J. H. VAN EISEN, PUBLISHER, Milford, Pike County, Pa.

The Easton Free Press, which before election predicted that Dr. Shall would be badly out by the democrats of that county, now finds "that the anticipated support (for Nesbitt) out side the republican ranks was not forthcoming," and that "he was out in some instances by republicans."

Carbon and Mouron have put a big frost on somebody's sonorial pumpkin.

Fire in Methodist Parsonage

Last evening about 9:30 fire was discovered in the kitchen part, a two story wing, of the Methodist parsonage and before the arrival of hose carts, which were however prompt to respond, that part of the building was probably damaged beyond repair. Smoke also considerably injured the contents of the main house. Both Mr. Scudder and his wife were absent and Mr. Crowley and the two children had retired. They were, however, aroused and got safely out. Mrs. Schutta, who lives with family, was in the kitchen and says the fire originated from an overturned, kerosene lamp. It is an unfortunate occurrence for Mr. Scudder and his family and they will have the full sympathy of the community.

Fortunately there is ample insurance to cover all loss.

Geo. R. Ball and Dr. W. B. Kenworthy were at Blairstown, N. J., last Saturday.

Mrs. Van Campen will in future make her home with her son, Sherwood, in Netou, N. J.

Albert Q. Wallace has leased and will occupy the house of Mrs. Huguenin on Harford street.

Mrs. Edward Blood of Caddabackville was a guest with her parents, T. R. J. Klein and wife, last Sunday.

Mrs. Susan Peters and son, John, of Philadelphia and Mrs. Belinda Nye of Egypt Mills are visiting relatives in town.

Harry Peters of Bushkill is now at Silver City, New Mexico, and his health, which has been greatly impaired, is much improved.

Dr. E. F. Buchner, of Worcester, Mass., who was an instructor at the teachers' institute here, is now at the Delaware county institute.

Fred Gamble has resumed the meat business at his former place on Harford street and will be pleased to serve the people of Milford.

After January 5, 1903, no lawyer will be admitted to practice in the supreme court of this state without having first passed a satisfactory examination before a state board of examiners.

Governor Shuse has appointed a commission to enquire into the condition of Superior Court Judge Mitchell and if it is found that he is unable longer to perform his duties he will retire.

The Youth's Companion is a most excellent paper for young people, and older ones, too. We have arranged to take subscriptions for it in connection with the Press which will be of advantage to those desiring such an excellent publication. Among the many noted and entertaining writers who will contribute during the coming year are Gifford Pinchot, Forester, and Homer Grosvenor of Honesdale.

The fine weather is being fully occupied in enclosing the several new houses being erected here. One for Jas. W. Finchel, one for Dr. E. E. Emerson, one for A. D. Brown and one for T. B. Morse. It is rumored that next spring will see a genuine building boom in town and at the same time we expect the D. V. R. R. will be extended up the river. If both of these events happen Milford will be a lively place and at last realize her deserts for there is no more healthy or beautiful town for homes in the country.

All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

Hood's Sarsaparilla

Cures catarrh—It soothes and strengthens the mucous membrane and builds up the whole system.

The demand from Hawaii and the Philippines for the admission of Chinese labor to those islands under certain restrictions, should not, because of prejudice and popular clamor, be dismissed without consideration.

In Hawaii, the need of such labor is beyond dispute as the increase in acreage under cultivation has far outstripped the supply of labor. In the Philippines, the conditions are even worse. White men will not and cannot do the work demanded in developing the vast resources of our tropical possessions. The native cannot be depended upon. He only works by fits and starts when necessity drives him to toil.

If by restrictions the Chinese can be prevented coming from the islands to this country and so competing with our own labor, there can certainly be no objection to admitting a limited number to meet the absolute demands of the situation. It seems that any other policy would destroy the industries in Hawaii and seriously retard, if not entirely prevent, the progress of development in the Philippines.

Senator Spooner's return to the senate seems to be assured. However there are reports of a strong fight to be made against him because of his failure to support the state platform when called upon.

Expected reports of the wholesale closing of school houses have failed to materialize. Yet we have on page 572 of "The First Battle," by William J. Bryan, the following announcement:

Mark my word, if the gold standard gets on and the people continue to complain, the gold-standard advocate, instead of trying to improve the condition of the people, will be recommending that you close your schools, so that the people will not realize how much you are suffering." Of course we note an "if" or two in this. The gold standard has gone on, we believe, but for some reason the people have failed to make the expected complaints, and even on the 4th of November voted to continue the gold-standard advocates in power.

Presbyterian Chronicalings

(By Rev. E. M. Smoad.)

The failure to have our usual items in this space last week was due to circumstances more than neglect. The pastor was enjoying one of the pleasantest weeks imaginable at the Edgemoor club house at Silver Lake. The occasion was a hunting expedition in company with Richard Nills and three others who joined the party later in the week. The guide, Stoll Jagger, certainly knows where the game is, and the writer is proud to have captured the first and only deer he ever saw in the woods. Mr. and Mrs. August Meroier did the entertaining and nothing for comfort and enjoyment was lacking. Such trips put ozone into the blood and make life exhilarating. We wish all who would enjoy nature in her wildest garb might have a similar vacation.

The pastor enjoyed the Masonic gathering at Hawley Tuesday night which celebrated the sesquicentennial of the initiation of George Washington into that fraternity. While some are bitterly opposed to secret societies still there is much good in many of them. The Masonic fraternity has a great deal more that is good and commendable than it has of questionable character. To be sure it is not infallible or perfect but a good mason is the next best life in this world to a consistent, blameless christian. The writer was invited to speak to the gathering and while he endeavored to present views entirely in keeping with his calling the brethren gave their undivided attention and personally gave their appreciation and approval. If men do not come to us we must go to them earnestly, sympathetically and candidly.

The topic for next Sabbath morning is, "A Plumb of Prayer," and for the evening, "A Fatal Mistake."

November 20th has been decided upon as Decision Day in the Sabbath school. This will be followed by two weeks of special revival meetings.

The reading of the Thanksgiving proclamation of the president reminds us that the union service this year will be held in our church.

The services at Union have been unusually large of late. Great interest is manifested in the Christmas service. We anticipate a large time before the school closes for the winter. Mr. Angelo is to be congratulated on the state of the school, and especially in having so good an organist and musician as Mrs. Gavoille to train the children and lead the singing.

The large attendance at the home school last Sabbath was also a cause for rejoicing. This is the season of the year when the labors of the autumn are nearly over, the vacation season of those engaged in the boarding business ended and we are getting together for the winter work. May the numbers and interest increase.

The large congregations at both services last Sabbath, especially the morning service, were an inspiration to the pastor. If we all could know how much good was done by the simple fact of church attendance no vacant places would be seen in any of our churches.

The next in the list of entertainments under the auspices of the Epworth League will take place at Brown's Hall next week, Friday night, the 21st. Miss Norton will then give her well known recital.

The meeting of the Prohibition Alliance will be held next Tuesday evening in the basement of the church. This will be a general meeting, and all friends of temperance are urged to attend. An account of the progress of the temperance movement will be given, and a general address also. Push on in the great reform. Let no one be asleep while drunkards die, doomed.

In 1890 the people were prosperous, but a good many of them did not know it. It was dinged along into their ears that they ought to be better off. They consented to try something which would make them thus better off. While they were likely to allow the same programme to be carried out again? Not, we think, until new generations arise which knew not the times of 1895-98.

Jumped on a Ten Penny Nail

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and struck one nail entirely through her foot and a second one half-way through Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced.

In three days the child was wearing her shoe as usual and with absolute joy to her mother. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an anesthetic and heals such injuries without incision and in one-third the time required by the usual treatment. For sale by A. W. Balch and Son, Matamoras, all drug and general stores in Pike county.

IT MATTERS NOT

How Sick You Are or How Many Physicians Have Failed to Help You.

Dr. David Kennedy's Favorite Remedy will Cure You if a Cure is Possible.

Doctors are not infallible and there are many instances where they have decided a case was hopeless and then the patients astonished everyone by getting well and the cause of their cure was Dr. David Kennedy's Favorite Remedy.

Some years ago I was attacked with pain in my back and side that were fearful in the extreme. I could not control my kidneys at all and what comes from them was mucous and bloody. I was in a terrible state and required a physician. A prominent physician of Albany, N. Y., advised that an operation was all that would save me. I refused. But I had commenced to take Dr. David Kennedy's Favorite Remedy. I had better almost instantly. When I had taken about two bottles, the flow from the bladder was much clearer, the pain stopped, and I was cured from the surgeon's knife and anæsthetic.

Dr. W. H. Morse, the famous physician of Westfield, N. J., has this to say of this great medicine:

I have known it to cure chronic inflammation of the kidneys, where the attending physician pronounced the case incurable. No form of kidney, liver, bladder or blood disease, or the distressing sicknesses so common to women, can long withstand the great curative power of this famous specific. Its record of cures has made it famous in medical circles everywhere.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—sent free for 10¢. Free by mail, Dr. David Kennedy Corporation, Rondout, N. Y.

THE NEW YORK WORLD Thrice-a-Week Edition

Read Wherever the English Language is Spoken

The Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. Time is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every state and territory of the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1903, will make its new service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscriber for only one dollar a year gets three papers every week, and more news and general reading than most great dailies can furnish at five or six times the price.

The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, and democrat and republican alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to all the news the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only \$1 per year and this pays for 126 papers. We offer this unequalled newspaper and the Pike County Press together one year for \$2.

The regular subscription price of the two papers is \$2.50.

A Violent Attack of Croup Cured "Last winter an infant child of mine had croup in a violent form" says Elder John W. Rogers, a Christian evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by A. W. Balch and Son, Matamoras, all drug and general stores in Pike county.

It is reported that between 40,000 and 50,000 colonists have gone into the far western, northwestern and southwestern States during the past two months. The movement of home makers and settlers has never been so great in the history of western railroads. The western states are anxious to have the government irrigation works commence construction at the earliest possible date.

A. W. Balch and Son, Matamoras, all drug and general stores in Pike county guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia. 2 26 02
