All Around the County.

DINGMAN'S FERRY.

No wonder the Editor went star gazing after election! It was evident by the article on the first page last week.

Porter township is the most burdened of any in the county with State lands paying no taxes, and yet every voter was against the man who might have redeemed them. They were joined to their idol, a traveling clerk of the silver mine owners, who if elected could not have aided them, and that carried them away. They voted to pay extra taxes and ought now to be happy.

We are sorry Sandyston will be disappointed, also the W. C. T. U. or those of them who issued the anti canteen circulars. If the ladies want to reform the men some of them might profit by attending a good cooking school so as to improve the race of dyspeptics now driven to whiskey as a cure.

Representative elect Westbrook is a happy man and we congratulate him. No one had any personal objections to him. Both him and Angle were graduates of Centre and picked crumbs of knowledge in the same coop. Only it was thought that Angle might be able to obtain a larger share of the Erie bonus than we have, and what fairly belongs to the county.

John Shepherd is quite sick with shingles.

Daniel Jagger is ill with typhoid fever and the doctor has difficulty in obtaining assistance to care for his patients. It seems a little inhuman, but may be for the best.

David Jagger and son have increased their pile of corn 70 bushels by husking for Wm. Titman.

Brice Dairyville, wife and children and Mrs. Emery, of Branchville visited their parents at Centre last week.

W. H. Layton is busy making his annual assessment.

Our town people should move for a better water supply. Walls are apt to become impregnated with disease germs.

An eight pronged buck hung in front of Darraghs mill Monday morning.

Harvey Cron and George Jagger had a law suit Monday before Esquire Frazier.

FROM ANOTHER CORRESPONDENT.

We think it time for the north east wind to stop blowing for the Democrats have completed their job in this county. They had the whole swine and put the bristles on him Nov. 6 and scalded them fast with poor whiskey. It is said there was a vat somewhere in this vicinity where they did the dipping.

A party of hunters comprised of Theodors Howey and Al Crone lately returned from Dingman spring with a deer, twelve birds and a fine coon.

Miss Fanny Titman has purchased a new carriage and is now home for the winter.

Will Retaille will commence repairing his barn next week.

The wind has been very high in this locality and last week blew the top off John Vaters wagon while passing through town.

J. C. Titman purchased a horse last week.

Walter Cole, of Port Jervis, visited friends and relatives here Sunday.

A notice has been put on the corner house forbidding trespass so look out.

Miss Lizzie Howey is home visiting friends here.

J. B. Angle is not worrying about his winters meat. He recently killed a couple of porkers weighing 300 each.

G. Y. Cron's boarders have returned to the city.

Sunday hunters would better stop annoying people and violating the law or the constable may be notified.

MATAMORAS.

Mrs. Frank Kelly and son, Francis have returned after a visit with friends and relatives at Equinunk. Miss Estanger Loyd of that place accompanied them home and is now their guest.

Mrs. P. Jeffries is visiting in Middle and Duckertown.

Mr. Stowe, of Deposit, is a guest of Dr. Wm. Kelly and is also Miss Kate Kelly, of Scranton.

Prof. Mull-ers dancing class met Friday evening at Prescotts Hall with a good attendance. Mrs. Burningham the pianist.

SANDYSTON.

Aint it just too funny for anything to see how some fellows will act just because they fail to catch on to some coveted office. Why it actually drove a person and persons to vote the opposition ticket, just as if that would hurt some body who happened to be in their way some years ago. It puts me in mind of Horace Groely, who told an angry patron of his paper to go down to the Battery, and stick his finger in the water and see how big a hole he would make. It is ditto the same with the above.

Theo. F. Spangenberg, now located at Paterson, spent the past week visiting in Sandyston and Walpack. Dosh, as he is best known by that title formerly resided at Layton and is now employed by the Susquehanna and Western R. R. as flagman at its crossing at Paterson.

I was pleased to see comrade Joseph E. Layton, of Newton, over here on Monday looking hale and hearty. He made the trip on his wheel which is not a bad showing for a veteran of the Civil war.

B. F. Drake, of this town accompanied J. J. Vansickle upon his return to Ohio on Wednesday the 7th inst. Frank will have charge of the weighing and carrying of hay at the various shipping points.

Our streams are nearly dry and the fish in them have little chance to escape the wily poncher who with his net can sweep every hole of every fish in it. The stroking of our streams will not avail much, if the streams get as low as they are now very often.

Frank McKeey, of Bovans, has moved upon the farm of R. H. Everitt at Layton. Mr. Everitt will make his home with his daughter, Mrs. L. T. Smith in the village.

The scarcity of water has not been felt so severely, in years, as it is at the present time. Nearly every well in and about Layton is dry and those having water in, are very low.

The people along the river are hauling water, in some cases for both stock and family use. Unless the usual fall rains come soon the people of this section will be seriously inconvenienced for water.

There is quite a lull in the hunting, now that the rush is over. The hunting is now limited to those who have little to do and never get that little done so long as there is anything to shoot or trap.

Miss Cora Harsh and Miss Fanny Snider returned home on Thursday from their weeks outing visiting relatives and friends in Newark.

The New Jersey state Board of Agriculture will hold one of its meetings on Nov. 27, in the church at Layton. The state report of these Institutes says of them as follows: "Thus, the intelligent farmer of the state can, if they so desire avail themselves of the best experience and knowledge possible to secure and apply in their own practice. Where they have done so for any considerable time, the effect is plainly visible to an intelligent observer." Fuller details of the programme in my next.

Quite a number of city sportsmen are stopping at J. E. Nyce and at Riverside.

John Rittew, one of the guests of Nyces resort met with a painful accident last Saturday. He with four of his companions were hunting along the bank of the river, where they routed a flock of quails. Many shots were fired and fortunately for the quails they escaped unhurt but unfortunately for Mr. Rittew he received a charge of bird shot in the left arm, neck and face. His condition however is not considered dangerous but painful and spoiled his hunt.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL
WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

See and be convinced, all druggists, SCOTT & BOWNE, Chemists, New York.
