CORRESPONDENCE.

SANDYSTON.

A number of young ladies from
 Jersey have been working at the
 Bluff House, Milford, and becoming
 sick were sent to their homes, the
 Milford doctor diagnosing their ail-
 ment as quinsy. Upon arrival at
 their homes the local physician at
 once ordered the room and clothing
 fumigated and no one permitted to
 enter the room of the sick. Mem-
 branous sore throat is not far from
 diphtheria, and it may be that for
 aught I know; and as quite a num-
 ber visited the sick and the disease
 being of a serious nature and con-
 tagious, that Milford physician
 should be shaken up for announcing
 the ailment to be quinsy, but-
 likely he didn't know.

Fish stories are now in order and
 from those floating around the boys
 are having pretty good luck. Some
 fine bass are being caught but the
 story generally ends with, "The
 awful big one got away."

This recent shower gave the roads
 a severe washing, and as a result
 our roads are the roughest in years.
 It is supposed that our committee
 was to superintend the road work-
 ing but so far as overseeing goes,
 well—there isn't any.

A ladies' aid society will be or-
 ganized at the church at Layton on
 Friday evening of this week. A
 cordial invitation is extended to all
 to come out and join the association.

Miss Vienna Stoll of Bevans, a
 recent graduate of the state normal
 school, has secured a position as
 teacher in Hudson county, this
 state.

A young man from this town visit-
 ing Dingman's one evening last
 week was set upon and brutally
 beaten by a couple of Dingman
 youths. One of the assailants was
 arrested and put under bonds and
 the other skipped.

A lawn social will be held on the
 chapel grounds at Bevans on Friday
 evening of this week, and on the
 following evening a similar party
 will be held on the lawn of Francis
 Simpson at Layton.

Rumor has it that the parties
 building the railroad up the Dela-
 ware valley are having some trouble
 about the right of way on the Penn-
 sylvania side of the river and that
 parties are engaged in sounding
 the people on the Jersey side as to
 the cost of the right of way over here.
 We will be only too glad to see it
 go through, but I am afraid that
 those who are willing to give the
 right of way now will about for big
 figures when called on to go through
 their land. If the railroad means
 business why not have the land
 condemned.

Many of our school houses and
 out houses need repairs, and es-
 pecially the latter. I think if Sup-
 Hill should examine each one some
 one would receive a reprimand, and
 it would be deserved. Last year
 one or more school houses were not
 cleaned and this should be attended
 to this year.

The finest and most complete col-
 lection of Indian relics was shown to
 the writer on Saturday last by a
 son of Elias Mering near Norman-
 dock. The collection includes almost
 everything used by the red man and
 the flints are especially fine. Young
 Mering is continually adding to his
 collection and finds most of his spec-
 imens in the vicinity of Swarts-
 wood. Specimens cheerfully shown
 and they are worth seeing.

The "long green" goes a good
 ways sometimes at elections but
 one would be surprised to learn that
 good old "Bourbon" will go several
 notches further in the matter of
 catching the floater and it is always
 the poor floater that the Bourbon
 catches. September may elucidate
 the story of Bourbon and the float-
 er.

Hair Splits
 "I have used Ayer's Hair Vigor
 for thirty years. It is elegant for
 a hair dressing and for keeping the
 hair from splitting at the ends."
 J. A. Gruenfelder, Grandfork, Ill.

**Hair-splitting splits
 friendships. If the hair-
 splitting is done on your
 own head, it loses friends
 for you, for every hair of
 your head is a friend.
 Ayer's Hair Vigor in
 advance will prevent the
 splitting. If the splitting
 has begun, it will stop it.**
