REPUBLICAN COUNTY TICKET

For Prothonotary, Register and Recorder, VICTOR COREY of Greene. For County Commissioner, PIERRE M. NILIS of Milford borough. For County Treasurer, ROCKWELL G. HEIDENHALL of Matamoras.

ELECTION OF DELEGATES The situation so far of the delegates elected to the republican state convention are substantially as follows: Elk 90, Pennypacker 19, Watres 14, un-instructed 62. Eighty-six are yet to be elected from Philadelphia. Outside of Philadelphia there are 85 to be elected. Should Pennypacker secure the 86 in Philadelphia he would have 105 and would need 75 of the 85 yet to be elected to make his nomination. Elk needs all the 85 yet to be elected in the rural parts of the state and five more to be nominated. No one supposes that he can secure all the 85 but if he can get a good majority of them the 82 uninstructed might play an important part in the contest.

Presbyterian Chronicals

(By Rev. E. M. Smeal.) This, Friday, evening preparatory service will be observed in the church prayer room at which it is desirable that all members of the church and those proposing to unite with us on next Sabbath be present. At the close of this service there will be a meeting of the session. Let all remember this meeting in their prayers and in their attendance.

Next Sabbath morning the regular quarterly communion service will be observed and those who present letters or who come on profession of their faith will be received in the church. Appropriate themes will be discussed at both services.

It was with great appreciation and pleasure that we had the veterans of our civil war with us last Sunday evening. The ranks are being rapidly depleted by the ravages of time but those survivors who gather in our churches annually bring us inspiration toward true patriotism and devotion to the God of all nations. May these ranks and files be well represented on that last grand and fit day when all the nations shall pass in review before the throne of the Great Captain, the King of kings and the Lord of lords.

Last Monday afternoon the pastor attended the ministers' meeting in Fort Jervis. The topic was not of a theological nature and therefore of interest to all. For this reason we speak of it. "The Relation of Ethics and Religion to Education" was the theme and the Rev. Symonds read the paper. The clergy present agreed in holding fathers and mothers responsible for the ethical and religious training of the children. References were aptly made to the old Jewish customs as well as to the modern methods followed in Scotland. This is a great and most important theme. Do our children get all the training they ought to have in our public schools? Are we not weakening the very foundations of our national life by absolutely excluding the Bible and all religious exercises from our public schools? We most certainly think so. And in reply to any query that would arise as to the remedy we would say that the Bible should be read as literature, if nothing more, in our public schools and furthermore the highest ideals should be taught the children in their relations to one another. Honesty in study, recitation and examination should be inculcated both by precept and by the many and womanly example of instructors. The public school is one of the mighty bulwarks of American civilization. May God deliver us from the retrogression that is so atrociously and persistently setting in. Let us have public men and public schools that are Christian and moral that the rising generation may be properly trained to advance the American ideal which inspired our fathers and mothers.

Next Tuesday evening at 7.30 will occur the installation of the pastor of our church. May this be made a memorable event in our church history for this year. The programme so far as it can be made out at present is given below in full: Organ Prelude, "Magnificat," Clarks, Miss Blanche Cross, organist. Invocation by a visiting clergyman. Hymn No. 354. Scripture Lesson, selected. Solo, "The Golden Threshold," Lohr, Mrs. Seelye. Prayer by a member of Hudson presbytery. Hymn No. 351. Sermon by the Rev. J. L. William Hones of Roscoe, N. Y. Solo, "Save Me, O God," Randerger, Mrs. von der Heyde. Constitutional questions, the Moderator of Hudson presbytery, Rev. L. William Hones. Charge to the pastor, the Rev. Frank E. Taylor, Otisville, N. Y. Solo, "Beyond the Gates of Paradise," King, Mr. George Bull. Charge to the people, the Rev. David E. Bonner, D. D., of Florida, N. Y. Ordaining prayer, the Rev. Theron Britton of Middletown, N. Y. Hymn No. 306. Benediction, the new pastor, Rev. E. M. Smeal. Organ Postlude, Miss Blanche Cross.

The Ladies' Aid Society of the Presbyterian church will hold a STRAWBERRY & ICE CREAM FESTIVAL on Thursday evening, June 12, 1902, in the basement of the church.

All are cordially invited.

Methodist Church Jottings.

(By Rev. C. E. Soudner.) The presiding elder, Dr. J. R. Wright, will preach next Sabbath morning. His sermon will be of a memorial character. All those interested in this theme, as we all should be, are especially invited to attend. Dr. Wright, as many of us know, is a very able preacher and an enthusiastic patriot. He will give us a rare treat. The anthem for the day is "Scatter the Flowers of May." The evening topic is "Growth in Grace."

The writer will be away on the second and third Sabbaths of June, visiting his parents, who live at Roxbury, N. Y. In the morning of these Sabbaths a prayer service will be held. On the evening of June 5th the regular Children's Day service will be held. On the evening of June 15th our people are urged to unite with the Presbyterian congregation and hear Mr. Smeal. We are glad that we can commit the feeding of our flock to so able a shepherd as Mr. Smeal is proving himself to be. Our best wishes and sincere prayer are that this service may be of mutual spiritual profit.

We desire to express our hearty thanks to the Ladies Aid society for the extensive improvements made in the parsonage. Our special thanks are due to the committee that had this work in charge, namely, Mrs. Thomas Armstrong, Mrs. Fred Gumbie, and Mrs. George Smith. The communion service last Sabbath morning was the largest that the writer has witnessed in this place. It was a very helpful service and argues well for the spiritual life of the church. Three were received in full communion, Mrs. Louis Wagner, Miss Alameda Boyd, and Miss Eva Hotalon. We trust that each communion service may see new accessions to the church that its growth may be numerical and spiritual, and that this growth may be constant.

Dewitt C. Flannagan of Morris-town was nominated this week by the democratic convention at Flemington as a candidate for congress for the fourth New Jersey district. The Matamoras gas company, capital \$1000, was chartered at Harrisburg this week. It is reported that Miss Lillah St. John of Fort Jervis and B. F. Larnoe of Suffern, N. Y., have announced their engagement. The fiancee, Miss St. John, is well known here where she has appeared several times in musicals as a violinist with great credit to herself and pleasure to her hearers.

An examination for teachers' permanent certificates will be held in the high school building here June 17 by the committee, Prof. John G. Watson, Miss Minnie Van Akin and Miss Anna Madden. Those contemplating taking the examination should write the county superintendent for blanks and instructions.

Until a short time ago a very peculiar post office was used in Argyleville, England. It was situated in the lonely hills between Drimmin and Barr, three miles from any habitation, and consisted of a simple slit in a rock, closed up by a nicely-fitting stone. When any letters arrived at Drimmin for the district of Barr they were conveyed to the rock by the first shepherd or crofter going so far. Having been dropped in and the slit reclosed, they were left until a shepherd or crofter from the other side happened to come along, when they were taken up and delivered at their due destination. No letter was ever known to be lost at this primitive post office.

At Harra, Shetland, an old tin canister, made water-tight with seaweeds and pitch, was once picked up on the shore. It contained ten letters, with the correct cash for postage. With these was also a letter for the sender, urgently requesting the posting of the accompanying missives, as they were important business communications. After the letters had been carefully dried they were at once posted to their destinations, which they reached without further adventure.

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring. The blood is impure, weak and impoverished - a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today. Hood's Sarsaparilla has been used by our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit. Miss Bertha Boring Stone, N. Y.

PERSONAL AND LITERARY.

The pope has taken the name and works of Galileo from the Index Excommunicatus. Preparations are already being made in Germany for the celebration of the centenary of Schiller's death in 1905.

Dr. Abraham Kayser, the present prime minister of Holland, is the first cleric who has ever held that position. Jules Verne, who has now begun his ninety-ninth book, has lived to see many of his fantastical tales of adventure by land and sea and air come within the bounds of possibility.

Max Quarek, editor of the Frankfurt Volksstimme, was sentenced recently to three weeks' imprisonment for libeling the German soldiers who were in China by the publication of a letter headed "German Beasts."

John Riley, an engineer on the Pittsburgh division of the Pennsylvania railroad, has received a check for \$500 and a gold watch, valued at \$1,000, from officers of the company for signal bravery in stopping a runaway train last spring.

Dr. H. S. Linn, of Detroit, who went to China as a surgeon in the volunteer army, has sent home several cases of looted goods. Among other things is a carved yellow robe, which Dr. Linn thinks is possibly the only one sent to America. He took it from the shoulders of a god in the sacred temple of Pekin.

For the first time on record the Vienna university has elected as its rector for the year a teacher of English language and literature - namely, Hofrath Prof. Jakob Schipper. The vote, an inaugural address was largely devoted to a comparison between ancient and modern culture, and he came to the conclusion that the lion's share in the achievements of modern culture belongs to the Anglo-Saxon races. The English language being now spoken by 120,000,000 people, he urged that English and German or French should make the place of Latin in the schools of instruction, except for special purposes.

STANDS IN TWO COUNTRIES.

The most curious post office in America is the one which stands in Beebe Plain, a town half in Vermont and half in the province of Quebec, Can., says the New York Herald.

The old post office was built about 75 years ago, exactly on the line between the United States and Canada, so that it stands in two countries and serves in the postal service of two nations.

The cellar of the building connects the two countries, and some years ago, when the post office was a general store, whisky was known to be sold in one country and delivered in another without ever having gone out from under the roof of the old structure.

This combination post office is now being run by parent and child, the father being postmaster for Canadian Quebec, and the daughter postmistress for Vermont.

Standing in front of this strange post office is a large post which marks the boundary line, and it is said that one time a man who wanted to get a roadway to his premises moved this post, and many thousands of dollars and so little time were spent to establish the exact line again.

When any letters arrived at Drimmin for the district of Barr they were conveyed to the rock by the first shepherd or crofter going so far. Having been dropped in and the slit reclosed, they were left until a shepherd or crofter from the other side happened to come along, when they were taken up and delivered at their due destination. A German botanist is said to have discovered that out of over 6,000 species of flowers cultivated in Europe only 429 possess an agreeable perfume. Flowers with white or cream-colored petals are more frequently odoriferous than others. Next in order come the yellow flowers, then the red, after them the blue, and finally the violet, of which only 15 varieties out of 508 give off a pleasing perfume. In the whole list 3,580 varieties are offensive in odor, and 2,300 have no perceptible smell, either good or bad. - N. Y. Sun.

A Popular Antidote. "Mike," said Mrs. Flannigan, looking from the paper in her hand to her husband, who had just signed the same pledge, "share me a great dother sea that alcohol do be a shore cure for carbolic acid pleen, an' if so you haven't any alcohol, this twit as much whisky will do just as well."

"The quic, thin, Norah, me dear, an' by a good store of the stuff, share I'm that despit' there's no tellin' whar I'll be maad' (the rindy)." - Judge.

Scientific Rheumatism Cured After 14 Years of Suffering. "I have been afflicted with acute rheumatism for fourteen years," says Josh Edgar of Germantown, Cal. "I was able to be around but constantly afeared. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say I have not any alcohol, this twit as much whisky will do just as well."

Whooping Cough. A woman who has had experience with this disease tells how to prevent any dangerous consequences from it. She says: "Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of the plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops." - Jessie Pinkney Hill Springville, Ala. This remedy is for sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

When the music had ceased a black Kaffir boy, a boy servant, who had followed the party in, said awesomely that there was a devil in the box. Cronje frowned down the suggestion, but asked whether it wasn't done by some trick, like ventriloquism, making an expressive gesture with the lips. To satisfy him he took the machine apart and explained the principle and he seemed deeply interested. I left the instrument at St. Helena."
