J. B. VAN ETTEN, PUBLISHER, Milford, Pike County, Pa.

REPUBLICAN

STATE TICKET

For Governor, SAMUEL W. PENNYPACKER, of Philadelphia. For Lieutenant Governor, WILLIAM M. BROWN, of Lawrence county. For Secretary of Internal Affairs, ISAAC B. BROWN, of Erie county.

COUNTY TICKET

For Congress, THOMAS E. DAVIS, of Carbon County. For Prothonotary, Register and Recorder, VICTOR COREY, of Greene. For County Commissioner, PIERRE M. NILIS, of Milford borough. For County Treasurer, ROCKWELL G. HEIDENTHAL, of Matamoras. For County Auditor, AMERICUS H. DOWN, of Palmyrs. For Representative, ALFRED S. DINGMAN, of Milford borough.

SETTLING THE STRIKE

The proposition of President Roosevelt made to the miners that if they would resume work he would appoint a commission to investigate the differences between them and the operators was rejected. The effort was commendable but as the act of congress only authorizes the report to be submitted to the president and congress and as no way seems provided to enforce the findings the operators could treat it with the same unfeigned contempt they did the president's former attempt to have the differences arbitrated. Either the miners must yield, or the operators must concede their demands, or both sides must agree to arbitration to settle the matter. These seem to be the only methods.

OPENING ROADS

A mistaken idea seems to prevail in some quarters that farmers are obliged to widen the public roads through their premises to the width required by law and also that they are required to cut the brush along highways at their own expense. These duties pertain to the supervisors, who are required to keep the roads in good condition—of safe width to accommodate the traveling public—free from obstructions, and also free from loose stones, and supervisors cannot escape the consequences of neglect to perform these duties, nor can they impose such burdens on individuals without making compensation.

The cases against members of the Blooming Grove park association for intent to stir game out of the state set down for trial at Scranton Oct. 20, as elsewhere noted, have been indefinitely postponed until the demerars to the indictments have been disposed of. Arguments on demerars will be heard at Scranton.

The London papers, according to the dispatches, express warm satisfaction at the receipt of the encouraging reports regarding the president's health, and sympathy for him in his restored equanimity.

Methodist Church Jottings.

(By Rev. C. E. Sponner.) The topic for next Sabbath morning is, "The Christian Day Laborer," and for the evening, "Drive Home Help—Believe ye that I am able?" Remember the Old People's service to be held one week from next Sabbath morning and the Autumnal service to be held on the evening of the same day.

The first in the course of lectures under the auspices of the Epworth League will be held in Brown's hall on the 24th of this month. Dr. Wilding will give his famous lecture, "To the Top of Mount Hood." It is the privilege of the writer to know Dr. Wilding. I have heard him several times and always with the greatest delight. He will give us a lecture of rare interest.

Mr. Westbrook has paid our choir another compliment in the way of an invitation to furnish the music for Monday evening, October 27th. We are glad to have part in the public affairs of the place, especially those of an educational nature. The writer will open the institute with devotional exercises.

Our normal work began with a depth of interest that promises good success on last Monday evening. We are sure that this class will be one of the sources of spiritual life in the church. To know what the Bible contains in fundamental fact is for our religious life what the clothes line is to the housewife, something to pin our thought and faith fast to. If we take hold of the Bible with a firm grip this line will never break and let the life go trailing on the ground.

Our lecture and entertainment course is now completed as far as arrangements are concerned. Dr. Wilding will be followed by Jesse Gilbert, Ph. D., and then will come Miss Edith Norton and Mr. Kemble. Miss Norton will give miscellaneous recitations and Mr. Kemble will recite selections from James Whitcomb Riley. Season tickets will be sold for one dollar, entitling the holder to a reserved seat.

Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also.

Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather. It has been a long time since we have been without Hood's Sarsaparilla. My father thinks he could not do without it. He has been troubled with rheumatism since he was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable him to take his place in the field." Mrs. Ana Bry, Ribbey, Iowa.

Hood's Sarsaparilla and Pills

Remove the cause of rheumatism—no outward application can. Take them.

Presbyterian Chronicalings

(By Rev. E. M. Smead.) The subject selected for next Sabbath morning is "Hallowing the Father's Name." The evening topic will be announced at the morning service.

The normal class held its first meeting at the close of the prayer meeting this week. There were about twenty-five present and the prospect for a pleasant and profitable winter's study of the Bible and kindred themes is very bright. Although the class is very large in itself nevertheless visitors will always be welcomed. The session will always be held immediately after the prayer meeting services. All are expected to bring their Bibles and use them. Note books and pencils are recommended. A prayerful, candid spirit will characterize, we hope, each meeting of this class.

Last Tuesday evening the pastor was afforded the very great privilege of performing the marriage ceremony that united Mr. Frank B. Thrall and Miss Harriet Watson Horton in holy wedlock. The wedding was held in the parlors at the Homestead and a very pretty one it was. The south room was very tastefully decorated with ferns and plants and the walls handsomely festooned. The ceremony was begun a few moments after six with the wedding march which was played by Miss Lydia Brown. The piano was placed in the hallway and while the music reverberated its soft, sweet tones through the open doors the solemn vows were taken and the happy couple were impressively pronounced man and wife. There were thirty-five guests present and their congratulations were most sincerely and cordially given. The wedding supper then followed and after a very pleasant evening was enjoyed by all. Mr. and Mrs. Thrall are two highly esteemed young people of our village and church. We anticipate for them a most bright and happy future. May every Christian blessing crown their union with increasing joy and prosperity. We rejoice that the young couple are to make their home among us.

Before we shall be privileged to write in these columns again the first Ladies' Aid tea of the winter will have been given. It is our most sincere desire to have a large attendance. The new officers can have no better evidence of your cooperation and sympathy than to see you at their first tea. Acquaint yourself with the date and be sure to come.

If two men get to fighting in the street the state has the right to step in and separate them. The trouble may be a purely personal one between the men, but they are disturbing the public peace and are thus subject to arrest and punishment. How, then, is it that two sets of men can engage in a wholesale war which not only disturbs the peace but interferes with the business of the entire country and menaces the whole people with loss, discomfort, bodily ills, and sufferings through the shutting off of the supply of such a universally needed product as coal? Is there no constitutional way to stop the fight, just as the two individuals could be parted and bound over to keep the peace? If there is, not it is time that our public men should provide one.

Another indication that the statesman who recently announced that our "temporary prosperity" is about over has poor judgment is shown in the official report of the freight tariff at the Great Lakes for the first seven months of this calendar year. The returns show 25,718,826 net tons of freight received at 144 Great Lakes ports as compared with 18,891,257 tons for the corresponding months of last year, an increase of over one-third. This lake traffic is a sure index of the business condition of the Great North-west. It includes the products of the twelve states. The registered tonnage of the great lakes is more than double that of our foreign trade, which covers every sea.

First frost of the season here was last night.

Reformed Church Notes.

(By Rev. A. J. Meyer of Montague.) Manning, Jr., infant son of Manning and Rosetta Hotstein, died last Thursday. The funeral service was held at the house Saturday afternoon at two o'clock. The pastor's remarks were based upon Isaiah 9:6: "For unto us a child is born, unto us a son is given."

Mrs. Hannah Westbrook, so well known to all the members of the community as "Aunt Hannah," died suddenly last Sunday night at 7:50 o'clock. Had she lived until January, Mrs. Westbrook would have been 83 years of age. The whole community will miss her for every one could call her a friend. The funeral service was held in the church, the text being the first verse of the 23d Psalm, "The Lord is my shepherd."

The many friends of Mrs. Wm. Cortright sympathize very earnestly with her in her sorrow over the death of her mother, Mrs. John H. Wood.

The Montague Ladies Aid society met yesterday at the home of Mrs. James McKesby. The annual election of officers was held and the following elected: President, Miss Seony Wood; vice president, Mrs. Esther M. Lane; secretary, Mrs. George Cortright; treasurer, Miss Frances Wieland. We trust that a new era of prosperity awaits the society this coming year, and that their efforts will be even more bountifully crowned with success than in the past.

The Dorcas society of Hainsville will meet at the home of Mrs. Rebecca Schooley next Thursday. This meeting will be an important one and every member is urged to be present. Preparations are to be made for the annual Thanksgiving eve turkey supper.

The pastor and Mrs. Meyer, with Dr. and Mrs. C. A. Cole, Mrs. Chas. Grau and Mrs. Sarah J. Sigler, were very pleasantly entertained by Miss Mary Young Thursday.

The topic for next Sunday evening will be "Witnessing for Christ."

The communion service scheduled for last Sabbath has been postponed to Sunday, Oct. 19.

Chamberlain's Cough Remedy Saved His Boy's Life. "I believe I saved my nine year old boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right."

For sale by A. W. Balch and Son, Matamoras, all drug and general stores in Pike county.

At the president's invitation Mitchell, the leader of the coal strike, and several of the chief operators met in Washington on Friday, the 31st inst., to consult with a view to settling the differences between them. The operators proved deaf to the president's appeal to their patriotism, and while Mitchell expressed a willingness to abide by the decision of arbitrators to be selected by Mr. Roosevelt (Mitchell's suggestion), yet he was not willing to yield any point in dispute. Failure to accomplish the desired result is the outcome. The situation has grown critical because of the almost total exhaustion of the coal supply in the cities, and what little is left is beyond the reach of all but those in good circumstances. Even the latter will be unable to procure fuel after the last of next week. Fortunately the weather has as yet been moderate, but the results, should the strike continue, will be appalling.

The strike is still on and the miners have voted to continue it until ended by President Mitchell, who refuses to call it off until the operators yield to his demands.

Henry L. Shattuck of Shellsburg, Iowa, was cured of stomach trouble with which he had been afflicted for years by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried other remedies and a number of physicians without relief. For sale by A. W. Balch and Son, Matamoras, all drug and general stores in Pike county.

FOR SALE—One two seated surrey with top, one light runabout wagon, one set single harness, one wolf skin robe, two horse blankets and two lap robes. Enquire at the Prices office.—J. F.

ADMINISTRATRIX'S NOTICE. Estate of Wm. H. Courtright deceased. Letters of administration, having been granted to the undersigned, all persons indebted to the said estate are requested to make payment and those having claims to present the same without delay to LAURA COURTRIGHT, Administratrix. Milford, Oct. 9, 1902.

Foley's Honey and Tar cures colds, prevents pneumonia.

THE PRESIDENT

Of the City Council, Wilkesbarre, Pa., Cured of Rheumatism.

Col. Wm. J. Harvey, a president of Wilkesbarre's city council, who will long be remembered for his great work for the city, was once a mere physical wreck, torn in every muscle and nerve from the frightful pains caused by rheumatism. He consulted the best physicians, went abroad, took mud baths, and almost every known treatment for the disease. A friend had had a very similar experience and Dr. David Kennedy's Favorite Remedy had cured him, so he recommended this great kidney medicine to Col. Harvey and he is to-day a well man, hale and hearty. He writes straight to the point: "Dr. DAVID KENNEDY, Dear Sir—This is to certify that I was permanently cured of rheumatism by the use of Dr. David Kennedy's Favorite Remedy."

Rheumatism is but another name for uric acid poisoning which is caused primarily by diseased kidneys. Cure your kidneys and the rheumatism disappears. For all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, as well as sicknesses peculiar to women, Dr. David Kennedy's Favorite Remedy is unquestionably the greatest medicine known to the medical profession. It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Roundout, N. Y. Dr. David Kennedy's Bone Jelly radical cure Osteoporosis, Hay Fever and Cold in Head. See.

Do You Know? That we are offering real Bargains In Shoes and footwear for men, women and children? Give Us a Call and See for Yourself.

Ryman & Wells.

WE NEVER GUESS. People everywhere will eventually insist on receiving the ideal service they get here without the insisting. The public at large is not one-half as particular as we are in this matter of pure drugs, or in regard to the accurate filling of their prescriptions. In the buying, handling, selling, or compounding of drugs, we never guess. We make sure that everything is right in every particular. We want to be your druggist. C. O. ARMSTRONG Druggist.

Stricken With Paralysis. Henderson Grimett of this place was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm and after using two bottles of it he is almost entirely cured.—Geo. B. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known as a cure for rheumatism, sprains, and bruises. For sale by A. W. Balch and Son, Matamoras, all drug and general stores in Pike county.

A reassuring statement is contained in the report of the United States Monetary Commission, which says: "The total losses to depositors and others in failed national banks since the adoption of the law in 1864 amounts to only one-seventeenth of 1 per cent. on the amount of deposits."

The Just physio—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by A. W. Balch and Son, Matamoras, all drug and general stores in Pike county.

EXECUTRIX'S NOTICE. Estate of Herman Krause, deceased. Letters testamentary on the above estate having been granted to the undersigned, all persons indebted to the said estate are requested to make payment, and those having claims to present the same without delay to MRS. BARBARA KRAUSE, Executrix. Matamoras, Pa. Or to her attorney, ALFRED MARVIN.

GEORGE C. WILDING, D. D.

Who will begin the lecture course under the auspices of the Epworth League of the M. E. church by a lecture entitled, "To the Top of Mount Hood," which will be given in Brown's Hall on Friday evening, Oct. 24th.

Lumbering in New York

The U. S. department of agriculture has just issued bulletin 34, a history of the lumber industry in the state of New York, by William F. Fox. It is embellished with a number of cuts showing old and later sawmills, among them the oldest yet standing in the state built in Ulster county in 1803.

SCOTT'S EMULSION

Scott's Emulsion is the means of life and of the enjoyment of life of thousands of men, women and children. To the men Scott's Emulsion gives the flesh and strength so necessary for the cure of consumption and the repairing of body losses from any wasting disease. For women Scott's Emulsion does this and more. It is a most sustaining food and tonic for the special trials that women have to bear. To children Scott's Emulsion gives food and strength for growth of flesh and bone and blood. For pale girls, for thin and sickly boys Scott's Emulsion is a great help.

Mills were built in New Amsterdam (New York) in 1623 and about the same time some at Fort Orange (Albany) which was settled in 1614. The machinery for these mills was shipped from Holland and the power was either water or wind, one on Governor's island probably run by wind. It is a very interesting little work and contains much information.

A number of ladies of this borough are anticipating a drive to Bushkill and a ride over the D. V. R. R. to Stroudsburg. They expect to have a real fine time all by their lonesomes without any of the horrid men around. The hotel proprietors down there will need to lay in a large supply of—well, say, chickens and waffles.

Democratic temporary anxiety that the republican temporary prosperity would come to be permanent has become a fixed condition.

The Missouri democrats are between the devil and the briny ass, and Mr. Bryan says that free silver is still an issue. Senator Cockrell says it is dead. And the Missouri democrats are fond of both Mr. Bryan and the senator.

Since the second operation on the president his condition is reported as improving rapidly. It is hoped that he may yet get out in time to make a few more speeches before the campaign closes. He may be a little low advanced in his ideas for certain politicians, but the people believe in him.

"Anxious reader" wants to know what a poperaat. The poperaat is a creature which lived many years ago and was used to gorge itself daily on calamity. Traces of it are found in the red sandstone deposits along with the skeletons of the pterygactyl and other extinct animals and reptiles. Science has as yet been unable to discover any useful attributes of the poperaat.
