J. H. VAN ETTEN, PUBLISHER, Milford, Pike County, Pa.

The republicans of the borough have nominated an excellent ticket, and taxpayers who have the best interests of the town at heart should prefer a careful, conservative council to one which may add much to its burdens. There are improvements needed in several directions if we desire to retain the patronage of city guests, and they are the chief source of income to many here, and those improvements should not be crippled or hindered by increased outlays in one.

King Edward will permit the favored ones to kiss his hand, and possibly some American toadyists will avail themselves of the gracious privilege, but no self-respecting citizen of this country could hardly do so. There are plenty of people who would prefer to shower their osculatory attentions on the Pope's toe, but when it comes to kissing there is no accounting for tastes, as the old woman said.

A marriage license was granted Britton Thomas and Anna Van Tassel Feb. 12.

Mrs. Mary Newman is quite noticeably ill and is being attended by her daughter, Sarah, who was housekeeper for Miss Mary Wells. In consequence Miss Wells is residing with the family of her brother, Henry B.

Mrs. Kathryn St. John of Port Jervis has been elected first vice president of the New York state musical association. Her talents as a director and her excellent voice make her well worthy this distinguished consideration.

The City Savings Bank of Detroit, Mich., closed its doors Monday. The vice president, Frank C. Andrews, was allowed by the auditor to overdraw his account one million dollars, which was lost in speculation and mentioned the collapse. Andrews made this statement which teaches a pregnant lesson: "Young men can point to me as an example of the result of the speculative mania." He is now in jail.

Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also. Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

It has been a long time since we have seen without Hood's Sarsaparilla. My father thinks he could not do without it. He has been troubled with rheumatism since he was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable him to take his place in the field. Miss Ana Dove, Sidney, Iowa.

Hood's Sarsaparilla and Pills

Remove the cause of rheumatism—no outward application can. Take them.

THE CHURCH COLUMN.

(By Rev. C. E. SCUDGERS.) The topic for next Sabbath morning is "The Conquest of Truth" and in the evening, "Our Master."

We are glad to hear that our people were well fed with the word of truth last Sabbath evening. It is extremely pleasant to be in the hands of the gripper, but it is gratifying to know that the work goes on.

The entertainment in the interest of the Sabbath school last Thursday evening was a very pleasant affair, especially the pictures seen in the megalethoscope. It will be a pleasure that all will seek to see the remaining scenes when Mr. White gives the opportunity.

The writer has been elected leader of 7th group of Epworth League of the Jersey City district. There are twelve charges in the group. A meeting in the interest of Epworth League will be held at Port Jervis some time early in March if a suitable speaker can be secured.

This coming week we will begin our rehearsals for the Easter cantata to be given at the church some time during passion week. All those in our Sabbath school, to the number of fifty, are needed to make this the success that we desire. We expect to have a chorus of that number.

Joseph A. Buckley, who went from Delaware township to Washington to locate, where his sons are prosperous business men, writes to a friend that the climate there has been unusually severe this winter. He was about to plough his garden for planting but a cold snap postponed operations. He is suited with the country, however, and well satisfied with his prospects.

A destructive fire visited Paterson, N. J., last Sunday burning twenty-six blocks in which were several churches, the public buildings, several banks, and many dwellings. The total loss is estimated at about eight million dollars on which there was an insurance of about five million dollars. The numerous factories in the city were not burned so there will be no loss in employment of hands.

KICK A DOG

Kick a dog and he bites you. He bites you and you kick him. The more you kick the more he bites and the more he bites the more you kick. Each makes the other worse. A thin body makes thin blood. Thin blood makes a thin body. Each makes the other worse. If there is going to be a change the help must come from outside. Scott's Emulsion is the right help. It breaks up such a combination. First it sets the stomach right. Then it enriches the blood. That strengthens the body and it begins to grow new flesh. A strong body makes rich blood and rich blood makes a strong body. Each makes the other better. This is the way Scott's Emulsion puts the thin body on its feet. Now it can get along by itself. No need of medicine.

The picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 109 Pearl St., New York 30c. and 5c. all druggists.
