REPUBLICAN

STATE TICKET

For Governor, SAMUEL W. PENNYPACKER, of Philadelphia. For Lieutenant Governor, WILLIAM M. BROWN, of Lawrence county. For Secretary of Internal Affairs, ISAAC B. BROWN, of Erie county.

COUNTY TICKET

For Prothonotary, Register and Recorder, VICTOR COREY of Greene. For County Commissioner, PIERRE M. NILDS of Milford borough. For County Treasurer, ROCKWELL G. HEIDENTHAL of Matamoras. For County Auditor, AMERICUS H. DOWN of Palmyra. For Representative, ALFRED S. DINGMAN of Milford borough.

The Dispatch broadly insinuates that the 83 democratic school directors who voted for Westbrook were improperly influenced thus reflecting not only on their integrity but on the party they represent and practically charging them with a statutory offence. The same insinuation is made regarding Dr. N. C. Schaeffer, the democratic superintendent of public instruction. This is a characteristic affront toward those who do not agree with the sentiments of the democratic organ. The republican party may well congratulate itself that its representatives, 12 in number, all of whom voted Mr. Watson, are in its opinion free from any suspicion of commercialism in the election.

The escape of Grother and Aiello from the Monroe county jail last Sunday morning appears to have resulted from gross carelessness and neglect of duty on the part of Sheriff Merwine and his assistants, who were men of his selection. He had been frequently warned as to the desperate cunning of Grother and requested to exercise special care in guarding him. If the jail was secure, as is alleged, there can hardly be a sufficient excuse for the easy escape of the murderers.

A general trimming up of the streets now and cutting the grass and weeds along them would greatly improve the appearance of the town. This is the time, when city guests are arriving looking for a summer home, when the town should present a most attractive appearance. First impressions often go far with them in coming to a favorable decision.

The D. Y. R. Co has filed in the recorder's office here a mortgage on its line for \$190,000.

By the fall of an elevator in Macy's Wednesday several people were injured, among them Miss Emma Hornbeck and Mrs. J. E. Bennett of Port Jervis.

Peter Kite, father of our townsman, Benjamin, died June 8 at the home of his son, Charles, in New York, aged about 75 years; deceased formerly resided in Sandy-sport and Montague, N. J. The interment was at Hainesville, N. J.

Presbyterian Churchings

(By Rev. E. M. Smith.) "O come, let us worship and bow down; let us kneel before the Lord our Maker. For He is our God, and we are the people of His pasture, and the sheep of His hands."—Ps. 95:6-7.

Regular Sabbath preaching services at 10.30 a. m. and 7.30 p. m. to which all are most cordially invited. Strangers and guests are always welcome. Let our members feel their responsibility in playing the part of good hosts and hostesses toward the strangers who may be within our gates. At the evening service last Sunday the pastor mentioned his intention to make the evening services brief during the warm summer months. If the evenings are cool then the usual length sermon will be preached but let those who think it is too warm to come to hear a long sermon be assured that the service will be in accordance with the temperature. It is most earnestly desired that the services on Sunday and Wednesday evenings shall be loyally sustained.

The strawberry and ice cream social held last Thursday evening was a success in every way. Something over twenty dollars was added to the treasury and one of the pleasantest of social evenings must be recorded by those in attendance. One of the gratifying features of these social gatherings is the manner in which members of the other churches of the village are brought together. It makes us feel the essential unity of endeavor that does and should exist among us as collaborators together with God. If this spirit is fostered and developed by these social evenings then there must come much good from them.

Please do not forget the notice read last Sunday regarding the meeting of the Ladies Aid Society which will be held on Saturday, June 21, at 4 p. m. at the church. A full attendance is desired.

On Monday, June 23, will occur the next regular monthly ministerial meeting in the chapel of the Reformed church at Port Jervis. The subject as announced will be "The Second Advent. Will it be post or pre-millennial?" The Reverends Foote and Scudder will debate the question and at the close of their debate all the ministers in attendance will be invited to speak their own minds. This will doubtless be one of the best meetings of the year.

In the absence of the regular organist, Miss Blanche Cross, the assistant organist, Miss Katie Beck, played the organ for both services last Sunday. This is the first time Miss Beck has been called upon and we are very much pleased that she discharged her duty with such credit to herself and with such acceptability to all. We are especially fortunate to have such good talent in this direction in our church.

Miss Marie Chol and Miss Helen Heller appeared in the choir for the first time last Sunday. They are beginning at a very early age but promise good things for the future. We like to see the children assuming responsibilities in the church and thus growing up in the church and for the church.

Reformed Church Notes.

(By Rev. A. J. Meyer of Montague.) The pastor leaves either Friday or Saturday of this week for a short vacation. Consequently there will be no service at the church this coming Sabbath. The Sunday school will, however, convene at 9.30 a. m. as usual.

The Dorcas social of Hainesville met last Thursday at the home of Mrs. Elias Merrill. The Ladies Aid society of Montague met Thursday of this week at the home of Miss Seony Weed.

The strawberry and ice cream social held Thursday evening in the basement of the Hainesville Reformed church was largely attended and a handsome amount realized. All present expressed themselves as very highly pleased with the improved appearance of the basement.

A little visitor, a baby boy weighing nearly ten pounds, made his appearance at the parsonage Tuesday morning.

Peter Kite, a respected resident of Montague, died at the home of his son, Charles Kite, on the 6th inst. Mr. Kite was 74 years of age and had been in poor health for over a year. Last fall he went to the home of his son, Charles, in Ontario county, N. Y., and remained there until his death. He leaves two sons, Charles and Benjamin, a brother, John Kite of Montague, and two sisters, residents of Newton. The funeral was held in the Hainesville Reformed church and the sermon was preached by the pastor the text being II John 12:1.

Methodist Church Jottings.

(By Rev. C. E. Scovron.) The topic for next Sabbath morning is, "The New Man," and for the evening, "The Dream of Life."

There will be preaching at the Union school house next Sabbath afternoon.

The Ladies Aid society will hold their annual fair and festival and sale of fancy articles on August 21. Further particulars will be given later.

We are glad to see that a goodly number of summer visitors are in town and we desire to make everything comfortable and helpful as far as possible. Seats are free at the church and a most cordial invitation is extended to all who care to worship with us. After a very pleasant trip to his native Catskill mountain home the writer returns with renewed strength to take up the work of the church. We purpose to put forth our best effort to feed the mind and heart, to stimulate right thinking and correct living, and to make the services as devotional and interesting as possible. We ask the cooperation of all who worship with us, in the responsive part of the service and especially in the singing.

The prayer meeting topic for next Wednesday evening is Abraham's prayer. During the month of July the topic for the prayer services will be "Joy." This will be studied in the different dispensations. Brief Bible readings will be given explaining the fact of joy and its development in the Bible. Joy among the patriarchs, joy in the law, joy among the prophets, and joy in Christiana experience will be considered in the order given. The joy to come will close the series.

Mrs. Anna B. Nichols and daughter, Susan, of Gormantown arrived in town yesterday. The former is a guest with Mrs. Sarah Crissman on Ann street and the latter with Miss Bertha Williamson.

A. Q. Wallace has received a large stock and assortment of fire works. The small boy can get all kinds and as much noise as he can raise the shovels to buy.

The Press is turning out some fine job work. The proof is in an inspection of it.

Politics on the democratic side of the house is beginning to warm up. A crop of candidates announces a willingness to sacrifice themselves for the public welfare.

Approximately 1,250,000 quarts of milk and cream are daily shipped to New York city to supply the wants of its three and one-half millions of people. Some of this comes from a distance of 350 miles. The rate per can of 40 quarts on the railroads varies from 25 to 30 cents and the capacity of a large car is 325 cans. At the lowest rate the freight on a train of ten cars would be over \$800. It must pay railroads to carry milk.

Lucian Westbrook received his commission as county superintendent from the state superintendent, Dr. N. C. Schaeffer, last Saturday. The department held that taking either horn of the dilemma, i. e., that there was a tie vote as set forth in the affidavits and no election, the duty of an appointment devolving, or that there was an election as certified by the convention, the same result was reached inasmuch since there was no objection to either Westbrook's scholarship or his professional qualifications the choice fell on him.

The Workingman and the Ballot.

Woman has entered the industrial field and remains there through the compulsion of changed circumstances. As a competitor she invariably lowers wages; she must work for less than man in certain social conditions. In short, without a vote to protect her wages and property she can never hope to ask for equal wages for equal work with a man, and thus maintain the scale of a living wage. With a vote she can hope to do so, and therefore all thinking trades unionists are woman suffragists. Thus much woman suffrage is good for on the labor side of this question. J. O. S.

Grother and Aiello Caught.

A dispatch to the Press says the two murderers who escaped Sunday morning from the Stroudsburg jail were captured in a swamp near Belvidere, N. J., yesterday afternoon.

Only 50 Cents to make your baby strong and well. A fifty cent bottle of Scott's Emulsion will change a sickly baby to a plump, rumping child. Only one cent a day, think of it. It's as nice as cream. Scott's Emulsion, New York.

Rheumatism

What is the use of telling the rheumatic that he is as ill as his joints were being located? He knows that his sufferings are very much like the torture of the rack.

Hood's Sarsaparilla

It promptly neutralizes the acid in the blood on which the disease depends, completely eliminates it, and strengthens the system against its return. Try Hood's. Kindness to Animals. One of the highest and noblest tendencies of modern civilization is evidenced by its pleadings for kindness to the dumb animals which Providence created for the pleasure, the profit, and the protection of man.

It matters not how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine, it costs you but a postal card, and benefit and cure will most certainly be the result. Favorite Remedy is the only kid-ney medicine that acts as a laxative—all others constipate.

Put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy orropy, your Kidneys or Bladder are in a bad condition. Dr. David Kennedy's Favorite Remedy speedily cures such dangerous symptoms as pain in the back, inability to hold urine, a burning, scalding pain in passing it, frequent desire to urinate, especially at night, the staining of linen by your urine and all the unpleasant and dangerous effects on the system produced by the use of whiskey, wine or beer.

All druggists sell Dr. David Kennedy's Favorite Remedy in the new 30 cent size and the regular \$1.00 size bottles. Teachers Wanted. One principal and three teachers for the schools of Milford borough and one teacher for Schoepes for nine months. Also janitor for Milford school buildings for same time. Applications will be received by the undersigned until June 20, 1902.

OBITUARY

MRS. LYDIA OWEN.

Lydia wife of John Owen, died suddenly at her home in this borough Wednesday shortly after noon aged about 45 years. Because of some alleged trouble with her husband Sunday evening during which it is said blows were struck, Coroner Kelly of Matamoras came down and together with Drs. Kenworthy and Emerson performed an autopsy to determine the necessity for an inquest. Probable cause of a violent death developing the coroner summoned a jury as follows: D. H. Hornbeck, J. F. Terwilliger, W. F. Chol, H. O. Kipp, F. A. Beck and E. C. Wood, after viewing the body adjourned to Tuesday, June 24, to hear evidence. Her maiden name was Counterman and her native place Bushkill. Some twenty odd years ago she married John Owen and her home has since been here. Three sons, William, Levi and Everett, and two daughters, Mary and Martha, wife of Charles Williams of Middletown, N. Y., survive. The funeral will occur today.

Life.

The poet's exclamation: "O Life! I feel thee bounding in my veins," is a joyous one. Persons that can rarely or never make it, in honesty to themselves, are among the most unfortunate. They do not live, but exist; for to live implies more than to be. To live is to be well and strong—to arise feeling equal to the ordinary duties of the day, and to retire not overcome by them—to feel life bounding in the veins. A medicine that has made thousands of people, men and women, well and strong, has accomplished a great work, bestowing the richest blessings, and that medicine is Hood's Sarsaparilla. The weak, run-down, or debilitated, from any cause, should not fail to take it. It builds up the whole system, changes a listless one into life, and makes life more abundant. We are glad to say these words in its favor to the readers of our address.

Six Million Boxes a Year.

In 1895, none; in 1900, 6,000,000 boxes; that's a Caesars Candy Company's jump into popularity. The people have cast their verdict. Best medicine for the bowels in the world. All druggists, etc.

BARRELS OF SAMPLES

Over Two Hundred Thousand Trial Bottles Sent Free by Mail.

By special arrangement with the manufacturers of that justly famous Kidney medicine, Dr. David Kennedy's Favorite Remedy, the readers of the PIKE COUNTY PRESS are enabled to obtain a trial bottle and pamphlet of valuable medical advice absolutely free, by simply sending their full name and postoffice address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mentioning this paper, the publisher of which guarantees the genuineness of this liberal offer.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation, and all weaknesses peculiar to women, that they willingly send trial bottles to all sufferers.

Upon investigation it was found that 91 per cent. of those who had used the trial bottle had received such benefit from it that they purchased large sized bottles of their druggists.

It matters not how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine, it costs you but a postal card, and benefit and cure will most certainly be the result. Favorite Remedy is the only kidney medicine that acts as a laxative—all others constipate.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by A. W. Balch & Son, all drug and general stores in Pike county.

Uncle Hank in Washington.

We will send the value of one dollar and ten cents in booklet, containing twenty-seven pen and ink photo-reduced sketches of Washington life by mail for ten cents cash or stamps. Queen Victoria knighted Sir John Tenniel for similar artistic work in London. Your editor has sample of this.—NUTSHELL Publishing Company, 1059 Third Avenue, New York.

In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Rosworth of Lafayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

A Singular Discovery.

An Ottawa correspondent writes that intelligence has been received from the Yukon of a strange discovery that the language of the Nulatu Indians who live within the Arctic circle and that of the Apaches of New Mexico and Arizona are the same. The facts have come to light through the return to Dawson City of Father John Rene, prefect apostolic of the Roman Catholic church in Alaska, from a journey in the fathers working among the aboriginal tribes of the Lower Yukon.

A Popular Institution.

We call the attention of our readers to one of the most popular and successful educational institutions in the state, the state normal school located at East Stroudsburg, Monroe county, on the main line of the D. & W. E. R. This institution stands in the front rank of normal schools. It is closing the ninth year of its existence under the most flattering success.

The school has had a most phenomenal growth, and has from the first maintained a very conspicuous place among the educational institutions of the state. It has an alumni of over seven hundred, many of whom are leaders in their professions. A large recitation building is being erected which will give additional class room accommodations for the growing demands of the school.

The school has its own electric light plant and in every respect is up to date. Indeed it is one of the most home-like schools in the country. A more beautiful and healthful spot could not well be found for a school than that of the East Stroudsburg state normal school. Already pupils are engaging rooms for the fall term which will be open on the 8th of September. In another column will be found particulars of this institution.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

HE GOT AN INVITATION.

The Prospective Son-in-Law Asked His Prospective Pa to Attend the Wedding.

"It was settled some time ago that he was to marry my daughter," said the father of a girl of the period, "but it yet remained for the young man to get my consent. It was merely a formality, however, as I had cut no figure whatever during the campaign my girl arranging matters to suit her self, without consulting me or my wishes.

"Now, I remembered with what trepidation I had approached my wife's father when I asked him for her hand, and I made up my mind that when the young man showed up to ask me for my daughter's hand I would have revenge, not only for what I had to pass through when I urged my suit, but for being shoved to the background during the present proceedings.

"Well, he called at my office yesterday and I told my office boy to admit him and leave us alone and see that we were not disturbed. "Just dropped in," said he, easily declining to take a seat, "to tell you that I am going to marry your daughter the middle of next month. It will be an informal affair, so you may consider yourself invited without further notice. Good day."

"Before I could catch my breath he was gone," continued the father, according to the Detroit Free Press "and when I complained to my daughter about his treatment of me, all the comfort I got was that I could consider myself fortunate in getting an invitation, as it was to be a very exclusive affair."

Great Wild Horse Hunt.

An Expedition Sent to Central Asia by a Noted Dealer in Wild Horses.

In recent years the catching of wild animals for zoological parks and circuses has by no means deteriorated as an industry. In July of last year Carl Hagenbeck, of Hamburg, the wild animal dealer, sent an expedition to Mongolia for specimens of the wild horse to be found there, reports the New York Sun.

The special kind of wild horse that Mr. Hagenbeck was after was more than usually swift and elusive, and to overcome the difficulties in the way of its capture his men hired seven troops of Elghis horsemen, numbering about 2,000 in all, and mounted on animals almost as swift as the wild horses. The latest reports received here are that the agents have secured 46 colts, nearly equally divided between males and females. Brood mares had to be taken along, one for each colt, to serve as adopted mothers for the young captives. When the expedition gets out of Mongolia it will have to travel more than two months through a rough country before it reaches the nearest station on the Central Siberian railway. After that the captive horses will have to travel by rail nearly 2,000 miles to reach Hamburg. Several of the captives have been sold already, it is said, at about \$2,500 a pair, a price that will buy a pretty good blooded horse of almost the best domestic stock.

Read it in His Newspaper.

George Schanz, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volksstimme. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame backs and rheumatism he bought a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says, "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable instrument is for sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.
