Invitations have been issued for the marriage of Miss Pauline W. Bourne and Robert W. Findlay, which happy event will occur at the Church of the Good Shepherd Oct. 15 at 12 m. The ceremony will be performed by Rev. C. B. Carpenter.

E. W. Piersen of Blooming Grove expects soon to remove his family to Hawley where he has employment as a carpenter.

Charles E. Thornton will start tomorrow with a team of horses owned by Fauchers Hotel guests for Philadelphia. He will be accompanied by Walter L. Angie, who goes back to resume his studies at the U. P.

District Deputy Grand Master of Odd Fellows George Daumann was at Lackawanna Wednesday evening to install the officers of Minisink Lodge No. 252. Mr. Daumann is most proficient in the work and his addresses are very instructive.

The coal strike continues and President Roosevelt has requested the leading operators and President Mitchell to meet him in conference today at Washington.

Charles Clark and wife rejoice over the advent of a present which the stock brought this week and August Metz and wife are also thanking the same bird for a like visit.

Theodore Tuthill shot and killed Miss Jeannette Schroeder in the Welsh building, Port Jervis, Tuesday evening and immediately turned the pistol on himself inflicting a wound from which he soon died. The alleged reason is that the young woman refused to renew her engagement of marriage with him which she had broken a few days before.

Thomas V. Taft, an old and highly respected citizen of Hawley, Pa., died at his home Tuesday.

Miss Lizzie Hill is absent on a visit with friends in Orange county, N. Y.

Miss Bertha Williamson left town today for her new home in Branchville, N. J. She will be greatly missed in church work and particularly in the C. E. society, of which she was an active and enthusiastic member.

Miss Neely Paddock and Miss Mary Collins of Atlantic City are visiting Mr. and Mrs. Howard Hill for a few days.

In a Glass of Water.
Put a handful of ground coffee in a glass of water, wash off the coating, look at it; small it is fit to drink! Give **LION-COFFEE** the same test. It leaves the water bright and clear, because it's just pure coffee.
The solid package makes uniform quality and freshness.

Presbyterian Choralings

(By Rev. E. M. Smead.)

The query has come to the pastor's mind whether the announcements each Lord's day morning are looked upon as a mere matter of form or whether it is a real benefit to the church and congregation. Do more people attend the Sunday school, Christian Endeavor society, and the evening service than would come otherwise? We most sincerely hope that all the services of the Lord's house may receive our thoughtful and prayerful consideration throughout this winter. The pastor's heart is very much disturbed at times because the young people are not more active in their branches of our work. It would be a most humiliating experience to see the Sunday school and Christian Endeavor meetings take a backward step. Let "Forward" be our watchword all along the line.

We regret exceedingly that so many are to be away from us and our work for the winter. They will be greatly missed but we hope for their prayers and their sympathy even as they shall have ours in their absence. It was a most sad meeting last Sunday evening when one of our most willing and able young ladies, Miss Bertha Williamson, announced that it was her last meeting with us. Mr. George Mitchell spoke in behalf of the officers of the church in regard to their appreciation of Miss Williamson and her labors and the pastor added a personal word to the same effect. We all commend Miss Williamson to the affectionate regard of the Christian people of her new home.

The recital by Mr. Edward A. Mead last Monday evening was a great success as is indicated in another article in this paper.

From all reports it would seem that October instead of June is the wedding month for Milford. If Cupid has been so busy in our midst as we are led to suppose then congratulations are in order. We would not be presumptuous but if any have a "secret in their hearts" we shall be most happy to share it and those that have indulged our curiosity may be assured of our most hearty good wishes for the future.

The missionary box for the Albion Academy of North Carolina called forth a generous response from a few of our members and seventeen dollars worth of things were forwarded as announced last Sabbath.

A normal class for Bible study was organized last Wednesday evening after prayer meeting consisting of twenty-two members. The class will meet every week after the prayer service for recitation and conference upon Biblical themes.

The pastor is pleased that the outside work has begun for the Manse improvements. This is a much needed step. May the work soon be completed.

Reformed Church Notes.

(By Rev. A. J. Meyer of Montague.)

The sacrament of the Lord's supper will be observed next Sabbath morning. The pastor would be pleased to have any one call upon him who wishes to make confession of faith in Christ. To express at God's altar our hope in Christ is a solemn duty and should be uppermost in our thoughts. A session of consistency to receive members will be held in the church parlors at 10.15 Sabbath morning.

At the church service Sabbath morning in addition to the sacrament of the Lord's supper there will also be infant baptism. The pastor's younger son will then be baptized and a most cordial invitation is extended to all Christian parents to "fill their Christian duty" by having their children baptized.

The topic Sabbath morning will be "The Fourth Commandment." Evening topic, "Witnessing for Christ."

The Doreas society of Hainesville met yesterday at the residence of Miss Mary Young.

The Ladies' Aid society of Montague will meet next Thursday afternoon at the home of Mrs. L. A. Marsha.

FOR SALE. One two seated survey with top, one light runabout wagon, one set single harness, one wolf skin robe, two horse blankets and two lap robes. Enquire at the Press office.—lf

Methodist Church Jottings.

(By Amy C. E. Johnson.)

The topic for next Sabbath morning is "Divine Law," and for the evening "Gallo, Who Didn't Care."

The Autumnal service will be held this year on the 19th of October. The old people's service will be held on that day in the morning.

The books for the normal class have arrived. We are greatly rejoiced that so many of our young people have expressed a desire to take up this systematic study of the Bible.

The musical that was postponed because of the storm last week Thursday will be held some time in the latter part of October. The specific date will be made known next week.

It gave us great pleasure to attend the recital at the Presbyterian church given by Mr. Mead. We wish to express our appreciation for the very excellent way in which he recited both serious and comic selections.

At the meeting of the Epworth League held Tuesday evening it was decided to have a lecture course during the fall and winter. Fall speakers will be given later. At present we can say that the services of Dr. Wilding have been secured.

He will give his famous lecture, "To the Top of Mount Hood." Dr. Wilding is a man who sees the funny side of things and combines valuable information with real wit. Dr. Gilbert will come also, a man highly recommended by Dr. Wright, our presiding elder. Mr. Kumbie, who has been a great success with his recital, "James Whitecomb Riley," will also come. The fourth man has not been secured as yet. Keep your eyes on this column next week.

At this meeting of the League delegates were appointed to attend the district convention at Ducktown to be held Oct. 23d. A quartet from our choir, consisting of Miss Mary Quick, Miss Lillian Buchanan, Mr. Dudley Ryan and the writer, will furnish special music for the day. Mrs. Thomas Armstrong will be the accompanist. Mr. Angle was appointed one of the delegates.

8 Cents

Eight cents a pound is what a young woman paid for twelve pounds of flesh.

She was thin and weak and paid one dollar for a bottle of Scott's Emulsion, and by taking regular doses had gained twelve pounds in weight before the bottle was finished.

Eight cents a pound is cheap for such valuable material. Some pay more, some less, some get nothing for their money. You get your money's worth when you buy Scott's Emulsion.

We will send you a little free.

All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

So would catarrh cause headache, impair the taste, smell and hearing, pollute the breath, derange the stomach and affect the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

"I was afflicted with catarrh. I took medicines of different kinds, giving such a fair trial, but gradually grew worse until I could hardly hear, taste or speak. I then resorted to try Hood's Sarsaparilla, and after taking five bottles I was cured and have not had any return of the disease since."—FREDERICK SPANGLER, Lebanon, Kan.

Hood's Sarsaparilla

Cures catarrh—in soothes and strengthens the mucous membrane and builds up the whole system.

Field's Minstrels

The entertainment last evening in the hall by a band of juvenile minstrels was well attended. It would be invidious to specially mention any one part when all were so well taken. The troupe combined shows much talent and furnishes an evening of laughter. If they come your way be sure and hear them for the amusement is both novel and surprising coming from such a band of juveniles.

HOMES AMONG THE TREES.

The Prevailing Desire for Them Exalts Real Estate Dealers to Build Up Fine Tracts.

There is in nearly every family a longing for a home with shade around it. No amount of city distraction can completely fill it. It may slumber, but it never dies. It is bred in the bone and born in the blood. In many cases it seeks its desire of its own volition. In most instances it has to be stirred to action. And here is where the companies that develop large tracts of land in or near cities do good work, says the New York World.

The fact that responsible men can take many acres within a short ride of the business section, build fine streets and pavements, put in water mains and gas and electricity, spend large sums in advertising, and then sell lots that will suffice for separate houses, with a few shade trees around them, at comparatively small sums on easy terms, shows that after all land near a city is not so expensive when handled on a large scale.

In or around all cities settlements built up in this way have become valuable and beautiful. Thousands have obtained their homes among the trees. A general good that follows these enterprises is the regularity of the streets. The average city in its growth followed old roads and thus its streets became twisted.

A Typical South African Store.
J. R. Larson of Bay Villa, Sandvays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor."

This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says, "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household, where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than four-teen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by A. W. Balch and Son, Matamoras, all drug and general stores in Pike county.

Democratic papers, which were quoting statistics to show the decreased foreign trade for August, as compared with last year August, thus indicating, as it appeared, a depressed industrial activity, are not saying so much when they discover that the decrease related principally to crop products due to smaller than usual yields, and that the exported products of manufacture showed an increase. The bountiful yields of this year indicate heavy exports for the coming season.

Chamberlain's Cough Remedy Saved His Boy's Life.

"I believe I saved my nine year old boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppo, Rio Creek, Wis.

"He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by A. W. Balch and Son, Matamoras, all drug and general stores in Pike county.

The Commoner has been enlarged to 16 pages and will be used in future, as heretofore, to thwart plianocracy, to prevent the democracy from making any wild rushes into the arms of the money lenders—other silver or gold ones—and particularly, we are informed by the editor, "to thwart the plans of those who would use the democratic party for mercenary purposes." It would be well, it is suggested, to subscribe at once since the pulp trust may at any time necessitate an increase in the price of the newspaper.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. A. W. Balch and Son, Matamoras, all drug and general stores in Pike county will refund your money if you are not satisfied after using it. It is every-where admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.—10-31

DON'T DELAY.

It is "Putting Off" Till Some Other Day that Causes so Many Sudden Deaths.

If it is for the kidneys, liver, bladder or blood, rheumatism, dyspepsia, chronic constipation, or the weaknesses peculiar to women, the most efficient medicine known to the medical profession is Dr. David Kennedy's Favorite Remedy, and a very simple way to find out if you need it, is to put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or a milky, cloudy appearance, if it is roppy or stringy, pale or discolored, you do not need a physician to tell you that your kidneys and bladder are badly affected.

The Rev. Theodore Hunter, pastor of the Presbyterian Church, Greensboro, Ky., writes us the following:

"It gives me much pleasure to state that I have received great benefit from the use of Dr. David Kennedy's Favorite Remedy. Some time ago I had a severe attack of kidney trouble, but a few bottles of 'Favorite Remedy' have entirely removed the malady."

"Favorite Remedy" speedily cures such dangerous symptoms as pain in the back, frequent desire to urinate, especially at night, burning scalding pain in passing water, the staining of linen by your urine.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles.—Less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Randolph, N. Y.

Stricken With Paralysis

Henderson Grimet of this place was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, his wife recommended Chamberlain's Pain Balm and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known as a cure for rheumatism, sprains, and bruises. For sale by A. W. Balch and Son, Matamoras, all drug and general stores in Pike county.

Why do not our friends, the democrats, show how they smashed the trusts by their free trade policy-forging in 1893? A few of the trusts did go to the wall as the result of that abolition known as the Wilson law, but the general experience was that the trusts stood the strain better than anybody else. The unorganized businesses of the country were the ones that went to smash, and business was smashed so completely that the democrats were mortally afraid to go before the country in 1896 on their beloved tariff issue, and allowed Bryan and free silver to capture their party.
