Shull Nominated

On the 97th ballot Carbon cast two votes for Shull and one for Mutchler and Pike and Monroe voted Shull, giving him 8, the requisite number to nominate. Before the announcement was made Senator Laubach of Northampton moved to make the nomination by acclamation. This was seconded by P. C. Evans, Esq., in a neat speech and it was accordingly done.

THE POOR OLD PARTY!

The poor old democratic party! Poor in every sense and the least important of these is money. The brilliant record which the country has made under republican policy and administration has made the democracy poor in everything worth having.

In virtue principles, in convictions, in definite purpose, in progression, in strength, in respectability, in leadership and in prospects the party is absolutely bankrupt. The only thing left is its "glorious past" and the only part of that past which can be pointed to as "glorious" is that which is so far back in the shadow of vanished years that nothing can be remembered about it.

In the view of Broad street, Milford, recently printed in the Press, a cross is shown on the tower of the old Presbyterian church. It is asserted by some that this is incorrect—that a bell surmounted it. Can any one recall its appearance and state whether in fact a cross surmounted the dome?

Tuesday night as Amel Smith and Frank Downs of Delaware were driving through town their horse became frightened and alighted into a post in front of the Bertha's shop breaking loose from the wagon. The horse was found next morning at the Cummings farm.

Johnson of Port Jervis calls attention to a new ad. in a fine line of excellent shoes.

Good Horse Sense. Lion Coffee. It never glazes—it's pure, unadorned coffee. The sealed package keeps it fresh and pure.

OBITUARY

CHRIS. E. LEIDEL. Mr. Leidel, a long time resident of Dingman township, ended his life yesterday morning in the hay mow of his barn by cutting his throat with a razor. He arose as usual and went about his morning's chores but did not appear for breakfast. James Hotalen, having arranged for his horse and not being able to find him, finally went on the mow where he came upon the ghastly sight. Mr. Leidel had on previous occasions evidenced signs of mental aberration, once when he went away and was found several miles down the county and again when he went off and was absent some days. He was born in Germany sixty-eight years ago and came to this country about 50 years ago. He married Jane Cummins, who alone survives him, his children having both died. He was an industrious, prudent man and for a number of years has been superintendent of the Milford cemetery. He was a veteran of the Civil war having been a member of Co. B 123d Pennsylvania Volunteers and was a charter member of Col. John Nye's Post G. A. R. The funeral will be held Sunday afternoon at 2 o'clock from his late residence.

Mrs. Susan Grandin is visiting relatives in Stroudsburg.

Robert Baker of Philadelphia and family are at the Jordan House.

The county land sold by the commissioners yesterday brought \$225, 50.

Mark Haggerty and daughters of New York are guests at the Heller cottage.

Miss Ruth Gumble of New York, who has been visiting the family of Hon. J. A. Kipp, left yesterday.

Thomas E. Davis of Carbon will probably be the nominee of the republicans in this district for congress.

Ryman & Wells have a large stock of shoes for all kinds of people, great, small, little and big. Inspect their stock.

Charles Drake of the Stroudsburg Times called at THE PRESS office this week. He is here reporting the democratic convention.

The D. V. R. R. has taken off the 7.17 p. m. train from Stroudsburg and the 9.30 p. m. train from Bushkill and all Sunday trains.

The Sussex county grand jury found four indictments against the Lackawanna railroad for unlawful liquor selling at Cranberry Lake.

Orphans' Court sales of the real estate of the late C. C. D. Pinchot and John F. Pinchot will be held Monday Sept. 22 at the court house.

The socialists of Carbon county have nominated James Hughes of Summit Hill for congress and Edward McFadden for state senator for this district.

The republican senatorial conference held at Stroudsburg for this district has nominated Dr. J. G. Zern of Carbon for senator. Dr. Zern was recently defeated in Carbon county for the democratic nomination by Jas. T. Mulhearn, Esq.

Opportunity to Secure Employment. The Philadelphia North American maintains a free employment bureau at 1209 Filbert street, Philadelphia, to assist all those who seek situations, or employers who are looking for help.

At the present time there is a dearth of servant girls in Philadelphia, and many applicants for servants, through necessity, are disappointed. There is a great demand for first class German, Swedish and American girls for domestic work.

If the young women in the communities throughout the state who are desirous of securing position in Philadelphia will communicate with the North American free employment bureau it will obtain places for them without charge. Positions are being daily secured for both men and women who express themselves as highly pleased with the service.

The bureau will be pleased to receive applications of all young men and women who contemplate positions in Philadelphia and vicinity.

Five separate indictments have been found by the grand jury in the Sussex county against Charles Wirtz. He will likely spend many years in the penitentiary. His brother Godfrey will be tried for an attempt to aid his escape.

It is currently reported that M. B. McCarty and Miss Elma Pincney, both of Conshohocken, were married early last week but we have no confirmation of the rumor.

Methodist Church Jettings. (By Rev. C. E. Scudder.) The topic for next Sabbath morning is, "Do You Exist or Live?" and for the evening, "How to Make the Church Alive? or Love as a Lubricant."

There will be preaching at Union next Sabbath afternoon. The topic for next week's prayer service is "Spiritual Thinking."

The following is the program for the Epworth rally to be held at Epworth church, Matamoras, next Tuesday afternoon and evening:

AFTERNOON SESSION. 2.30 Devotional exercises led by Dr. Fowler of Otisville, N. Y.

2.45 Address of welcome—Rev. O. J. Shoop of Matamoras, Pa.

3.05 Ten-Minute Addresses—1 "Can All Take Part by Prayer or Testimony in the Devotional Meeting?"—Rev. E. H. Atwood of Sparrowbush, N. Y.

2 "Is the Reading Habit a Good One?"—Rev. O. J. Shoop.

3 "Spiritual Sociability"—Dr. Fowler.

4 "Junior League Work"—Miss Margaret Muir of Port Jervis, N. Y.

Each topic will be followed by a brief general discussion.

4.15 Question Box—Rev. W. A. Chadwick of Port Jervis.

4.45 "The Epworthian at Large"—Rev. C. E. Scudder of Milford, Pa.

5.15 Ladies in charge.

EVENING SESSION. 7.00 Vesper service.

7.30 "A Trip to Alaska"—Dr. J. A. Gutteridge of the American University.

8.15 "The Young People and the Church"—Dr. J. R. Wright, presiding elder of the Jersey City district.

Consecration service led by Dr. Wright.

As leader of Group No. 7 of the Epworth Leagues of the Jersey City district the writer is anxious to have this Rally a grand success. No effort has been spared in preparing a program that will be a continual feast. The only thing that can make this day even a limited success is the lack of large audiences. However I have no fear for this for Dr. Chadwick and Miss Muir will demand a large hearing in the afternoon as will also Dr. Fowler and Mr. Shoop and in the evening any who miss hearing Dr. Gutteridge and Dr. Wright will miss it indeed.

It is with pleasure that we announce that Miss Minnie Brinnier will remain in Milford long enough to recite a couple of selections at the musical to be given in the church next week Thursday. This musical is in the interest of the Sabbath school and the proceeds will swell our Christmas fund.

We have felt for a long time that the idea of going to the parents of children just before Christmas to ask for money to buy presents for their children was a poor notion. This year we are on another track. At the present time a good amount is in the treasury but not enough to meet the full needs of the Christmas time. The musical will therefore be given to swell the fund. Let all parents and friends of the school take notice that no one will come around this year to call for Christmas money. Whatever you desire to give will be a free will offering and will be looked for by way of a collection next week Thursday evening.

An Ancient Foe

To health and happiness is Scrofula—so ugly as ever since time immemorial. It rouses blemishes in the neck, disfigures the skin, inflames the mucous membranes, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

"A lump appeared on the left side of my neck. It caused great pain, was lanced, and became a running sore. I went into a general decline. I was persuaded to try Hood's Sarsaparilla, and when I had taken six bottles my neck was healed, and I have never had any trouble of the kind since." Mrs. K. T. Snyder, Troy, Ohio.

Hood's Sarsaparilla and Pills

will rid you of it, radically and permanently, as they have rid thousands.

Reformed Church Notes.

(By Rev. A. J. Meyer of Montague.) On Sept. 3 Ida May Little of Hainesville and Emil Willis Bauer of Evansville, Ind., were married at the parsonage. Mrs. Bauer was one of our most highly esteemed young ladies and a member of the Dorcas society. The young bridal couple have gone to their new home in Indiana and the best wishes of their friends follow them. We all trust that the future has only bright and happy things in store for them.

Last week the Dorcas society held their annual election at the home of Mrs. Dr. Martin Cole. The officers elected were: President, Mrs. Andrew J. Meyer; 1st vice president, Mrs. John E. Jager; 2d vice president, Miss May Byrns; secretary, Mrs. Martin Cole; treasurer, Mrs. Sarah J. Sigler. It had been the intention of the Dorcas society to have a picnic for the society and its friends at High Point last Tuesday, but the fierce rain storm drove about twenty of them to the home of John Y. Clark for shelter and there the day was spent most enjoyably. Mr. Clark makes a splendid host and was ably seconded by his accomplished daughter, Miss Corn E. Clark.

The meeting of the Montague Ladies' Aid society was held last Thursday at the home of Mrs. Esther M. Lane.

Mrs. Henry Miller of Albany has decided to make her home at the parsonage this winter and we are very glad to have her with us again.

Topic Sunday morning "The Third Commandment." Sunday evening, "Witnessing for Christ."

KNOWLEDGE OF BIRDS

(Continued from First Page.) 14. Put a band of tin, a foot or more wide, around a tree or post containing a nest to keep climbing enemies from eggs and young.

15. Discourage the manufacture, sale, and use of air guns, sling shots, etc.

16. Do not use for ornamentation, wearing or otherwise, the feathers or parts of birds that are killed solely for that purpose.

17. Organize societies, such as chapters of the various state audubon societies, for the study and preservation of the native birds.

18. Aid in disseminating knowledge of existing laws, in enforcing them, and in effecting proper new laws for the protection of birds.

19. By personal effort promote the general and specific knowledge of the value of our native birds and the necessity of protecting them.

20. Aid the growth of public opinion on this subject by advocating the observation of bird day in all schools, the introduction of bird studies, and by other means.

J. F. Forwilliger, senatorial candidate, left for Stroudsburg this morning, where the conference will be held, accompanied by W. F. Chol, Alfred Devlin and Frank Schorr, his conferees. It is understood that J. T. Mulhearn of Carbon will be nominated.

Real Estate Transfers. Horace W. Van Anken to Elizabeth Losey, 88 acres, Lehman, \$1.

To a man up a tree, the United States has been having a pretty hard time of it. According to Mr. Bryan we have been having only "temporary prosperity," while Congressman Jackson of Kansas now states "that the republican prosperity is about over." What the country really needs, in order to give employment to the calamity howlers, is to have some of the large—real large—fine times of the Cleveland-Wilson low tariff regime of 1893-5.

Older Making. I will make cider at Milville in Montague, N. J., Tuesdays, Thursdays and Saturdays. To patrons, the bridge toll for the round trip will be only 15 cents.

In a Carefully Prepared Article recommends Dr. D. Kennedy's Favorite Remedy.

In a recent issue of the New York Magazine of Sanitation and Hygiene, the recognized authority on all matters pertaining to health, James H. Montgomery, M. D., says editorially:

"After a careful investigation of Dr. David Kennedy's Favorite Remedy, a specific for kidney, liver and bladder troubles, rheumatism, dyspepsia and constipation with its attendant ills we are free to confess that a more meritorious medicine has never come under the examination of the chemical and medical experts of the New York Magazine of Sanitation and Hygiene. In fact, after the most searching tests and rigid inquiry into the record of Dr. David Kennedy's Favorite Remedy, it becomes a duty to recommend its use in unequivocal terms to every reader of this journal whose complaint comes within the list of ailments which this remedy is advertised to cure. We have obtained such overwhelming proof of the efficacy of this specific—have so satisfactorily demonstrated its curative powers through personal experiments—that a case for the interests of our readers demands that we call attention to its great value."

A Certain Cure for Dysentery and Diarrhoea. "Some years ago I was one of a party that intended making a long bicycle trip," says E. L. Taylor of New Albany, Bradford county, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when Editor Ward of the Lausanneville Messenger suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully and never felt any ill effect. Again last summer I was almost run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me." For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

A Delightful Surprise. Mrs. Highup—Allow me to wish you every happiness, my dear. Your marriage was a delightful surprise to me. Mrs. Wayupp—Was it, really? Didn't you know I was engaged?

Mrs. Highup—No, indeed. I hadn't even heard that you were divorced.—N. Y. Weekly.

A Waste of Energy. "I don't believe whippings do children any good," said Mrs. Wiggins. "Why, I whipped Johnny at the photographer's three times because he wouldn't look pleasant, and he still looked as cross and disagreeable as ever."—The Bits.

The Comedy of Pretence. Eleanor—What made you give up society, Edmondia? Edmondia—Oh! I got so dead-tired of seeing people who are nobody trying to act like somebody; and people who are somebody acting like nobody.—Puck.

"In dealing with a man remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. For sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

So Unkind of Her. Edyth—I told Clara under promise of absolute secrecy of my engagement to Fred. Mayne—And she told it? Edyth—No, the spiteful thing never mentioned it.—Chicago Daily News.

His First Thought. Excited Wife—Wake up, Henry! The house is on fire! Sleepy Husband—Great heavens! Now we'll have to move again.—Ohio State Journal.

A Theological Guess. Bertha—What is all this "New Thought" religion? Billy—Oh! Just croquettes made out of the Old Thought.—Puck.

Constant Dinner. "Walter, I can't eat this steak!" "Lawsy! Lawsy! But what erud gentleman wot's had dat steak's erud told me!"—Chicago American.

A Communication. Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines but could get nothing to give me relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brookman, Hagen, No. This remedy is for sale by A. W. Balch & Son, Matamoras, all drug and general stores in Pike county.

VOLCANO DIAMONDS. Gems of Fine Quality Are Sometimes Found Amidst the Rocks and Lava Erupted.

Late London mail advices convey the information that De Heers are about to send an expedition to the scene of the recent volcanic disturbances in the West Indies to look for diamonds, reports the New York Times.

It is recalled that a few years ago, some large octahedron crystals were found in Barbados which were later identified as white spinels, which are frequently unearthed where diamonds are, although by themselves, and even when colored, are often very valuable.

The French crown jewels contain a spinel ruby of 365 carats, and another which was valued at 30,000 francs in 1791, one of 425 and another of 24 carats, being each valued at 300 francs. Small spinels fetch from six francs to 13 francs per carat; specimen stones fetch even more. A stone that a New Guinea gold prospector recently exchanged for a bottle of saccharine pellets was sold in Sydney, N. S. W., for \$300.

A peculiarity of the spinel is that, no matter what be the color of the stone, the light which is reflected from the depth of the gem is always a pale yellow. A blue spinel has been assigned as a sapphire, and was returned to the consignee, who had it cut and received more for it than it would have made had it really been a sapphire. A spinel collected by Dr. Heron is said to weigh 49 pounds. When spinel crystals are very fine they are considered gems, and De Heers thinks, having been found in large quantities in St. Lucia, it is not unlikely that they will be found in Martinique and St. Vincent.
