FOR PUBLIC PLEASURE

attests its own practical utility, that There is vastly more opportunity of placing small wooden or iron for business on a line from here to benches or settees at various places in town along the streets, on the be just in it, public square and in the glen that people so inclined might have places to sit and rest. Delicate women and children passing along the streets may halt for a few moments and sit in comfort. Frequently a little group of ladies may be seen standing on the sidewalks indulging in a brief chat. Now if a seat was convenient under some tree where they might sit down it would add infinitely to their pleasure and comfort. Men meeting on the walks often stop for a few moments conversation either for business or sociability and if a bench was convenient they would appreciate its friendly offer.
