A WORTHY SUCCESSOR.

"Something New Under the Sun."

All doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. These powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES THE GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicines sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Send prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. B 275, EDWIN B. GILES & COMPANY, 220 and 222 Market Street, Philadelphia.

CHAFFING TABOOS.

Consent of Villains Two Decals That Nicknaming and "Goying" Must Cease.

Nicknaming at Westfield, Ill., must cease. The city council has so determined, and has passed an ordinance making such a person punishable by a fine of \$5 to \$100, says the Chicago Tribune.

Westfield is a college town, and her people can read Greek and Latin; they know philosophy and are able to call the stars by name, but at the same time they understand the art of manufacturing and bestowing a nickname that has some real significance. Street "goying" is also a favorite pastime of the street loafer, and sunny a country swain who brings the lady of his heart's desire to town on Sunday to refresh her with soda water and chocolate has learned to his sorrow that the "course of true love never did run smooth." So objections has this state of affairs become that at the last meeting of the city council Alderman Hemphill introduced an ordinance the substance of which is as follows:

"Be it ordained that any person who disturbs any inhabitant of the village of Westfield by the use of annoying nicknames, jeering, goying, trading or insulting upon any street or public place of such parties, shall be fined not less than \$5 nor to exceed \$100."

It is generally understood that this ordinance is not intended to prohibit the use of endearing or pet names, but many of the nicknames now in vogue will cease to be part of the city's vocabulary. The ordinance promises to bring about reformation.

The people of Westfield looked upon the ordinance as a sort of joke at first, but the authorities declared their purpose to carry out the law a serious one, and now all await the initial test case with great interest. It is not unlikely that the matter will finally reach the highest courts.

There has been a striking diminution in the use of nicknames and in the habit of chaffing since the ordinance was passed.

STATE TO OWN UTILITIES.

Canadian Government Proposes to Have Full Control of Telegraph and Telephone Lines.

According to authoritative announcements, the government of Canada has decided to nationalize the telegraphs and the telephones of the Dominion, says the Glasgow Herald. The business elements are said to be nearly unanimous in support of this reform. The government counts on an annual surplus of some \$7,000,000, and its income is increasing under the usual prosperity of the country. It has, therefore, become possible to take the step contemplated for years, but heretofore precluded by lack of available funds. The government already operates some small telegraph lines, and not unsuccessfully. The telephones, if taken over at the same time as the telegraph, will be placed in the hands of the respective municipalities to be managed by them. It is hardly necessary to add that the employees of the companies are anxious to become the servants of the state, knowing, as they do, that from the government they would secure better terms and greater consideration.

Canada is only following the example of Great Britain in this respect. The telegraph was nationalized in England about 30 years ago, and while there have been complaints of inefficiency, red tape and lack of progressive spirit on the part of the post office department, which controls it, there is no agitation in favor of a return to operation by private companies.

TOOK A GIANT PHOTOGRAPH.

Plate, Said to Be Largest Ever Made, Used at the Metropolitan Museum.

An object that attracted considerable attention at the Metropolitan Museum of Art, says the New York Sun, was a camera about four feet wide and five feet high that stood all day in front of a painting in the Wolfe gallery.

It required the united efforts of three men to focus the instrument. The operator said that the plates used were the largest ever made, and that if he should fail to give the proper exposure, it would cost his firm \$25.

The time required to get a good photograph of the painting was three hours and a quarter. Three gallons of developer and four of hyposulphite of soda were used to fix the plate.

When asked why so long an exposure was necessary the operator said that to get a full detail and color value a yellow screen of glass, coated with gelatine, dyed with picro acid, was fixed in front of the lens. This screen changed the picture that passed through the objective to a yellow color and softened the high lights of the painting to such an extent that the dark shadows gave up their detail just as rapidly as the bright places. The plate was prepared with blue myrtle chlorophyl in the emulsion, and this decreased its regular sensitiveness to at least 50 per cent.

Only one painting was photographed during the day.

Playing Whist for Money.

"Whist halls" are advertised in the eastern papers. These institutions are public resorts, where whist is played for prizes redeemable in money. Poker parlors are prohibited in large New England cities, but the whist hall is much in vogue.

New Zealand Buying Bank Land.

An Ingenious Treatment by which Drunkards are Being Cured Daily in Spite of Themselves.

No Noxious Doses. No Weakening of the Nerves. A Pleasant and Positive Cure for the Liquor Habit.

It is generally known and understood that drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquor, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "HOME GOLD CURE" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkards into sober, industrious and upright men.

WIVES CURE YOUR HUSBANDS! CHILDREN CURE OUR FATHERS! This remedy is in no sense a nostrum but a specific for this disease only, so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this precious remedy, and as many more have been cured and made temperate men by having the "CURE" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today they discontinued drinking of their own free will. DO NOT WAIT. Do not be deluded by apparent and misleading "improvement." Drive out the disease at once and for all time. The "HOME GOLD CURE" is sold at the extremely low price of One Dollar, then packaged within reach of everybody's treatment more effectual than others costing \$25 to \$50. DR. TAFT BROS.' MEDICINE CO. Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 19th Street, New York. I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. A feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,
O. D. PHILLIPS, M. D.

DR. TAFT BROS.' MEDICINE CO. Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed.
