committee.

The ladies have made an innovation on the former custom and the society meetings will be held every other Tuesday evening in the church parlors. Refreshments will be served and the gentlemen are invited to drop in and partake and contribute a dime for the pleasure they will enjoy.

Dr. W. H. Lewis, Lawrenceville, Va., writes, "I am using kodol dyspepsia cure in my practice among severe cases of indigestion and find it an admirable remedy." Many hundreds of physicians depend upon the use of kodol dyspepsia cure in stomach troubles. It digests what you eat, and allows you to eat all the good food you need, providing you do not overload your stomach. Gives instant relief and a permanent cure.

An American on Joubert.

The London correspondent of the *Mail* has wired some extracts from the letter of an American volunteer with the Boers. The writer describes General Joubert as an old 60, who knows his business well and who will not move unless he is sure of success. He says that he leaves the attack to the English, the result being that while they lose five men he loses only one. The English artillery is good, though the guns are inferior in range to those of the Boers, but the English cavalry is far less useful than their—London Telegraph.

Startling Instances.

Last week a delinquent subscriber said he would pay-up if he lived. He died. Another said: "I will see you to-morrow." He's blind. Still another said: "I'll pay you this week or go to the devil." He's gone. There are hundreds who ought to take warning of these procrastinators and pay up now. Finley (S. D.) Slope.
