SANDYSTON.

The attendance at the Fisher school along the river having dwindled to one or two pupils a day, it was closed on Tuesday of this week upon suggestion of Supt. Hill. The ten river schools, as we call them, will not make a fair sized school when combined. A few years ago they were put together but a few prevailed upon the board of education to reopen the upper school. The building needed extensive repairs besides new books, together costing a sum of \$400 and thus weakening both schools and costing the town over \$400 per year and— for nothing. With the \$500 voted for books this year and other expenses may cause the taxpayers to ask why this was done. Those two schools should be consolidated, the sooner the better.

I hear of no great catches of trout being made although a number have tried their luck. The general opinion is that the fish are not in the streams. Stocking the streams and lakes has no effect in increasing the number of fish for in fact fishing is poorer now than it was 30 years ago and yet the state keeps on stocking here and there a stream or pond and that is all it amounts to. Garden making is in order just now and occasionally one has completed planting everything but a majority are going slow and waiting the coming of summer weather.

Arbor day was celebrated by nearly all of our schools but so far as tree planting is concerned the day is a farce. With hardly an exception our school grounds are mostly road and there is no room for trees. Hasten the day when each township will have only one central school and appropriate school grounds, and that day is not very far away.

The school of Miss Ella Hursh a short distance back of Dingmans closed on Friday last. The exercises of the last day were of a pleasing character to the pupils. Prizes won during the term were presented and each pupil received a neat sack of candy, etc.

The Silver Spring creamery at Bevans has reopened for business and I am glad to note with an increased supply of milk. There is no reason why it should not be liberally patronized as its operations of last year were satisfactory to its patrons.

DINGMAN'S FERRY.

A feeling of deep sorrow was manifested by every person in this community Saturday morning last when the news spread throughout the neighborhood that Hon. Jacob B. Westbrook had departed this life at an early hour that morning, and that sadness will be felt for a long time to come by his many warm friends who will nevermore hear his obsequious greeting, receive timely aid from his helpful hand and be guided by his prudent counsel.

Mr. Westbrook was taken sick several weeks since and at length it was deemed advisable for him to go south in the hope that a change of climate would be beneficial, and accompanied by his faithful wife he sailed thence, but on reaching Philadelphia he was prevailed upon to enter a hospital and place himself under the care of a specialist. Here for a brief period he apparently improved but after a few days he began to fail rapidly and it was thought better that he should go further southward and in company with his wife and Dr. H. E. Emerson and wife made a start thence but on reaching Old Point Comfort he became so very ill he desired to return immediately to Dingmans and he was brought home via New York, reaching this village on Thursday night in a semi-unconscious state. He lay quiet until Saturday morning when death ended his suffering.

Deceased was born in Delaware township forty-nine years ago on the 9th of April and grew to manhood on the farm upon which he was born, attending the Centre school during the winter terms and following farming in the summer time until he reached manhood. Afterward he attended the Eastman business college at Poughkeepsie, and later secured a position as telegraph operator at Pittsburg, but in a few years he returned to Dingmans where he engaged in the mercantile business in which he proved eminently successful and accumulated a snug fortune.

While still a young man he entered politics by being elected town clerk and then steadily rose in that line, being twice elected county treasurer and finally being honored by being sent as representative to the state legislature and was a member of that body when he died. He was also secretary of the Delaware school board for several terms.

Mr. Westbrook was a thorough business man and politically was a strong democrat, and has been for a long time a recognized power in the county democracy.

Several years ago he married Kate, daughter of James H. Cole of Bushkill, and is survived by her and his daughter, Ella, and son, Philip. He is also survived by his brother, Isaac V. Westbrook of Lehman, and two sisters, Mrs. Sarah Hornbeck, widow of Obadiah Hornbeck of Lehman, and Mrs. Susan Hornbeck, wife of Hon. E. Hornbeck of Philadelphia.

The funeral took place from the residence of the deceased on Tuesday afternoon and the interment was in the Dingman cemetery.

W. H. Layton has removed from Long Meadow to his place near Centre.

Constable Charles Person had a large force of men out fighting a forest fire which started last Saturday at Snyder's saw mill near Smith's meadows and was not checked until it reached Adams near Silver Lake. The fire did great damage all along its path destroying timber and Tenos. It is said the fire started in a log heap near the saw mill and that there was more or less carelessness connected with its origin.

E. D. Emery of Henschville was in town recently on business.

Albert Simpson of Lehman spent a day with his daughter Mrs. Howey, here lately.

A birthday party was tendered Miss Etta Crane last Monday at Mrs. Judd's.

John Shepherd purchased a horse last week.

WOODTOWN.

Early this week a party of young people for want of other amusement visited a rattlesnake den near Boston Hook. There was nothing doing there yet but they saw the bones of a large deer near the den. Deer kill snakes by jumping on them and this noble animal while killing one must have been bitten by others.

Ex-Sheriff E. Vandermark has finished his hoop pole business at this place.

Victor Swozy has moved from Parker's Glen to Schenectady, N. Y., at which place he has accepted a position with another stone company.

With the thermometer last week standing at 82° in the shade and rhubarb pie for dinner we felt that spring had fully arrived.

You will never wish to take another dose of pills if you once try Chamberlain's Stomach and Liver Tablets. They are easier to take and more pleasant in effect. They cleanse the stomach and regulate the liver and bowels. For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

Something Good.

So many go to their druggists and merely ask for "something good" for a cough or cold. Now if the druggist has several remedies he certainly will sell the one that does not cost much. When you go to a drug store better know what you want. Ask for Mexican Cough Syrup if you want the nicest and quickest cough cure twenty-five cents will buy. Take no other.

Terrific Neglect.

If a mother through ignorance or otherwise fails to give her child some Mother's Worm Syrup, when the little one by his coated tongue, by its insatiable eyes, by its puny form, pale skin, listless movements, variable appetite, etc., shows that it has worms, is she not guilty of terrible neglect? Mother's Worm Syrup only costs 25 cents and never fails to destroy and expel all intestinal worms.

Sick Headache.

Pity the man, pity the woman, that suffers from sick headache, sometimes so bad they can hardly sleep. The best way to cure sick headache is to remove the cause by taking a Mexican Root Pill. This cleanses the system of all effete matter, driving out through the bowels the irritating influences so aggravating to the brain and nerves. Price 25 cents.

Conquer Pain.

You Should Know.

That your blood is impure, when a slight bruise or cut makes a sore that hails most aggravatingly slow. Your blood is bad if you are easily chilled.
