SANDYSTON.

The vendor of William Van Gordon on the Prelmore farm in Montague was largely attended on the 25th. Despite the steady down-pour the seekers after bargains bravely stood their ground until the sale was over.

The musicals of Mrs. Dr. Hughes on the 25th. was well patronized and the receipts were quite \$300. I shall not particularize but will say that each performer did exceedingly well and the pieces rendered were loudly applauded.

Opinion on the merits and demerits of the Travis case up in Montague are being freely discussed. But town meeting is at hand and the question of who shall fill the office is dropping the Travis case out of sight. However, politics is not heating up very much yet and may be the best men win.

The marriage of William Boyan to Miss Emma Mering took place on the 20th at the residence of the bride in Walpack. It is rumored that Mr. Boyan will go to farming this spring.

I notice that some American newspapers are inclined to find fault that we are overdoing the matter in fettering Prince Henry of Prussia so much. Well, it is a satisfaction to know that when our officials undertake to spread themselves in the way of giving a prince a good time they can do it better than any other country and we are doing just that.

The dance at the Hainesville hotel on Thursday evening drew quite a crowd but the bad conditions of the roads deterred many from attending.

Word was received here on Saturday that the little son of Frank McKeoby had died of measles at the hospital in New York. About two weeks ago little Frank was taken to the hospital and after a careful examination the doctors assured Mrs. McKeoby that her son could be cured. But measles broke out in the hospital and his weakened frame could not withstand the disease. Mrs. McKeoby arrived at home on Monday evening with the body.

Some time ago the Pennsylvania railroad formulated a pension system for its aged and worn out employes and I am glad to note that the D. L. & W. has followed the excellent example set by the former road, and it certainly must benefit the road by having good men from trackmen to engineer.

Mrs. Mary A. Litts of this town died on Feb. 22 and on March 1, just one week later the Prudential insurance company of Newark paid her heir the insurance on her life in that company. This is certainly prompt and is praiseworthy on the part of the company. The amount paid is \$105.

Blue birds were seen here on Saturday last and robins on Monday, but I am afraid they will find pretty cold weather little later on.

"The constitutionality of the Roe lake and park bill was argued before the New Jersey Supreme court one day last week. A decision will not be given on the matter until 'opinion day' in June next," so says the Sussex Independent. It is a satisfaction to know that something is being done and that the question will soon be settled one way or the other.

The heavy rains of the past week have washed the roads so badly in places that they are almost impassable. The committee should order the overseer to repair them at once or at least make them safe for the traveling public. \$1,500 is the amount asked for roads this year and it will need that amount, if not more.

The Bevans crematory will open for business about April 1, and from what I hear will be more generally patronized than it was last year. Now if that D. V. R. R. will only hurry up and come through we will be right in it.

At the flood on Saturday morning when the river was at its highest a few minutes before 9 o'clock Mr. Miller, the bridge tender, says the water was about 13 inches above the highest point of last December. The streets and sidewalks were flooded in the village and cellars filled. Some of the families had to be taken out of their homes in boats.

They stopped at Bell's Island to view the scenery. While there they heard the squeak of a pig and in behind a mountain of ice they found it and succeeded in landing it in their boat. When out in mid-stream the pig suddenly jumped out taking Mr. Conklin with him. The latter clung to an ear and Mr. Driller assisted him back into the boat. DINGMAN'S FERRY.

The fence club recently discussed the result of the late election and concluded that two good practical supervisors, Hood and Schreiber, had been elected and it was hoped the two new ones would prove equally intelligent.

Some begin to think it an error to elect overseers of the poor residing at a considerable distance apart. Indigent travelers must be cared for but tramps may not have a paradise here next summer for both the overseers are upright men. It might be advisable to elect men living so far from the public highways that the Westy Williams could not find them.

There was lots of snow to shovel last week and the supervisors had a busy time. Much could be saved by building wire fences along the roads where liable to drift, in fact enough in one season to nearly pay the expense.

The speaker in the Stroudsburg Times three weeks ago is excusable for treating the scene of Lloyd's book in Pike county. Probably he knows some people up this way.

Complaint is made because of special road tax every year. Twice during the last blizzard the banks had to be shoveled out. People must have roads but wire fences would obviate many drifts and if the road masters were urged to build them by interested taxpayers they might do so. The shovel brigade would of course object.

It is a great relief to buy coal at Bushkill because so much easier to haul.

Probably the railroad will haul lime next summer so farmers can procure it at a reasonable price and without so much labor in hauling.

We are hoping for a dawn of prosperity down here when the road comes up the river. More summer boarders and an outlet for our produce.

Get the Best

People that buy are entitled to the best and in the long run the best is the cheapest. When you go to a druggist to get some cough medicine ask for Mexican Syrup, the most lasting and quickest cure for coughs and colds, and a proven remedy for consumption. Read testimonials on wrapper around a twenty-five cent bottle.

Ignorance No Good Excuse.

A mother has no right to be ignorant of symptoms that tell as plain as day her child has worms. She should know when the child is pale, looks sickly, acts tired, seems peevish, has swollen eyes and a nervous expression, that worms are the cause. A safe, unailing and nice tasting remedy is Mother's Worm Syrup. Only twenty-five cents a bottle, and so good that children ask for more.

Good Health.

A person generally enjoys good health, whose bowels are accustomed to easy evacuation each morning. If bilious or constipated, use Gooch's Mexican Kool Pills. They help but never grip or weaken.

The Happy Man.

The happy man is he who knows what he ought to know, and who knowing Gooch's Quick Relief cures internal ache and external pain, insists on his druggist keeping it for sale. Price 25 cents a bottle.

Blood Poison.

As the violence of blood poison increases, sores may break out anywhere, every nerve and bone may ache, the skin peel off in patches, the hair fall out, and the nervous system become shattered. The use of Gooch's Sarsaparilla will at once lessen the activity of the disease, and eventually drive it entirely out of the system. Buy a bottle and read the many testimonials of cures printed on its wrapper.

Pile-line Cures Piles!

Money refunded if it ever fails. ANTI-AGE cures chills and fever.

Coughs

"My wife had a deep-seated cough for three years. I purchased two bottles of Ayer's Cherry Pectoral, large size, and it cured her completely."
J. H. Burge, Mazoo, Cal.

Probably you know of cough medicines that relieve little coughs, all coughs, except deep ones! The medicine that has been curing the worst of deep coughs for sixty years is Ayer's Cherry Pectoral.

Foley's Honey and Tar
cures colds, prevents pneumonia.

The Clatsop property on Kidd's street was sold at auction Saturday. Robert Danloy was the purchaser. It brought \$311.

William Hackett of Rutherford, N. J., spent a few days recently in Matamoras.

Fred Driller and Charles Conklin of Matamoras launched their boat, "The Meteor," at Ephraim Shay's at 2.30 p. m. Sunday. They had a speedy ride down the river. They stopped at Bell's Island to view the scenery. While there they heard the squeak of a pig and in behind a mountain of ice they found it and succeeded in landing it in their boat. When out in mid-stream the pig suddenly jumped out taking Mr. Conklin with him. The latter clung to an ear and Mr. Driller assisted him back into the boat. They were washed for the pig for a long time but he did not make his appearance. They landed at Milford at 4.30 p. m. The gentlemen were in search of Leroy Kimbell, who was drowned in the Delaware river on Saturday afternoon.

DINGMAN'S FERRY.

The fence club recently discussed the result of the late election and concluded that two good practical supervisors, Hood and Schreiber, had been elected and it was hoped the two new ones would prove equally intelligent.

Some begin to think it an error to elect overseers of the poor residing at a considerable distance apart. Indigent travelers must be cared for but tramps may not have a paradise here next summer for both the overseers are upright men. It might be advisable to elect men living so far from the public highways that the Westy Williams could not find them.

There was lots of snow to shovel last week and the supervisors had a busy time. Much could be saved by building wire fences along the roads where liable to drift, in fact enough in one season to nearly pay the expense.

The speaker in the Stroudsburg Times three weeks ago is excusable for treating the scene of Lloyd's book in Pike county. Probably he knows some people up this way.

Complaint is made because of special road tax every year. Twice during the last blizzard the banks had to be shoveled out. People must have roads but wire fences would obviate many drifts and if the road masters were urged to build them by interested taxpayers they might do so. The shovel brigade would of course object.

It is a great relief to buy coal at Bushkill because so much easier to haul.

Probably the railroad will haul lime next summer so farmers can procure it at a reasonable price and without so much labor in hauling.

We are hoping for a dawn of prosperity down here when the road comes up the river. More summer boarders and an outlet for our produce.

KIMBLES.

B. Hoffman of Hawley visited his niece, Mrs. J. S. Kirby, in this place last Saturday.

Charles Perry moved from Long Eddy last week into one of E. S. Jones' houses at Baisden, near this place.

E. A. Jones of Scranton was a caller at M. C. Rowland one day last week.

The flood last Sunday was two feet higher than the flood in December. It overflowed Lot Daniels' flats and took away the fence along the river and washed out the township in two or three places between here and Hawley.

Get the Best

People that buy are entitled to the best and in the long run the best is the cheapest. When you go to a druggist to get some cough medicine ask for Mexican Syrup, the most lasting and quickest cure for coughs and colds, and a proven remedy for consumption. Read testimonials on wrapper around a twenty-five cent bottle.

Ignorance No Good Excuse.

A mother has no right to be ignorant of symptoms that tell as plain as day her child has worms. She should know when the child is pale, looks sickly, acts tired, seems peevish, has swollen eyes and a nervous expression, that worms are the cause. A safe, unailing and nice tasting remedy is Mother's Worm Syrup. Only twenty-five cents a bottle, and so good that children ask for more.

Good Health.

A person generally enjoys good health, whose bowels are accustomed to easy evacuation each morning. If bilious or constipated, use Gooch's Mexican Kool Pills. They help but never grip or weaken.

The Happy Man.

The happy man is he who knows what he ought to know, and who knowing Gooch's Quick Relief cures internal ache and external pain, insists on his druggist keeping it for sale. Price 25 cents a bottle.

Blood Poison.

As the violence of blood poison increases, sores may break out anywhere, every nerve and bone may ache, the skin peel off in patches, the hair fall out, and the nervous system become shattered. The use of Gooch's Sarsaparilla will at once lessen the activity of the disease, and eventually drive it entirely out of the system. Buy a bottle and read the many testimonials of cures printed on its wrapper.
