Railroad Matters.

Associate Judges Houck and Kiner met at the court house Tuesday and were asked on the part of the Delaware valley railroad to appoint viewers to assess damages for a piece of land in Delaware township 395 feet long adjacent to Cave bank, same being a part of the property of one, Jacob Van Anken. The judges declined to act in the matter for the reason that the act of 1893 provides only for such proceedings being done in court and as this was not a regular or adjourned court they had no jurisdiction.
