THE GAMBLING SIN. Recently there have been reports of gambling for large stakes by wealthy and prominent men and women. These have since been denied, but even if not true the lie travels faster than the truth and many who read the accusations may never see or hear of the denial.

WILLIAMS' NEW PRESIDENT. Rev. Dr. Henry Hopkins, a son of the late president, Mark Hopkins, for many years president of Williams college, has recently been elected president of that institution.

In the death of Hon. Wm. H. Jessup at Saratoga last week the profession loses one of its most learned and painstaking members. He was profoundly versed in the law, broad in his views and his cross examinations of witnesses were keen in perception as to the questions involved.

Never thought of such a sign for a medicine did you? Well, it's a good sign for Scott's Emulsion. The body has to be repaired like other things and Scott's Emulsion is the medicine that does it.

These poor bodies wear out from worry, from overwork, from disease. They get thin and weak. Some of the new ones are not well made—and all of the old ones are racked from long usage.

THE CHURCH COLUMN. (By Rev. C. E. Bennett.) The topic for next Sabbath morning is, "Divine Reconciliation," and in the evening, "Consecrated Individuality."

At the teachers' meeting held after the Bible reading last Monday evening it was decided to have a pound party in the interest of the Sabbath school on Feb. 6. It was also decided to arrange for an Easter cantata to be given by the Sabbath school.

Rambler, in good faith, asks for an explanation of the difference between a church member and a Christian. Is there any difference? There is, for all church members are not Christians.

Woman's Duty to the City. "Every woman owes a duty to the city in which she lives. She should interest herself in its government. If she did there would be less sin, less crime, and more happiness in the great centres of population."

Here and there you might find an isolated case of a neglected home by the latter, but where you show me one such, I will show you a thousand where the women have been weaned away from the home by the demands of society.

The large number who attended the Bible reading last Monday night gave us a deep conviction that there are many who love the Word and are anxious to understand it. We repeat what has been said before, that these meetings are open to all and we trust that the attendance may increase and that the Bible may be to us a brighter light because we understand it better.

A cottage prayer meeting was held at the home of Miss Olmsted this week, and one will be held next week at the home of Mrs. Samuel Hunt on Water street on Tuesday evening. Our Water street friends are cordially invited.

Repairing Neatly Done. Never thought of such a sign for a medicine did you? Well, it's a good sign for Scott's Emulsion.

These poor bodies wear out from worry, from overwork, from disease. They get thin and weak. Some of the new ones are not well made—and all of the old ones are racked from long usage.

Scott's Emulsion fixes all kinds. It does the work both inside and out. It makes soft bones hard, thin blood red, weak lungs strong, hollow places full. Only the best materials are used in the patching and the patches don't show through the new glow of health.

The American Girl. This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 409 Pearl St., New York.

An Ancient Foe. To health and happiness is Scrofula—so ugly as ever since time immemorial. It causes bumps in the neck, disfigures the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

Hood's Sarsaparilla and Pills will rid you of it, radically and permanently, as they have rid thousands.

Woman's Duty to the City. "Every woman owes a duty to the city in which she lives. She should interest herself in its government. If she did there would be less sin, less crime, and more happiness in the great centres of population."

When it must be laundered, use some good white soap and warm (not hot) water. Get it washed, rinsed, starched and put on the line, as soon as possible. Hang it by the bottom of the front breadth; this will help to overcome the tendency to sag in the back. Do not sprinkle it till an hour or so before you iron it.

Rev. J. M. Yingling, pastor of the Bedford St. M. E. Church, Cumberland, Md., says: "It affords me great pleasure to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used it and know others who have never known it to fail."

Mrs. Dr. Kenworthy is spending the week in Brooklyn, N. Y. A recent census shows that Port Jervis has a population of 9,158. Today appears like spring. It is likely the January thaw coming on. Sam Detrick this week purchased the large gray horse of Mitchell Bros.

The Rebekahs will have an initiation and afterwards a supper this evening. Henry S., the young son of Dr. and Mrs. R. G. Barekley, is very ill with pleuro pneumonia. Godfrey Wieland of Montague will kill his pet bear next Wednesday. Brin has a bad habit of wandering off and frightening timid people.

KIMBLES. If the Sandyston correspondent will get the United States official postal guide for 1901, on page 1066 he will find the law in regard to postmasters' fees for executing pension vouchers.

ADDIE AND FRED EDWARDS OF Port Jervis visited relatives at this place last week. E. S. Jones of Saratoga spent a few days last week with M. C. Rowland looking after his lumber business.

A. S. Hetzel is spending a few days with relatives at Gulf Summit. Mrs. E. W. Cole of Port Jervis is spending a week here with her daughter, Mrs. A. S. Hetzel.

GREEN TOWN. Mrs. John Lancaster, who some time ago broke her hip, is in a critical condition. S. H. Hazleton is suffering from a severe attack of pneumonia. Frank Ryan, who is putting to launch with the help an industrial lot of men and teams, is moving about one hundred thousand feet daily. Floyd Frieble is sealing the logs.

There seems to be some question on account of smallpox but we trust that it will come no closer than it is now. Census Notice. The republican caucus to nominate a ticket for the borough election Feb. 15 will be held at the home of the republican club on Hartford street Saturday, January 25, at 8 o'clock p. m.

CLARENCE ANGLE, Committeeman. Jan. 17, 1902—1-34. The American Girl. The American Girl is as good as her name.

READY-MADE WRAPPERS. Some Points on the Purchased Garment and How to Make It Wearable. The wrappers one can buy all made are very convenient, but they are not always satisfactory. They fade, they do not hang well and they do not stay together in front. By using judgment and spending a little time, these objections may be overcome.

In choosing a wrapper, select one that is made simply and of a color not likely to fade. The indigo-blue and white ones are more to be depended on than most. The red ones are good, but they nearly always stain.

When it must be laundered, use some good white soap and warm (not hot) water. Get it washed, rinsed, starched and put on the line, as soon as possible. Hang it by the bottom of the front breadth; this will help to overcome the tendency to sag in the back. Do not sprinkle it till an hour or so before you iron it.
