Isaac Smith and wife have been visiting their daughters, Mrs. Woodruff and Carrie at Newbua.

Henry Van Anken had a prosperous season making cider.

Eggs must be scarce in the city when a Branchville firm sends out a man over here who pays 25 cents cash.

The Montague liars club were not in it with ours, no wonder it disbanded. Here is a sample what was told a spinster recently while he was dining out. A man had brain fever as he lay last year that a piece of ice containing 255 cubic inches put under his head melted in one minute.

John Shepherd who has been sick is around again more lively than before.

Henry Crone has done threshing for Rev. G. S. Garrison.

There is a great demand for calves and yearlings but no supply.

Many cellars here are filled with apples of fine quality. Our orchards have good varieties, such as Baldwins, Pippins, Spys, Ben Davis and several others.

Rambler enquires if it not time for the railroad to be built. Well not quite. It has taken a century to build a mile and at that rate it should be due at Milford in say 2000 years.

A young son came last week to gladden the home of Abner Crone.

Two sons of Mr. Cooper, of Montague, have been visiting Garret Brodhead.

W. H. Layton and daughter will board in Lehman until his school there closes.

John Crone expects to have a venue about Christmas. He has secured a situation in an Art Museum in New York and will move there.

A large number of trees are being produced on Donaldson's tract.

People who have things for sale might find it profitable to advertise. That would bring buyer and seller together and the one would not have to roam the country in search of what he wants or the other worry for fear that he would not be found. A little ad in the Press would do the business for both parties.

The fence club has been discussing the law which protect rabbits. We are obliged to buy our winter cabbage down along the river because the bunnies are so numerous here they destroy the plant. Formerly the small boy and the large ones too, kept them pretty well thinned out but now they are becoming numerous.

The creeks are well filled with water and springs and wells greatly improved.

No doubt the trout were nearly all destroyed the past season, snakes, turtles and minks, killed those left by the drying up of the streams. By next season however they will be plenty again, on paper.

Irving Angle is having a well dug on his premises.

The finest lot of pigs killed in this section were raised by M. B. McCarty. His neighbor H. M. Cortright also had a nice pen.

SANDYSTON.

The supper held in the Hainesville church on the evening of the 23 was a great success. As usual the good things were abundant and the attendance was good and when it came to footing up results it was found they had \$54.51 and that was good too.

The Supreme court of this state has decided that pensioners inmates of the Soldiers Home must give four dollars per month of their pension to the Home. New Jersey has been very good to the soldiers in granting their state pay during the war, and allowing them 500 dollars exemption from poll tax, besides exemption from poll tax. So I cannot see where there can be any kick coming from this decision of our highest court.

The sale of the farm of Francis Layton deceased will be held at the hotel of Henry E. Montross at Lytt on Thursday, Dec. 20. This farm is nicely situated, and is an excellent farmin every way.

I notice by the census that the population of Sussex has increased and if it has, the increase must be due to the young men to the city and the young women to the factory. I think there must be a decrease in the rural districts.

Pity and Beauty

The most beautiful thing in the world is the baby, all dimples and joy. The most pitiful thing is that same baby, thin and in pain. And the mother does not know that a little fat makes all the difference.

Dimples and joy have gone, and left hollows and fear; the fat, that was comfort and color and curve—all but pity and love—is gone.

The little one gets no fat from her food. There is something wrong; it is either her food or food-milk. She has had no fat for weeks; is living on what she had stored in that plump little body of hers; and that is gone. She is starving for fat; it is death, be quick!

Scott's Emulsion of Cod Liver Oil is the fat she can take; it will save her.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample. Its agreeable taste will surprise you.

at Newton commencing on Monday Dec. 10 at 1:30 p. m. and closing Wednesday noon. Prominent speakers will be present and the state Supt. of schools O. J. Baxter will be in attendance.

Mail carrying has an attraction so strong for some people that they will carry the mail for nothing and board themselves. The past week has seen a flood of proposals for carrying Uncle Sam's mail at rates much less than a dollar a day, each maker of a proposal cutting under the proposals of others. There isn't a mail route that pays the carrier living wages to my knowledge in this county and the eager would be carriers are to blame for the low rates paid.

Prof. Kilcoin after spending Thanksgiving with friends here left Sunday for his school in New York.

Mrs. L. D. Doyle of Hornellsville is visiting her daughter Mrs. A. Nyce.

The ladies of St Josephs church report the fair at Luckawaxen a success. Master George Guerin made a great hit with his recitations.

The weather was stormy but the attendance good, showing the interest in these pleasant gatherings. To add to the novelty we suggest a new name viz. Schurr, Mrs. Susan Grandin and the Misses Emily Mitchell and Susan Nichols.
