Help is needed at once when a per-
son's life is in danger. A neglected
cough or cold may soon become ser-
ious and should be stopped at once.
One minute cough cure quickly cures
coughs and colds and the worst cas-
es of croup, bronchitis, grippe and
other throat and lung troubles.

Many persons have had the experi-
ence of Mr. Peter Sherman, of North
Stratford, N. H., who says, "for
I suffered torture from chronic in-
digestion, but kodol dyspepsia cure
made a well man of me." It digests
what you eat and is a certain cure
for dyspepsia and every form of
stomach trouble. It gives relief at
one-veget in the worst cases, and can
help but do you good.

CORRESPONDENCE.

SANDYSTON.

The merry whistle of the creamery
is a welcome sound in this valley
and it was opened for business on the
30th ult. It is something new here
to see the farmers passing with a
load of milk cans, but I hope it will
be common enough ere long. Many
did not know that it was going to
open, and now that it is running they
intending to patronize it should start
in at once.

The shad fishery at Depue's fish-
ery started to haul in the shad this
past week. The recent rains raised
the river too high for successful fish-
ing but this week the river will be
just right, barring rains. The catches
so far have not been very good, the
"pink-eye" being the majority of the
fish caught.

Arbor Day was duly observed by
the schools of this town, and in some
cases trees were planted, and in oth-
ers, recitations were given. The
trouble about tree planting lies in
the fact that all of the school grounds
are so small that there is no room for
them. It would be a good idea for
the Board of Education to enlarge
the grounds, and then set it out with
trees. As it is now, Arbor Day does
not create much enthusiasm in the
pupils' minds, so far as tree planting
is concerned.

Garden making is all the go, just
now, and the question, "Have you
made your garden?" is on every-
one's lips. Many have had their
gardens partially made for some
time, but the light frost of Monday
morning is a caution to go slow in
the garden line.

The timber tract recently bought
by Mitchell and Condit near Tuttle's
Corner gives a good deal of work to
the laborers in this locality. This
makes help on the farm very hard to
get, the men claiming they can make
better wages getting out ties, etc.

The young trout now hatched at
the Flatbrook Fish Club's ponds
number about 50,000. Ben Rosen-
kranz, the efficient manager of the
hatchery, says the loss has been un-
usually small, and that the young
fry will soon be placed in boxes in
the stream out-of-doors.

Every one in a while the New
York dailies fail to arrive at the Lay-
ton office, and then it is reported that
there was a smash-up on the D., L.
& W. I can see no account of any
smash, and would be glad to know
the reason why our dailies fail to
come on time.

Mr. and Mrs. Dr. Hughes, while
walking through Brookside, partly
came in contact with poison sun-
amb and both were badly poisoned,
especially about the face. They did not
touch it, but were poisoned just the
same.

B. D. Hersh, general manager of
the Stroudsburg telephone company,
spent Sunday with his parents, re-
turning to his duties in the afternoon.
Whenever our 'phones get out of
whack Ben puts them in order and
we go ahead until another whack
comes and his services are again re-
quired.

John Smith and family moved last
week from Pine Hill to the tenant
house of Hon. E. E. Smith near
Bevans.

Farmers were much delayed by
the heavy rain of Thursday night in
getting their oats in, but all will fin-
ish them by the middle of this week.
The work on the farm is much be-
hind and planting will be a little later
in consequence of wet weather.

Will Bevans and Seth Shay, both
conductors on a trolley line in New-
ark, are spending a week visiting
and relatives in Sandyston and Wal-
pack. Both look as if Essex county
climate agreed with them.

A majority, I might say all with
perhaps one exception, of our schools
will close from the middle on to the
last of May. This will make a pret-
ty long vacation, and I think it
would be a benefit to the pupils to
lengthen the school year to at least
9 months; 10 months is a little too
much of a good thing.

pretty sight.

Y., is visiting her daughter, Mrs.
Samuel Case, on River street.

rapidly completed by Alex. Brink
and will be a fine building.

Mrs. Jesse Martin was called to
New York Wednesday by the death
of her niece, Miss Rena Bach, who
had recently been spending some
time here and only returned home
last week. The cause of death was
lung trouble which developed while
she was here. She graduated from
the grammar school this spring and
was a lovable and affectionate
daughter.

Mrs. Edwin Young of New York,
who has been the guest of her
cousin, Mrs. C. Nichols, for a few
days, has gone on a visit to Mont-
icello.

Joseph Palmater and family of
Jersey City will spend the summer

The C. E. society of Hope church

day evening at the home of Mrs.
Geo. Bonnell.

The Sunday school convention
will be held here May 28th.

The ninth anniversary of the ded-
ication of Hope church was cele-
brated last Sunday. A silver collec-
tion was taken and a neat sum re-
alized. Rev. Gross gave excellent
sermons both morning and evening.

make the address and Miss Carrie
Van Wormer will render a solo.

ical Seminary, Madison, N. J.,
will preach morning and evening at
Epworth church Sunday, May 19.

The Delaware Valley Road.

This electric line, referred to last
week under the Delaware Valley, is
to run from Stroudsburg, Pa., north-
east about 13 miles through Shoe-
maker's to Boakhill. Surveys are
made and building is begun under
M. P. McGrath, of Easton, Pa., con-
tractor. Three miles of grade are
completed. The grade is not over 2
per cent., and there are a few slight
curves. Six bridges will be required.

DINGMAN'S FERRY.

It was quite a shock to many for-
mer customers of E. B. Kintner to
learn that he was indicted in the
Sussex courts for tree girdling and
other misdemeanors. Others had
been suspected.

Our new supervisors do not seem
to be the kind to improve the hills
by going around them.

There was some fault finding
about the road being turnpiked near
Peter Smith's by Supervisor John
Hod during the last rain. It
makes a bad drive, but if it is well
drained, when dry it may be quite
passable. Plenty of gravel near but
not sufficient taxes to spread it.

Spring fever is now prevalent.
Perhaps some of our readers may
remember their grandmothers'
spring beer, which was brewed as a
good tonic. Here is the recipe: Boil
small bunches each of sweet fern,
sassa-parilla, winter green, sassa-
fras, spruce pine, and spicewood in 8
gallons water down to 6, or as
strong as you like it; also boil 1/2 lb.
hops in 4 gallons water down to 3;
mix the two decoctions, add 1 gallon
molasses and when cooled to 80°
add 1 1/2 pounds of toasted bread
soaked in fresh brewer's yeast and
put in a ten-gallon keg. When fer-
mented add the white of one egg
beaten to a froth; bung up, and
when clear bottle.

Centro school closed the winter
term May 7.

Elmer Emery of Cedar Rapids,
Ia., was here last week visiting
friends. He went out west years
ago to grow up with the country
and from appearances he has been
very successful. CAESAR.

TRIPS TO THE PAN-AMERICAN.

The Picturesque Erie Railroad Offers
Cheap Rates to Visitors.
The favorite route to the World's
Fair at Chicago in 1893 with greatly
improved facilities and equipment,
offers the following rates from Port
Jervis to Buffalo, during the Pan-
American Exposition: \$10.50 round
trip for tickets good for return pas-
sage within ten days including date
of sale during the month of May. On
and after June 1st, the rate for simi-
lar tickets with limit of fifteen days
will be \$11.50.

\$7.75 round trip tickets, good re-
turning within five days including

leges. Tickets will be available for

and on Tuesdays of each week dur-
ing the month of May. The Erie
line to Buffalo has no superior, and
the beautiful region through which it
passes is the admiration of all travel-
ers. The Exposition will be the first
marvel of the new century.—3

THE HOME GOLD CURE.

An Ingenious Treatment by which Drunk-
ards are Being Cured Daily in
Spite of Themselves.
No Nonsense Doses. No Weakening of the
Nerves. A Pleasant and Positive
Cure for the Liquor
Habit.
It is generally known and understood
that Drunkenness is a disease and not
weakness. A body filled with poison,
and nerves completely shattered by periodical
or constant use of intoxicating liquor,
requires an antidote capable of neutralizing
and radiating this poison, and destroying
the craving for intoxicants. Sufferers may
now cure themselves at home without pub-
licity or loss of time from business by this
wonderful "HOME GOLD CURE" which
has been perfected after many years of close
study and treatment of inebriates. The
faithful use according to directions of this
wonderful discovery is positively guaran-
teed to cure the most obstinate case, no
matter how hard a drinker. Our records
show the marvelous transformation of
thousands of drunkards into sober, industri-
ous and upright men.

WIVES CURE FOUR HUSBANDS !!
CHILDREN CURE FOUR FATHERS !!
This remedy is in no sense a nostrum but a
specific for this disease only, so skillfully
devised and prepared that it is thoroughly
soluble and pleasant to the taste, so that it
can be given in a cup of tea or coffee with-
out the knowledge of the person taking it.
Thousands of Drunkards have cured
themselves with this priceless remedy, and
so many more have been cured and made
temperate men by having the "CURE" ad-
ministered by loving friends and relatives
without their knowledge in coffee or tea,
and believe today they discontinued drink-
ing of their own free will. DO NOT WAIT.
Do not be deluded by apparent and mis-
leading "improvement." Drive out the
disease at once and for all time. The
"HOME GOLD CURE" is sold at the ex-
tremely low price of One Dollar, thus plac-
ing within reach of everybody a treatment
more effective than others costing \$25 to
\$50. Full directions accompany each pack-
age. Special advice by skilled physicians
who requested without extra charge,
sent prepaid to any part of the world on
receipt of One Dollar. Address Dept. B
275, EDWIN W. GILES & COMPANY,
2020 and 2022 Market Street, Philadelphia,
