GIVE THANKS.

Before the next issue of the PRESS the annual Thanksgiving day will have passed. A little retrospection will enable any one to see much cause for thanksgiving. Not only the material prosperity which has come to the country and the peace and happiness which it in general entails, but in the lives of each one there should be something to call forth thankfulness. Homes may have been invaded by sickness and death and family circles which a year ago gathered around a bountiful table may have been broken and a vacant chair mark the place where a loved one then sat, but this is incident to life, and while it may cast a gloom should not obscure the cheer which the many kindnesses showered on us during the year have brought. We too often forget our numerous blessings because we become absorbed in some sorrow which may have been sent for our chastisement. For our homes, for our friends, for the comforts we enjoy, for life and health we should render thanks. It may not have been given us to lay by much store of wealth, but wealth does not always bring contentment and happiness. Let us remember that we are only voyagers passing over the ocean of life and give thanks that we are yet afloat on its broad bosom.

"Ships that pass in the night and speak each other in passing, Only a signal shown and a distant voice in the darkness; So on the ocean of life we pass and speak one another, Only a look and a voice, then darkness again and a silence."

TETANUS FROM VACCINATION.

The recent scare in Camden, N. J., and some other places because of tetanus or lockjaw following vaccinations has resulted in reviving the controversy over that method of preventing smallpox. A careful investigation should be made in the interest of the public to determine if possible where the trouble lies. The form of tetanus characterized by rigid spasmodic contraction of various muscles is now regarded as due to a characteristic microbe normally present in the soil and introduced into the body through cuts, lacerations, etc. In Philadelphia where more than a million residents have been vaccinated not one case of tetanus has resulted. If the disease follows vaccination it must be either because of impure virus or because the germs are taken in the system through the wound accidentally. It is known that wounds in the feet are most conducive to lockjaw and soils in certain localities appear to be more infested with the germ than in others. If the virus is pure, and tests will determine this, and proper precautions are taken there is not the slightest danger in vaccination.

Hunters bringing game from New Jersey here and those shipping or carrying game out of this state are well known to the authorities, and they are not ignorant of the laws in force. It called on to respond for violations they will have no excuse except their cupidity to get away with the contraband articles.

The display of ladies' gowns outside the finest coats of the horses at the show in New York this week. That seems to be the principal object of it, anyway.

THE CHURCH COLUMN

(By Rev. C. R. Schuler.)

The topics for next Sabbath are, "The Joy of the Lord," and "Full Pay."

There will be preaching at Union next Sabbath afternoon.

The revival services are increasing in interest. The unsaved are turning to the Lord. These meetings will continue for another week. "Come up to the help of the Lord, to the help of the Lord against the mighty." There are those who are afraid of the meetings—moral cowards, who do not dare put themselves under the influence of the gospel lest they be persuaded to do what conscience tells them is right, and who have not courage enough to do right in the face of the mockery of the world. Cowards, your day is coming. "Whatever a man soweth that shall he also reap." "With what measure ye meet it shall be measured to you again." How will you dare go into the presence of God with a life of sin and mockery behind you?

The service next Sabbath morning will be a Thanksgiving service. The art them for the service is by Gabriel. This season should be one of great joy. As we meditate on the glories of this great republic, as we think of its birth in the sacrifice of our early fathers, and its preservation by the life blood of their sons, as we enjoy the blessings of peace and plenty, and as in anticipation we look into the future, we have great reason to rejoice and be glad. Shall not Thanksgiving season be the best in our lives because we have "the joy of the Lord" filling our hearts?

It was with great pleasure that we witnessed the cordial reception given to Mr. Smead last Tuesday evening. We believe that this is only the beginning of a most joyous season for both pastor and people. We have found that the experience of others is our own—the longer we stay in Milford the better we like the place and the people. It is our belief that Mr. Smead will have the same experience.

Study of Soils.
The investigations on agricultural soils which are being conducted in this country are probably unsurpassed in quality and extent by those of any country, unless it be Russia, where a very systematic and extensive line of investigations, including a survey and classification of the soils of the whole country, has been in progress for a number of years, says the Popular Science Monthly. The work in this country has been carried on mainly by a number of the agricultural experiment stations and the divisions of soils of the national department of agriculture. The report of the field operations of the division of soils for 1899, by Prof. Milton Whitney and a number of his assistants, lately issued, is a report of progress in surveying the soils of the United States. During the year areas aggregating about 750,000 acres were studied in the field and mapped.

Granite Block Weighing 1,400 Tons.
The largest block of granite ever quarried by being used in the construction of the Beachy Head lighthouse, England. It comes from Cornwall, weighs 1,400 tons and is 68 feet long, 20 feet wide and 14 feet deep.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already. Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion. Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however, you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its a-gracious taste will surprise you. SCOTT & BOWNE Chemists, 409 Pearl Street, New York.

An Ancient Foe

To health and happiness is Scrofula—as ugly as ever since time immemorial. It causes bumps in the neck, disfigures the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

"A bump appeared on the left side of my neck. It caused great pain, was itched, and became a running sore. I went into a general store and was persuaded to try Hood's Sarsaparilla, and when I had taken five bottles my neck was healed, and I have never had any trouble of the kind since." Mrs. K. T. Stevens, Troy, Ohio.

Hood's Sarsaparilla and Pills
will rid you of it, radically and permanently, as they have rid thousands.

OBITUARY

MRS. KATE BRODHEAD VAN WYCK.

After an illness extending over several months, Mrs. Van Wyck, widow of the late General Charles H. Van Wyck, died at her home here this Friday, morning November 22, at 3:15 o'clock, aged about 57 years. She was a daughter of the late John Heiner and Louisa Ross Brodhead, the names of her ancestors being distinguished on the pages of the political and military history of this state and of the country. Her father was a prominent official in this county, a member of the legislature and for many years in the government employ in Washington. Sept. 15, 1869, she married General Charles H. Van Wyck, who was conspicuous as an officer in the Civil war, was for four terms elected to congress from Orange county, N. Y., was state senator in Nebraska and United States senator from that state, and who died in Washington Oct. 24, 1895. Mrs. Van Wyck was a representative of the best type of American womanhood. Cultured and refined, of striking personal beauty, her grace of manner, cordial bearing and queenly dignity especially fitted her to fill with ease the high social position which the official station of her husband commanded. Of several children born of her marriage but one, Miss Happy Theodora, survives. She is also survived by one brother, Mark, of Washington and one sister, Mary, of this place. She was a sister-in-law of Hon. D. M. Van Anken and also of the late Rev. Hugh Smith Carpenter, a distinguished Brooklyn divine. The funeral will be held in the Presbyterian church Monday at 2:30 p. m.

Mr. Justin Lauchant in on a visit to Nyack, N. Y.

He was a man of excellent character and was greatly respected by all who knew him. He is survived by his widow and four brothers, Posten R. of Greene, T. L. and A. W. of Anstin, Potter county, and L. W. of Middletown, and one sister, Elizabeth McMunn, of Orange county.

It is reported that Amos H. Schoonover of Stroudsburg became temporarily deranged a few days ago and created considerable disturbance in his house.

The Truth of It.

"What! Still alive, Daniel?" exclaimed the king, when he visited the Jew's den that morning.
"Yes, thanks be to Heaven," replied the good man.
"Why don't you take credit to yourself?" retorted the king. "You are too modest."
"Perhaps, I suppose if I wasn't modest this floating would be the death of me."—Philadelphia Press.

Honesdale is quite happy again, that place having been made a storage point for coal by the Erie.

Recommend It to Trainers.

G. H. Hansen, Lima, O., Engineer L. E. & W. R. R., writes: "I have been troubled a great deal with backache. I was induced to try Foley's Kidney Cure, and one bottle entirely relieved me. Cornelius Smith, a prominent criminal lawyer of Scranton, is dead of heart disease at the age of 63 years.

Today take Foley's Honey and Tar. It positively prevents pneumonia, or other serious results from colds. It may be too late tomorrow. For sale at Armstrong's drug store.

As matter of curiosity it would be interesting to know just the condition of King Edward's health. Cancer has nearly killed him and several other diseases, according to the reports, claim credit for destroying his hopes of life. Now they say he is in excellent health. Is there a ring of stock jobbers at the bottom of all these different assertions or what is the point, anyway, if not to print sensational dispatches?

Seymour Webb, Moira, N. Y., writes: "I had been troubled with my kidneys for twenty-five years and had tried several physicians but received no relief until I bought a bottle of Foley's Kidney Cure. After using two bottles I was absolutely cured. I earnestly recommend Foley's Kidney Cure." Take only Foley's. For sale at Armstrong's drug store.

Rheumatism Can Not Be Cured

Prominent Physicians Everywhere Assert that Oils and Liniments Have No Value Whatever.

Local applications of oils or liniments never cured a genuine case of Rheumatism and never will; because Rheumatism is a blood disease and must be eradicated by a constitutional treatment. To Dr. A. B. Clark, the celebrated specialist, more than to any other living physician, is the honor due of having discovered, as the result of many years of study and research, an absolute specific for the most aggravated form of Rheumatism, whether Acute, Chronic, Muscular, Sciatic or Lumbago, Rheumatic Gout, Neuralgia or Lumbago. This remedy is considered one of the greatest advances in Medical Science in recent years, and it will be gratifying to Rheumatics to know that there is now obtainable a remedy that cures after all else has failed. Dr. Clark's Rheumatic Remedy is now for the first time purchasable through his sole agents, the Clark Medical Company, Pittsburgh, Pa. A complete treatment will be mailed, postage paid, on receipt of One dollar, and so confident is the doctor that his remedy will do everything that he claims it will do—a confidence born of experience, observation and results of years of demonstration in cases considered incurable—that the company will refund the price paid in every case where Dr. Clark's Rheumatic Remedy fails to give the desired relief. Ordinary cases cured in a few days, chronic cases require longer but in every instance a permanent cure is absolutely guaranteed. Medical advice, and where necessary a special course of treatment indicated, furnished any of our readers who will write the Clark Medical Co., Pittsburgh, Pa., giving their symptoms and a short history of the disease. As this service is free no one afflicted with Rheumatism can afford to ignore such a generous offer. Agents wanted.
