SANDYSTON.

Have you had the measles is the leading question in and around Layton? There are numerous cases here, and in several instances the parents have not had them and there is where the trouble comes in. However, the disease is of a mild type.

The Wm. C. Drake farm has been rented by Ernest Brown, who will occupy the same April 1st.

The old saw of that you must have half your meat and hay on Feb. 2d, can be verified now as that date is just. And they are fortunate who can truthfully say they "stand pat" with the old saying.

"H. L." says in your last that a young chap of Milford had a fall and "came within a quarter of an inch of breaking his nose." That was a mighty close call, but will H. L. tell us how he got that exact quarter of an inch.

While we were not aware of the new venture of Chester E. Smith, formerly one of our most energetic and go-ahead teachers, in getting married and going into business at Dingmans, we along with his numerous friends in this valley wish him happiness and success.

The bills for the bounty paid for fox pelts were duly presented to the proper official, a long time before our Board of Freeholders met, and now I am told to append said affidavits to a printed blank affidavit a form approved by the board and then the bounties will be paid. Red tape is responsible for a lot of delay.

How about that town hall for this township. Nearly every one with whom I have talked, is favorable to the building of the hall. That it will be a benefit to one will deny and agitate the question and the hall will be an assured fact.

Our Board of Freeholders has voted to ask our members of the legislature to urge the repeal of the fox bounty now on our statutes. Freeholder Goble urged the repeal on the ground that he was unable to secure the necessary help to gather his ice crop. And the tail is going to wag the dog is it. Well, well, the voters of Mr. Goble's township should see to it, that Mr. Goble is relieved of his freeholder duties, to the end that he may secure that valuable ice crop, and the patrons of the Newton Record are sorry to see it second Mr. Goble's plan.

During the month of January the weather was as follows: Highest temperature 49° on 28th, Lowest temperature 5° below on 14th and 20th, average maximum temperature 33.32, average minimum temperature 15.97, greatest daily range 34° on 1st and 2d, rainfall 1.51 inches, snowfall 8.00 inches, clear days 19, partly cloudy 9, cloudy 3. Corn yet to husk in this town sounds strange doesn't it, and yet there is. That farmer don't need any crib, and by husking as he needs it, is saved the cost of building one. But how about husking when the mercury is near zero.

Mrs. Catharine Conkili, of Hainesville has been granted a pension of \$8 per month and a snug sum of back pay. She is the widow of Samuel Conkili, late private Co. E. 25 N. J. Volunteers, and died at Hamburg, N. J., in 1901. His pension must be returned to the pension department in order to draw his arrears but is being held by a Deekertown party to secure his debt but he will know more about such matters ere long.

The mite at Dayton Depue's one night last week brought out a crowd of young folks and the receipts were \$2.55. But, I am afraid that mite party put an end to the hopes of an exhibition. And it is probably as well.

Babies are somewhat numerous in this vicinity. During the past week the stork visited the homes of Elias Albright, Lester Slycox and Benjamin Rosenkrans. The latter is a son, but I don't know the sex of the other two.

The other evening in going down Broad street, Newark, on a trolley car I was pleasantly surprised to find Loren Shay of Sandyston the conductor. Loren handles the mickles with the skill of a veteran.

William Utter is the proud possessor of a little son, who arrived on the 29th ult.

The lecture at Hainesville on Monday evening by Rev. C. S. Ryman, D. D., brought out a large attendance. The lecture was listened to by all as the reverend gentlemen brought the telling points, and was much appreciated as well as the fine singing of Miss Jenkins of Montclair. An adjournment was had after the lecture to the basement, where the ladies had provided a bountiful supply of good things for the inner man.

Miss Kittie Judd of Silver Lake is sending a fortnight with Mr. and Mrs. H. E. Montross, at Layton.

MATAMORAS.

Mrs. William Chase, who has been seriously ill at her home is improving slowly. Mrs. Chase's mother, Mrs. A. J. Boyd, from Sparrowbush is the nurse.

Miss Elythe Crane, of Middletown, is visiting her mother.

Master John Quinn, on Pennsylvania avenue, was tendered a pleasant surprise at his home on Friday evening. The little people had a very pleasant time, and all voted Johnnie a good entertainer.

M. Myers, of New York City, is visiting at the home of Mr. and Mrs. George Wolscheid on Third street.

Miss Eva Wonnacott, of Fishkill-on-Hudson, who has been visiting in Matamoras for a few days, returned to her home on Friday morning.

David Kellam, of Colorado, in the mining districts of the Rocky Mountains, who was formerly a resident of Wayne and Pike counties, is now visiting his old friends in the east. He has spent a few days with Mrs. Amanda Kimble and Mr. W. Kimble, on Washington street.

The men of Epworth church will hold their annual supper on Thursday evening, Feb. 19, in the church parlors. Every one is welcome.

Mrs. Phillips, on Pennsylvania Ave., is sick at her home with appendicitis.

Mr. and Mrs. Frank Dilger, on River street, are rejoicing over the arrival of a young daughter in their family. It weighed 10 pounds. Mother and child are doing nicely.

Frank K. Heater, son of Mr. and Mrs. David Heater, died at their home in Matamoras, Sunday afternoon, after an illness of one year, of consumption. He was 39 years of age. Deceased was born in Matamoras and resided here the most part of his life. For the last 10 years he had resided on a farm near High Point, but about one month ago owing to failing health he was compelled to return to Matamoras for rest and treatment. He was an industrious, conscientious young man and well liked by all his neighbors and friends. He is survived by his wife, four children, his parents and three sisters, Mrs. H. B. Owens and Elva Heater, of Port Jervis, and Lilly May, at home. The funeral was held Wednesday afternoon at the home of David Heater at 2 o'clock. Interment in Laurel Grove cemetery.

PAUPAC.

David Killam, of Leadville, Colo., visited in this place last week.

Mrs. Ed. Bittenbender and son are spending a few days with A. J. Kimble and family.

Jacob Zimmerman departed Tuesday for a visit with relatives in New York and Paterson.

Mrs. Artemus Simons returned to her home at Hawley the first of the week.

Ralph Williams opened the door in response to a knock last Tuesday evening and was greeted with shouts of—Surprise! Surprise! He gasped for breath as he surveyed the crowd that stood outside in the moonlight, and at length recognized his young friends and schoolmates, who had assembled to greet him on the anniversary of his birthday. On being admitted the young folks took possession and proceeded to enjoy themselves effectually playing games, singing, dancing and listening to selections of music. A bountiful supply of refreshments had been prepared and on taking leave they pronounced the occasion one long to be remembered and regretted that birthdays only occur once in the year. DEFACTO.

BUCKINGHAM'S DYE

IT MATTERS NOT

How Sick You Are or How Many Physicians Have Failed to Help You.

Dr. David Kennedy's Favorite Remedy Will Cure You if a Cure is Possible.

Doctors are not infallible and there are many instances where they have decided a case was hopeless and then the patients astonished everyone by getting well and the sole cause of their cure was Dr. David Kennedy's Favorite Remedy. A case in point is that of James Lettice of Canajoharie, N. Y., who writes:

"Some years ago I was attacked with pains in my back and side that were fearful in the extreme. I could not control my bowels at all and what came from them was mucus and blood in a horrid state and without intermission. A prominent physician of Albany, N. Y., came in on an occasion and was of the opinion that I should die. I read that and commenced to take Dr. David Kennedy's Favorite Remedy. I had better almost instantly. When I had taken about two bottles, the flow from the bladder was much altered; the pain stopped, and I was saved from the surgeon's knife and an early grave."

Dr. W. H. Morse, the famous physician of Westfield, N. J., has this to say of this great medicine:

"I have known it to cure chronic inflammation of the kidneys, and the abdominal organs, and the bladder, and the bowels. No form of kidney, liver, bladder or blood disease, or the distressing sicknesses so common to women, can long withstand the great curative power of this famous specific. Its record of cures has made it famous in medical circles everywhere."

It is for sale by all druggists in the New York State and the regular \$1.00 size bottles—less than a cent a dose. Sample bottles—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

Mrs. Frank Tice died last Thursday at her home in Hawley. She is survived by her husband, child and mother and several brothers and sisters. The remains were brought to this place. Funeral services were held in the school house, Rev. J. H. Watrous officiating. Interment in cemetery here.

Buddhists in America. It is stated that San Diego, in Southern California, is fast becoming the Buddhist center of America. In one house there has been erected a shrine to Buddha, and the owner, a woman of means, has brought a Buddha priest from India, who gathers a large congregation together every week.

Increased Receipts Explained. The largest increase in postal receipts in the history of the service was shown in the reports of 50 leading post offices for September. That was the month, says the Chicago Record-Herald, in which the people who were away on vacation wrote home for money to get back with.

Tendency of the Times. The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by Balch & Son, Matamoras, all general stores in Pike county.

NEW YORK WORLD

Thrice-a-Week Edition
Read Wherever the English Language is Spoken

The Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. This is the best of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every state and territory of the Union, and wherever there are people who can read our mother tongue.

The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns and democratic and republican alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to all the news the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription, is only \$1 per year and this pays for 100 papers. We offer this unequalled newspaper and the Pike County Times together one year for \$2.
