LACKAWAXEN

It is reported that S. L. Van Aken has just purchased a lot facing the Erie depot on which to erect a new grocery store. It would be well to call this street either Grocery street or Trade street. With Smith Bro's store, W. C. Corright's store, Myers Lackawaxen House and now Van Aken's store all in a row opposite the depot, Lackawaxen is booming.

A. A. Smith and wife left for Ohio last week to make their abode in the West. For several years they both had been in the employ of the Delaware House.

English reports show that while the United States has nine times the mileage of the railroads of Great Britain, yet the latter carried twice as many passengers in 1902. The most interesting comparison lies in the number of passengers killed and injured during the year named. 249 killed and 4,129 injured is the record of the United States, while in Great Britain only 476 were injured and not a single passenger was killed.

IF YOU HAVE PAIN IN YOUR BACK

Do Not Be Deceived. You have Kidney Trouble, and You Do Not Need a Physician to Tell You So.

Pain in the back is an almost infallible sign of kidney disease; a sure sign is the condition of your urine. If you have a pain in the back, then look to the condition of your urine. It is easily done. Take a glass or tumbler and fill it with urine after it has stood 24 hours. If it has a sediment, if it is stringy or cloudy, if it is pale or discolored, sticky orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, and it will take you but a short trial to convince yourself of its wonderful curative power.

Dr. P. Samner of No. 408 Toga street, Syracuse, N. Y., in a recent letter says: "I was afflicted for years with severe pains in my back and kidneys. I tried many doctors and many medicines, but got no relief. I bought a bottle of Dr. David Kennedy's Favorite Remedy and it has entirely cured me."

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles--less than a cent a dose. Sample bottles--enough for trial, free by mail. Dr. David Kennedy Corporation, Rensselaer, N. Y.

It is probable that most of the recommendations of the senate subcommittee, which investigated the Hawaiian matters, will fall by the wayside. The contention of the citizens of that territory that the enactment of the legislation proposed means the utter ruin of their industries, is having much weight with the conservative element, and congress appears indisposed to enter upon the policy of granting exclusive franchises on the public lands to individuals or corporations.

Tendency of the Times

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by Balch & Son, Matamoras, all general stores in Pike county.

The bill amending the bankruptcy law has been signed by the president. The most important modifications are those relating to preferred creditors, and making the giving of a false mercantile statement, or the making of a fraudulent transfer, or a previous bankruptcy within six years, objections to a discharge.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by Balch & Son, Matamoras, all general stores in Pike county.

The opposition in the senate against the Alaska treaty makes its ratification practically impossible. In the event of its failure the modus vivendi between this country and Great Britain will remain in force until it shall be displaced by some permanent arrangement.

A. W. Balch and Son, Matamoras, all drug and general stores in Pike county guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.
