DINGMAN'S FERRY.

Daniel E. Van Eiten and wife of Deckertown have been visiting friends here.

Mrs. William Emery of Branchville has been visiting her parents recently.

E. C. Emery had the misfortune a few days ago to lose a fine cow.

One of our most successful egg producers after carefully calculating the expenses this winter figures that every dozen of eggs he sold at 90 cents cost him 70 cents a dozen. Many of our farmers had all the expense and no eggs.

Joseph Snyder has finished his lumber job at Smith's.

W. H. Layton will return from Long Meadow where he has taught the past winter to his place near Centre the first week in March.

We are ahead of Lackawanna in business even though we have no railroad. There are here three general stores, and two to spare on the same street.

Cow buyers are looking around for fresh milkers. Two from Sussex were here last week.

Those who mounted the school house bell on the building had the good sense to hermetically seal the cupola with tight blinds. Probably this was done to protect the ears of town people from the discordant sound the bell makes. A twenty shilling dinner bell would give a louder peal and be more musical to the ear.

William Custard expects to move on a farm in New Jersey this spring. We hope he will do well but his friends do not like to lose his genial companionship.

Ed. Darragh's saw mill does not allow moss to grow on the logs. It cuts them up in lumber very fast.

The letter of "Veritas" was very edifying to taxpayers, but quite distasteful to the faithful who have orders not to read papers which give inside information of their methods.

If the republican committee does not notify voters when and where the caucus is to be held in this township in future many of them will not consider themselves bound to support the ticket.

Tammany had quite a set back here this spring. In future it is expected there will be no old parties recognized in putting up candidates for local offices, but a citizens ticket with good men for each place and then voters will select according to the capacity and honesty of the men presented. Some of our supervisors who tried to crush the taxpayers with a \$2000 stone crusher found themselves ground up at the polls.

Our road machine, paid for by the taxpayers, has been left to rest in the bed of Decker's creek under the canopy of some large hickory trees. That would probably be the fate of a stone crusher and engine if taxpayers were saddled with their purchase.

A little stranger came to the home of Alonzo Crone a day last week. It will be a voter in time.

Calvin Cron will have nearly 3,000 ties on the river bank this spring.

The stork brought a little daughter to the home of Henry Cron a few days ago.

Many here are taking life insurance with the Prudential company, six more names were added to the list last week.

George Snyder will build a tenant house this spring on his lately acquired farm.

Those who went to the front during the rebellion are now enjoying pensions. The letter of Harvey West, from the soldiers home in Illinois, does not make some of those who went to Canada or took to the wilderness at that time feel very happy.

D. O. Brodhead surprised every one by driving up to the polls election day, but he showed his spirit by going.

The defeat of the Tammany candidate at the late election is attributed by some supposed by well versed in its workings to arise from a shortage in the whiskey vote, the lack of a fat pocket book and some one capable of stirring up enthusiasm with a certain class of suffragists and showing them how to vote.

John H. Vater died Feb. 21st of cancer of the stomach, aged about 55 years. The funeral was held last Monday.

David Jagger is again on the sick list.

A scribe in a contemporary paper writes that it is no honor to be a democrat because the regular ticket here was defeated. The result at the polls shows that there are honorable democrats who will rebuke crooked work at the caucus. They deserve credit.

FOR SALE. One two seated survey with top, one light runabout wagon, one set single harness, one well skin robe, two horse blankets and two lap robes. Enquire at the Price office.--if

SANDYSTON.

I am pleased to report that Wm. Clark, who was seriously hurt by falling from a load of hay, is much better. From the way he fell, it is a wonder he was not killed.

Weil, well, it is 'Squire Ludwig now. Justices over here are getting rich from the proceeds of the office, and I congratulate my brother justice on his successful candidacy, and when our pile gets big enough we will go to Europe, or somewhere else on those proceeds.

It is about time for the candidates for town office to get a move on pretty soon, as town meeting comes on March 10th, and that is not far away. Very few officers are to be filled.

There is a bill before our legislature requiring that the Declaration of Independence be printed in large type and placed in every school room in this state. That is not so very bad, but compelling teachers to read that instrument the first school day of each week is a little too patriotic. I'll bet the father of that bill never smelled powder other than from a shot-gun.

Joseph Johnson, who was seriously hurt by a falling limb, is said to be on the mend. Joe has had more than his share of misfortunes, and he is a young man, too.

Our trustee officer has had no business since his induction into office, but last week he was ordered to notify a family of the penalties attached to the offence of not sending their children to school, and no doubt they will obey. There are others.

Just look at the long list of delinquent taxpayers attached to the statements of each township. I hear that Pennsylvania has a law, that taxes must be paid a certain number of days prior to election, and I hope New Jersey will copy that law. Am I right as to the Pennsylvania law?

Ed McCracken and son made a flying trip to Washington N. J. last week. The severe cold of the past week has been something remarkable. The readings were taken from the New Jersey weather service instruments. The 18th marked 16° below, 19th 6° below, 20th 12° below, and the 21st 11° below. It is hoped that we have seen the last of such weather.

The New Jersey school law says that every school house must have two outhouses and that the board of education may order the assessor to assess a sum sufficient for the building of said outhouses without submitting the question to a vote of the people. As it is today I do not think there is a single outhouse in this township that fulfils the requirements of the law, and the trustees should attend to this matter.

The long looked for Colonial Carnival took place on Monday evening at the residence of Doctor Hughes. By 8:30 the house was comfortably filled and an hour later it was crowded to suffocation, over 200 being present. The music both, vocal and instrumental, was especially fine. Dr. and his genial helpmeet made all feel at home and everybody without exception had a good time. Geo. Darragh of Dingman's personated Uncle Sam and filled the bill exactly. Miss Jenkins of Montclair, N. J., sang "On a Sunday Afternoon," and that tickled the writer greatly. The receipts were about \$3 dollars.

SILVER LAKE

We have had good sleighing for the past week in this section.

Miss Emily Jagger has returned to her home at Chatham, N. J., after visiting relatives and friends here for the last month.

Miss Margaret Shepherd of Milford spent last Saturday and Sunday with her parents, she was accompanied by Miss Isabella Nills of the Crisman House.

Stoll Jagger and wife are visiting relatives in Lehman township this week.

Martin Hasen will soon move to Dingman township to what is known as the "Butcher Brown farm."

It is said that John Heister will move to the Niehsenok House.

George Heister, who dislocated his ankle about three weeks ago, is able to be around again.

Adam Bros are doing quite an extensive lumber business this winter getting ties and logs.

It is rumored that Wm. Retelick will build an addition to his house in the spring.

In a Carefully Prepared Article recommends Dr. D. Kennedy's Favorite Remedy.

In a recent issue of the New York Magazine of Sanitation and Hygiene, the recognized authority on all matters pertaining to health, James H. Montgomery, M. D., says editorially:

"After a careful investigation of Dr. David Kennedy's Favorite Remedy, a specific for kidney, liver and bladder troubles, rheumatism, dyspepsia and constipation with its attendant ills, we are free to confess that a more meritorious medicine has never come under the examination of the chemical and medical experts of the New York Magazine of Sanitation and Hygiene. In fact, after the most searching tests and rigid inquiry into the record of Dr. David Kennedy's Favorite Remedy, it becomes a duty to recommend its use in unequivocal terms to every reader of this journal whose complaint comes within the list of ailments which this remedy is advertised to cure. We have obtained such overwhelming proof of the efficacy of this specific--have so satisfactorily demonstrated its curative powers through personal experiments--that we are for the interests of our readers lead us to call attention to its great value."

MATAMORAS.

Mr. and Mrs. Horace Dunn have left Matamoras and gone to Binghamton to make that city their future home.

Mr. and Mrs. Ed Lord on Pennsylvania Ave., will change their residence and will soon occupy the rooms vacated by Mr. and Mrs. Horace Dunn, on Jefferson street.

Allerton Wilkin, of New York, spent Sunday at his home on Jefferson street.

Rev. and Mrs. Weidner left town, Monday morning, for Reading, Pa. Conference convened at that city Wednesday.

The second night of the men's annual supper, connected with Epworth church, took place on Friday night at the church parlors. There was a large attendance. The supper was fine. The gentlemen made it pleasant for their friends. The proceeds amounted to \$20-\$40 both evenings. Miss Ruth Lord sang a solo, as did also Miss Della Skinner. Both were very much enjoyed. Mr. Eaton gave some very fine selections on his graphophone which was very much appreciated.

The teachers' local institute will be held in the high school room on Saturday, Feb. 28th. The exercises will be of a very interesting nature.

Very entertaining exercises were held in the primary department, appropriate to Washington's birthday, at the Matamoras school, Friday afternoon. Miss Sarah Remy and Miss Emma Billman have charge of this department.

Miss Katie Byoe of Sparrowbush, N. Y., is visiting her sister, Mrs. Wm. Clune.

Miss Tillie Krausbach and Messrs. Edwin and William Hackett, all of Rotherford, N. J., spent Sunday and Washington's birthday here. They all returned home on Monday.

Mrs. Frank Corwin has been very ill with the grip. She is some better now.

The Salvation Army of Port Jervis will have charge of the morning service at Hope church on Sunday, March 8th.

Tendency of the Times

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of those diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pain in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by Balch & son, Matamoras, all general stores in Pike county.

NEW YORK WORLD

Trice-a-Week Edition

Read Wherever the English Language is Spoken

The Trice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. This is the best of all "trices," and has set the seal of approval on the Trice-a-Week World, which is widely circulated in every state and territory of the Union, and wherever there are people who can read our mother tongue. This paper for the coming winter and the year 1903, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly. The subscriber for only one dollar a year gets three papers every week and twice news and general reading that most great dailies can furnish at five or six times the price. The Trice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, and its reports and editorial articles are so impartial in their presentation of all the great political campaigns. In addition to all the news the Trice-a-Week World furnishes the best social fiction, elaborate market reports and other features of interest. The Trice-a-Week World's regular subscription price is only \$1 per year and this price for 126 papers. We offer this unequalled newspaper and the Pike County News together one year for \$1. The regular subscription price of the two papers is \$2.50.
