OUR NEXT CONGRESSMAN

Assuming that the next representative in congress from this district will be a democrat, though it is by no means certain, unusual interest is aroused in the question as to who will be the nominee. Mr. Matchler of Northampton, the present member, is a candidate. Dr. Shull of Stroudsburg thinks it ought to go his way, and Embury of Carbon and Rowland of Pike have hopes that in the confusion of deals and trades they may be lucky, and profit by the dissensions of the other aspirants. The senatorial fight has been won in Carbon by Mulhearn and according to the rotation agreement that choice should be acquiesced in by Monroe and Pike. As the district is strongly democratic a nomination is equal to an election and we perhaps have nothing to say as to the result. We, however, do presume to remark that inasmuch as the democrat we have a right to ask that he be a man in all respects worthy the honor and one who would be a credit to the whole district. Attempts have been made heretofore to break the rotation agreement, and while the other counties might concede the right to the county they should not be wholly blind to the merits of the candidate presented. By insisting that he be a fit person in all respects more care might be taken in future by the counties in the man they present.

The senatorial controversy, if there is any disposition on the part of Monroe and Pike to balk, may enter largely into the congressional question, and it should do so. Dr. Shull of Stroudsburg is well qualified for congress and would make a most creditable representative. His county has been many years without recognition and has always furnished the stigma of democracy, votes. Of course we are not overlooking Rowland and would like to see the precinct come his way if it can be accomplished. This end of the district may hold the right string in the combination and we hope it will be pulled with success to the aid of the men presented.

CONSTITUTIONAL AMENDMENTS

Two amendments proposed to the constitution are now being advertised. They will not be voted on by the people until they have been passed by the next legislature.

One is an addition to section 7 article III and is intended under certain conditions to remove the restriction named in that section against special legislation. The section as it now stands prohibits the general assembly from passing special laws with regard to liens, regulating the affairs of counties, cities, townships, wards, boroughs or school districts and a number of other specified things.

The new section will permit the legislature to pass such laws and in fact any kind of special act provided the voters of the district affected gave consent at an election to be held under a decree of the court after 30 days notice of the same.

The other amendment simply proposes that a discharge of a jury for failure to agree or other cause shall not work an acquittal to a person charged with an offense. If these amendments are approved by the legislature they will be submitted to a popular vote next year.

The little democratic ring which is warmed in the south corner of the court house was rudely broken last Saturday. It was a very pretty affair and had as attachments several gems, some imported and more native. It was forged and welded with great care for mutual advantage and profit, and the ornaments were selected with an especial view to dazzle the eyes of the outsiders and keep them from laying hands on the charmed circle. Alas! and alas! it has been shattered and now some of the detached parts are "a squeal" and "a cussin." Visions of the warmth and comfort which had been in prospect are dimmed. The oneness of the circle which promised to shelter the satellites, who added brilliancy and lustre, is no longer complete, and the band so symmetrical in its parts now falls to wholly colors. Where there was shining polish and prospect of more brilliant some scratches appear and a little vinegar causes a squeak. Efforts will no doubt be made to mend the break but it is doubtful if any one interested has the requisite skill.

As the returns show, Ex-Sheriff Vandemark has been nominated one of the democratic commissioners, defeating Albright by a small majority. The ex-sheriff deserves great credit for the winning fight he made against the combined efforts of the self-constituted machine. He was not on the slate and it was not intended that he should get on—either. Everything was prearranged to suit the boys and they expected no serious or successful interference by any outsider. Albright may credit his defeat to his lack of stamina and his subservience to the powers who wished to control the party. His want of independence lost him friends who could have aided him to win. If he has learned a lesson next time he is elected to office, if he is ever again, he will try to be manly enough to own himself.

Geo. R. Ball, whose name was not on the democratic slate, succeeded in writing it there in good sized letters. He may congratulate himself and feel elated that in a contest with a veteran in politics and despite the machine he was nominated by such a handsome majority. It is strong evidence of his general and deserved popularity.

Some of the sorrowing democrats are shy of allowing others to wrap on their brows—they are fearful of something else besides tears.

All eyes here were turned on little Porter until something looked out, when it was found she settled in the wrong way, and in a spirit of revenge there was some blustering talk of throwing out the return. That action might have dug a hole for somebody so it was abandoned.

Methodist Church Jottings.

The topic for next Sabbath morning is "The Christian Campaign," and for the evening, "The Over-ages Man."

There will be preaching at Union next Sabbath afternoon. The goodly number who have been attending these afternoon meetings is a source of great pleasure to the pastor, and to Mr. Angle, who has charge of the Sabbath school.

Thirty new books are at hand for the Union Sabbath school and to this number we expect to add a dozen more during the week. This will make a beginning of the library that we believe will add very much to the efficiency of our work at that place.

The annual fair, as before announced, will be held on the 21st of this month. This is always an occasion of deep interest, at which the labors of the faithful women of the Ladies' Aid society are turned into cash for the benefit of the church. The display of fancy and useful articles this year will be exceptionally fine, owing to the very faithful work done during the winter months.

This Friday is the great Epworth League rally day at Mount Tabor. This is coming to be one of the great days at Tabor. As the young people of the church take more active part in her work these days of consecration and instruction will come to be more important than ever.

The death of Dr. Baldwin, one of the missionary secretaries, has taken from the Newark conference one of her strong men, and from the church at large one of her noble characters. Dr. Baldwin spent the best part of his years in China and his wise counsel as secretary of the missionary society has done much to help in the days of trouble caused by the recent uprising. Dr. Baldwin was a pronounced prohibitionist and we who are interested in the temperance movement will feel most keenly the loss.

At the meeting of the Epworth League held last Monday evening the secretary, Harry Armstrong, was instructed to send \$10 to St. Christopher's Home. This home is largely supported by Epworth League's and is worthy of all the support that we can give. It is a source of great pleasure that our young people are interested in so worthy an object.

Reformed Church Notes.

The Hainesville Reformed church will give the customary annual festival in the church parlors on the evening of Aug. 14. An excellent supper will be provided, one that will tempt the most fastidious appetite. The charge will be 75c a couple. The proceeds will be applied on the pastor's salary. A cordial invitation is extended to all friends of the congregation and a good time is in store for all.

The annual supper and fair of the Montague Reformed church will be held in the church parlors on Aug. 30. The ladies have been working very energetically to make this occasion the success of the season and trust that their efforts will be fully rewarded. A toothsome supply will be served and dainty and useful articles sold at reasonable prices.

A most cordial invitation is extended to both the residents and boarders of adjoining villages to attend either or both of these suppers.

The topic next Sabbath morning will be the "Introduction to the Ten Commandments."

The funeral of Mr. John DeGroot of Hainesville was a very large one. Mr. DeGroot was 78 years of age and is survived by his wife and ten children. He had been a great sufferer for the past eight months and death came as a welcome relief. The funeral text was Ps. 90:10.

The pastor and Mrs. Meyer enjoy of the Erie excursion down the Hudson last week.

Washed muscles and decaying bones. Hood's Sarsaparilla is capable of all this, and more.

Hood's Sarsaparilla which cures all humors, cures all eruptions, and builds up the whole system, whether young or old.

Presbyterian Chronicalings

The proposed theme for the next Lord's day, morning and evening, are as follows: "Strength's Obligation to Weakness," and "Patient Continuance in Well Doing." We are very much gratified to hear that our services help people to preach the gospel of Christ and to do everybody good is our aim always.

Miss Blanche Cross, the organist, has returned from her two week's vacation at Ashbury Park and Ocean Grove and will play the organ Sunday. We are glad to welcome her back and to see the improvement the ocean breezes have evidently made. In her absence Mr. Yeomans has been so kind as to officiate at the organ where he has afforded great pleasure to the large congregations that have come to hear him play. He leaves a host of friends, both natives and guests, as he goes from Milford. We all appreciate his ability as an organist and his willingness to afford others the pleasure and profit which his playing will always give. We feel a personal debt of gratitude to Mr. Yeomans. Several in the congregation suggest a vote of thanks and if it were put we are sure it would be unanimously carried.

Next week occurs our annual fair. May it be as great a success as the one a year ago. Judging from all appearances it will. Miss Baker's artistic skill is very apparent in the posters placed about town. They do credit to her ability and she deserves praise. We are very glad to give it. The committees, too, are working hard and we believe they shall be rewarded.

The boy's brigade has met twice now and the boys seem interested. All boys are welcome to join us. It is a non-sectarian affair we do not propose to beg of any boy to unite with this company and as soon as possible we expect to exclude any whom we may not consider desirable. We hope there will be no need of exclusion, however. The plan of our work is pleasure and profit. Manliness and military drill are the two chief qualifications of members.

Dr. Howard Down, a son of A. H. Down and wife of Palmyra, was married recently at Clark's Summit.

Wayne county was severely afflicted last Sunday by a storm of hail, wind and rain. Lightning struck in several places, among others the spire of the M. E. church in Honesdale. Crops were leveled and fruit trees stripped of both fruit and foliage.

Mrs. Lambert of New York, a widow lady aged about 65 years, died early this morning at the Jaridon House of intestinal difficulty after a very brief illness. Five daughters were with her.

Orlath Tracy, who escaped from the penitentiary June 9 and has since killed eight of his pursuers, was arraigned Aug. 4 and to escape capture shot himself.

LOATHE SIGHT OF GOLD.

That is the Effect of Constant Contact with the Metal Upon Mine Employes.

"I have visited the mine of three countries," remarked a traveler, a medical man, according to the Chicago Tribune, "and I have found all the of mine employes in them broken down in nerve and victims of insanity. Every one of these officials is required to give bonds, not only for his own honesty, but to recover the visitors whom he conducts over the place. It is customary to hand money about among the visitors to show the coins in their different stages of development. If the party be a numerous one the nerves of the gold are strong to such a pitch that at the Hotel de la Monnaie, in Paris, the man confessed that the sight of coined gold and silver was odious to him, and that he had come to look upon every one who visited the mine as a possible robber.

"Besides the effect upon the nerves, in nearly every case it has affected the eyesight. One of the guides told me that 25 years of continual gazing upon gold and silver had affected his sight so that he is unable to distinguish certain objects unless they possess peculiar iridescent qualities."

Don't Accept a Substitute! When you ask for Cascarets be sure you get the genuine Cascarets Candy Cathartic. Don't accept fraudulent substitutes, imitations or counterfeits. Genuine tablets stamped C. C. C. Never sold in bulk. All druggists, too.

BARRELS OF SAMPLERS.

Over Two Hundred Thousand Trial Bottles Sent Free by Mail.

By special arrangement with the manufacturers of that justly famous Kidney medicine, Dr. David Kennedy's Favorite Remedy, the readers of the PIKE COUNTY PRESS are enabled to obtain a trial bottle and pamphlet of valuable medical advice absolutely free, by simply sending their full name and postoffice address to the DR. DAVID KENNEDY COOPERATION, Rondout, N. Y., and mentioning this paper, the publisher of which guarantees the genuineness of this liberal offer.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation, and all weaknesses peculiar to women, that they willingly send trial bottles to all sufferers.

Upon investigation it was found that 91 per cent. of those who had used the trial bottle had received such benefit from it that they purchased large sized bottles of their druggists.

It matters not how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine, it costs you but a postal card, and benefit and cure will most certainly be the result. Favorite Remedy is the only kidney medicine that acts as a laxative—all others constipate.

Put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy orropy, your Kidneys or Bladder are in a bad condition. Dr. David Kennedy's Favorite Remedy speedily cures such dangerous symptoms as pain in the back, inability to hold urine, a burning, scalding pain in passing it, frequent desire to urinate, especially at night, the staining of linen by your urine and all the unpleasant and dangerous effects on the system produced by the use of whiskey, wine or beer.

All druggists sell Dr. David Kennedy's Favorite Remedy in the new 50 cent size and the regular \$1.00 size bottles.

"The Hound of the Baskervilles."

Sherlock Holmes greatest piece of detective work is done in the new story by Dr. A. Conan Doyle, "The Hound of the Baskervilles." Holmes himself says to Watson, his co-worker. "Here at last is a foe man worthy of my steel." The result is a story which, for thrilling interest, stands by itself. From the first discovery of the hound's trail, when the dried up young doctor brings to Sherlock Holmes the ancient manuscript, to the final scene where the great detective is brought face to face with the monster of the moorland, there is not a sentence that does not carry the reader breathlessly forward. It is a great novel, with a great subject, by a master of the craft. This thrilling story begins in "The Philadelphia Press" Sunday, July 6. Be sure not to miss it. 9-1-02

A YOUNG LADY'S LIFE SAVED

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy

Dr. Charles H. Utter, a prominent physician of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she couldn't turn over in bed. What to do in this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

For biliousness use Chamberlain's Stomach and Liver Tablets. They cleanse the stomach and regulate the liver and bowels, effecting a quick and permanent cure. For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

Some of our smallest gauge editors appear to think we are verging on the brink of a national system of effete plutocracy because the president is using one of the government boats, which has been styled the president's yacht. Why should not the chief executive of the greatest country in the world have at his disposal, when he wants to go anywhere by water, the use of a small government vessel? Probably some of our friends would prefer to see him go around from port to port on a raft.

A Cure for Cholera Infantum

"Last May," says Mrs. Curtis Baker of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered and is now, nearly a year since, a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.
