**SANDYSTON.**  
 Advice is often times not in order  
 in a case happening a day or two  
 ago. The owner of a hunting dog  
 was cautioned not to let his go at  
 large, when only a few days after  
 the owner's dog was out chasing a  
 rabbit, and caught it too. Now  
 the advice comes from the other  
 party.  
 The ice cream and strawberry  
 social at the Hainesville church on  
 Thursday evening was well patronized.  
 All had a pleasant time. Re-  
 ceipts, \$95.  
 Isaac Shafer is having a well dug  
 near his house and has found no  
 water yet at a depth of 33 feet.  
 Our board of education met on  
 Saturday last and hired teachers for  
 the following year: Shaytown, A.  
 M. Deane, \$30; Fellers, Sadie Drake,  
 \$35; Hainesville, Myra Drake, \$30;  
 Flatbrook Valley, Ella Harsh, \$25;  
 Tuttle's Corner, Dot Shay, \$25; Be-  
 vans, Mattie Munson, \$30. No ap-  
 pointment has been made for Layton.  
 It was decided that the two schools  
 along the river be consolidated and  
 committees were appointed to see  
 what can be done in the matter.  
 How often people forget their in-  
 surance notice and allow payment to  
 be delayed until after the appointed  
 time and thus endanger it. Prompt-  
 ness is commendable in such things.  
 Hainesville and Layton are pretty  
 nearly even in the fighting line with  
 the former one or two fights ahead.  
 It is disgraceful to see older heads  
 urging boys to fight and young men  
 are not backward in the urging busi-  
 ness. One of these days some of  
 those pugilists will face the law and  
 the law and the abettors should be  
 made to do the same.  
 Our young folks are selecting the  
 places where they intend celebrating  
 the coming 4th of July. The day is  
 not far off and time enough is often  
 little enough.  
 The creamery at Bevans is doing  
 an increased business as one after an-  
 other bring their milk to the cream-  
 ery. The receipts are now about 75  
 cans per day.  
 No action has been taken as yet in  
 laying out the 2 miles of macadam  
 road to be built in this township.  
 There is a great diversity of opinion  
 as to where the road shall be located  
 but either route will greatly benefit  
 the public.  
 Only eight degrees above the free-  
 zing point on Tuesday morning and  
 here it is almost the 4th of July and  
 people are wondering when it will  
 be warm weather.

 village and he is always a welcome  
 visitor here.

**PAUPAC.**  
 The weather has been extremely  
 cold for the past month. Our sages  
 remark that they do not remember  
 having had such a cold season as  
 this has proved to be in years. The  
 result is that the crops are not as  
 far advanced as they usually are at  
 this time of the year. The drought  
 earlier continued for some time and  
 the hay crop threatens to be light.  
 Eanton Kimble returned from  
 Milford last week. Her sister, Mrs.  
 Emil Kimble, returned with her  
 and spent several days in this place.  
 Misses Susie and Hannah Gilpin  
 with their brother, Frank, and Mr.  
 Miller of Easton were the guests of  
 friends here Sunday.  
 Our branch Wamaker store will  
 move from its present location to  
 the abode of its proprietor,  
 Geo. Wilson, this week.  
 Florence Cooke of Hawley spent  
 the past week with relatives here.  
 The grass in our cemetery grounds  
 will soon need cutting. As the hay  
 crop promises to be light, we think  
 that the cutting might prove prob-  
 lems to some one of our neighbors.  
 Propositions may be made to C. E.  
 Williams, secretary. DEFACTO.

 color of seventy years in  
 your hair! Perhaps you

 your gray hair! If not,

**DINGMAN'S FERRY.**  
 Calvin Cron has the foundation  
 for his new house completed and  
 Wallace Bensley will erect the  
 building.  
 The fence club has discussed the  
 crow question. These birds have  
 done great damage to c-ruffeds and  
 some fields had to be replanted.  
 Crows are useless as insect destroy-  
 ers, but they do injure farmers'  
 crops and destroy the eggs of insec-  
 tivorous birds. King birds, cat  
 birds and others may be seen daily  
 chasing them away from their  
 nests. The way to deal with them  
 is to scatter poisoned corn in the  
 spring and so thin out these pests.  
 [Prof. W. D. Barrow in his annual  
 report to the United States depart-  
 ment of agriculture in 1888 says,  
 summing up the evidence as to the  
 food of crows: "The careful exami-  
 nation of a large number of stom-  
 aches and the actual study of the  
 insect food of the crow may change  
 materially the present aspect of the  
 question; but as far as the facts at  
 present known enable a judgment  
 to be formed the harm which crows  
 do appears to far outweigh the  
 good."—Ed.]  
 Mrs. Jane Angle has had her  
 barn reeroofed by William Cinstard.  
 There is no Sunday school at  
 Centre. Some children attend at  
 Cole's.  
 H. B. Wells was the first to have  
 buckwheat sown in this section.  
 Mrs. Kern of the Bellevue Hotel is  
 suffering with kidney disease.  
 Albright & Son have had their  
 store renovated and now it looks  
 very nice.  
 Dingman's will not be represent-  
 ed by any fast horses at the driving  
 park July 4.  
 A new disease which proves an-  
 noying is an inflammation of the  
 nerves in the hip. Liniment is an  
 alleviator.  
 Corn was planted ten days earlier  
 this year than usual but the cold  
 weather will put it back 20%.  
 Sandyston is kind to invite H. L.  
 to remove to Jersey. We can't  
 spare him but there are a few over  
 here who might adorn the Trenton  
 hostelry.  
 Donaldson of Ardornish farm  
 was the first to gather his upland  
 hay.  
 A few city boarders are appearing  
 in town.  
 Since the mail arrives in Bushkill  
 by rail we receive it nearly as soon  
 as from Port Jervis.  
 John Smith has raised a new  
 barn.  
 Mrs. Andrew Cron is visiting her  
 children at Danmore.  
 Jas. B. Angle has bought a new  
 reaper.  
 They Won't Be Fooled.  
 When a person has once tried  
 Mexican Cough Syrup they then  
 know how good it is and will not  
 let themselves be fooled by some  
 druggist who has other cough reme-  
 dies that something else is "just as  
 good." The careful mother always  
 keeps a bottle of this syrup in the  
 house. It tastes good, never fails  
 and only costs 25c a bottle.

**DINGMAN'S FERRY.**  
 Calvin Cron has the foundation  
 for his new house completed and  
 Wallace Bensley will erect the  
 building.  
 The fence club has discussed the  
 crow question. These birds have  
 done great damage to c-ruffeds and  
 some fields had to be replanted.  
 Crows are useless as insect destroy-  
 ers, but they do injure farmers'  
 crops and destroy the eggs of insec-  
 tivorous birds. King birds, cat  
 birds and others may be seen daily  
 chasing them away from their  
 nests. The way to deal with them  
 is to scatter poisoned corn in the  
 spring and so thin out these pests.  
 [Prof. W. D. Barrow in his annual  
 report to the United States depart-  
 ment of agriculture in 1888 says,  
 summing up the evidence as to the  
 food of crows: "The careful exami-  
 nation of a large number of stom-  
 aches and the actual study of the  
 insect food of the crow may change  
 materially the present aspect of the  
 question; but as far as the facts at  
 present known enable a judgment  
 to be formed the harm which crows  
 do appears to far outweigh the  
 good."—Ed.]  
 Mrs. Jane Angle has had her  
 barn reeroofed by William Cinstard.  
 There is no Sunday school at  
 Centre. Some children attend at  
 Cole's.  
 H. B. Wells was the first to have  
 buckwheat sown in this section.  
 Mrs. Kern of the Bellevue Hotel is  
 suffering with kidney disease.  
 Albright & Son have had their  
 store renovated and now it looks  
 very nice.  
 Dingman's will not be represent-  
 ed by any fast horses at the driving  
 park July 4.  
 A new disease which proves an-  
 noying is an inflammation of the  
 nerves in the hip. Liniment is an  
 alleviator.  
 Corn was planted ten days earlier  
 this year than usual but the cold  
 weather will put it back 20%.  
 Sandyston is kind to invite H. L.  
 to remove to Jersey. We can't  
 spare him but there are a few over  
 here who might adorn the Trenton  
 hostelry.  
 Donaldson of Ardornish farm  
 was the first to gather his upland  
 hay.  
 A few city boarders are appearing  
 in town.  
 Since the mail arrives in Bushkill  
 by rail we receive it nearly as soon  
 as from Port Jervis.  
 John Smith has raised a new  
 barn.  
 Mrs. Andrew Cron is visiting her  
 children at Danmore.  
 Jas. B. Angle has bought a new

 They Won't Be Fooled.  
 When a person has once tried  
 Mexican Cough Syrup they then  
 know how good it is and will not  
 let themselves be fooled by some  
 druggist who has other cough reme-  
 dies that something else is "just as  
 good." The careful mother always  
 keeps a bottle of this syrup in the  
 house. It tastes good, never fails  
 and only costs 25c a bottle.
