The state department has fixed October 6 as the date for beginning the annual teachers' institute for this county.

Speaking metaphorically of course the city boarders within our gates are just now experiencing a pretty continuous performance of squeezing their pocketbooks. They probably expect it and govern themselves accordingly.

Public opinion hereabouts is crystallizing on the question of wider roads. The increased number of automobiles and motorcycles is arousing a sentiment that they are a necessity for the safety of the traveling public and when this becomes settled the wider highways are assured.

By the use of the prefix "in" and the adverb "no" in the opinion as printed in last week's Dispatch Judge Porter's reasoning is made absurdly contradictory. Either the Judge or the paper was way off and readers will not be long in guessing which.

Recent heavy rains have badly washed some of the roads to the lower part of the county. Were the roads kept well rounded and the drains or culverts which do not easily clog put in, much less public money would wash down in places where it is not wanted. Temporary repairs cost nearly as much as permanent improvements and they have to be made frequently.

There are thirteen candidates for county commissioner on the democratic ticket in Monroe county. Evidently instinct for office is stronger than superstition down there.

In view of the quantity of hay and grain spoiled by wet weather this season, it might be well for farmers to consider the advisability of providing for themselves caps with which to cover the shocks. They can be made of cheap muslin of suitable size, painted and fastened on with short posts attached to the corners and thrust into the sheaves. This expense would not be great and then use in catchy weather would save time and damage. Just make a few next winter as an experiment.

A new sign now indicates the location of the Bureau office. The sign hangs in always on the outside and we will be pleased to have you pull it.

Methodist Church Jottings.

The topic for next Sabbath morning is "The Christian Platform," and for the evening, "The Joyful Man." This will be the regular monthly song services. The hymns of Isaac Watts will be used and an account of their origin given with a brief account of his life.

During the month of August the following topics will be treated, "The Christian Platform," "The Christian Campaign," "The Christian Election," "The Christian After Election," and "The Christian and Prophecy." These topics have an accumulative line of thought running through them which gives them value as a whole. It is our constant purpose to make the morning services as helpful that all will desire to attend.

It is our purpose to make the evening services especially interesting and helpful for young people. Few things are of greater interest to young people than the formation of character. The study of the good and great of all ages is a help to all thoughtful young people. The men for the times to be treated at the evening services during the month are Daniel, John the Baptist, Paul and John, the beloved disciple.

The sacred music given in the church last Tuesday evening brought out a large crowd that filled the church. No wonder. Who would not come to hear such soloists as those who so kindly gave us their services that evening. We look upon it as a rare treat and are sure that it was of real value to the choir to have the privilege of hearing the solos rendered. We desire to have publicly express our thanks to Mrs. Koch, Miss Biddis, Mr. Gilchrist and Mr. Crisman for favoring us with solos, and to Miss Pohlen for her services as accompanist. It is with great pleasure that we announce the offering of \$23.40, which will be devoted to the choir work. If it is the pleasure of any who contributed for this object to hear us sing one year from now we believe that the verdict will be, money well spent.

The organ prelude by Miss Myrtle Ryder was very well rendered, indeed, for one of her years and speaks well for her future as an organist. It is very important to have a good organist as well as a good choir. The very kind way in which the anthems rendered by the choir were received and the appreciation for chorus work expressed by many friends gives us new courage to press on in the same line. My appreciation for the faithfulness of the choir members has many times been expressed and I desire again to record my high appreciation for their devotion to their work. They all appreciate the kind liberality of those who contributed to furnish them with the means to help themselves advance in music work and I am sure will improve this opportunity to the utmost.

The Hawley Trust, including the real estate, was sold Wednesday to L. M. Atkinson for \$1750.

There was a very good audience at the entertainment given last evening to the hall.

Hawley, Pa., inspectors have been unloading stock to establish a national bank at that place.

Presbyterian Choralings

The topic for the morning sermon next Sunday will be "Time As An Interpreter of the Enigmas of Life." The evening topic will be announced at the morning service. Come to both services and we hope we may do you good.

Please do not forget the date, place and importance of our regular monthly missionary meeting. The date is one week from today, next Friday, Aug. 8, at 4 p. m. The place is the church parlors which we hope may be taxed to their utmost capacity. The topic is Persia. The leader will be Mrs. Trilins, who spent seven years of her life in this field. She has spoken before many churches upon this topic and a rare treat awaits all who will come. Please make a special effort.

The annual fair is very near us now and we are concentrating all our energies in that direction. The date is Aug. 14, two weeks from yesterday. If any ladies who have not contributed something would like to do so we would be very glad to receive any fancy articles or whatever they are willing to give. Guests in former years have aided us in this way and there will be no exception to the rule made on our part this year.

It was with the greatest pleasure and satisfaction that we had Mr. Yeoman of the Yale school of forestry presiding at the organ last Sunday. He played at both services. Mr. Yeoman is an experienced organist and a thoroughly qualified musician. We thank him most sincerely for the pleasure and profit he has afforded us and it is with the greatest pleasure that we announce him for the morning service next Lord's day.

Mr. Crisman sang for us again last Sunday morning. We are always glad to have him assist us and he is always equally obliging whenever called upon.

Miss Biddis has partly promised to sing for us at the morning service next Sabbath. We hope she may.

While it is not a denominational matter still it may be proper to say a word regarding a boys' brigade which is being contemplated. This pastor has had military discipline himself and has enjoyed that kind of work for boys and girls. Next Monday afternoon at 2 o'clock those wishing to join the brigade are to report at the church for some preliminary instruction. It is not a denominational affair, we repeat, but hope to make it simply a means of inculcating many virtues along with a martial spirit which every boy enjoys so much. There will be little or no expense probably connected with the joining of this corps. The reports regarding Mr. Pinchot's equipping the boys is entirely groundless, although he has been very kind in the expression of his sympathy with the pastor in all good works for the benefit of the young in Milford.

Since the organization of trust companies has become so general, national banks are being compelled to pay interest on deposits. The Blairtown bank, a new institution, has just adopted the plan.

Those Learned Graduation Essays. "Each spring when I listen to the learned graduation essays of a class of wealthy men's sons at a college commencement I feel that I won't be able to hold my job two weeks after those smart youths get on hunting for their daily bread in competition with me." "I am not in the best case." "But on my way home, as I learn that the trolley-car conductor is a college graduate, and that the clerk at the corner cigar store is another, I begin to chirp up a bit, and in a day or two I get over my dismal forebodings."—Puck.

BARRELS OF SAMPLES.

Over Two Hundred Thousand Trial Bottles Sent Free by Mail. By special arrangement with the manufacturers of that justly famous Kidney medicine, Dr. David Kennedy's Favorite Remedy, the readers of the Pike County Press are enabled to obtain a trial bottle and pamphlet of valuable medical advice absolutely free, by simply sending their full name and postoffice address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mentioning this paper, the publisher of which guarantees the genuineness of this liberal offer.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation and all weaknesses peculiar to women, that they willingly send trial bottles to all sufferers.

Upon investigation it was found that 91 per cent. of those who had used the trial bottle had received such benefit from it that they purchased large sized bottles of their druggists.

It matters not how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine, it costs you but a postal card, and benefit and cure will most certainly be the result. Favorite Remedy is the only kidney medicine that acts as a laxative—all others constipate.

Put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy orropy, your Kidneys or Bladder are in a bad condition. Dr. David Kennedy's Favorite Remedy speedily cures such dangerous symptoms as pain in the back, inability to hold urine, a burning, scalding pain in passing it, frequent desire to urinate, especially at night, the staining of linen by your urine and all the unpleasant and dangerous effects on the system produced by the use of whiskey, wine or beer.

All druggists sell Dr. David Kennedy's Favorite Remedy in the new 50 cent size and the regular \$1.00 size bottles.

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Dr. Charles H. Utter, a prominent physician of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she couldn't turn over in bed. What to do in this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

His Impression. "I have often wondered what I would do if I should find a burglar in the house," said Mr. Mearkton's wife. "I don't think I'd faint!" "No," answered Leonidas. "I am sure your presence of mind would not desert you. And if you can remember some of those talks you rehearse to me, I don't know what mightn't happen to the burglar."—Washington Star.

ELK TEETH AS INVESTMENT.

One of the chief assets of a Montana Man Who Has a BIG FORTUNE. "Elk teeth by the bushel are one of the chief assets which John Lockcamp, of Billings, Mont., accumulates among his big trophies," said E. M. Huskins, a flat-top man, reports the Denver Post.

Lockcamp keeps a general store at Billings and for many years it was his custom to trade supplies of one kind or another for elk teeth, which, by the way, were used for charms and amulets long before the Elks took them up as the emblem of their order.

The Elks of the Colorado lodge in agreeing to wear no more elk teeth because the demand for the teeth caused a wholesale slaughter of elk, had a marked effect in reducing the price. Other lodges respected the motive, and quite a boycott on elk teeth was on for a year or more. It seems, however, they are in demand again.

Lockcamp has been selling his at two dollars a piece for ordinary teeth and getting fancy prices for the very best. His stock is sufficient to supply the demand for years, but he makes no effort to sell them, as he wants to leave them as a part of his estate, believing they will increase in value faster than any other kind of property.

A Cure for Cholera Infantum. "Last May," says Mrs. Curtis Baker of Bookwiler, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered and is now, nearly a year since, a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.
