VOL. VIII.

MILFORD, PIKE COUNTY, PA., FRIDAY, MAY 1, 1903.

A remarkable and significant development in the political situation uni power which is foreshadowed. In town to day for a visit has occurred this week, one of the the vast appropriation for quarterand one that has always been regardleading newspapers of the country An inquisitive German has figured out that the average man who lives that will be of country or township or the t tracting the president's administration engineers is also likely to be super. Mrs. A. D. Brown is seriously iti with the presumptive conduct of ex-President Cleveland, to the credit of sites for coast defences. The general and friends grave appeliencion for the latter. The most significant command of the army, now vested in the result. the latter. The meet significant the "general commanding" will, of Isaac Andress of New York it is and now April 27th on application long and were captured in a den up the fact that the publication referred course, pess to the staff and General said will remove his family to Ding of petitioners, court permits with in Rattlesnake. the fact that the publication referred to is practically governed, in so far as S. B. M. Young, as chief of staff, will man's and build a residence in the drawnl of petition for renewal. its editorial policy is conescued, by become the most influential man in near future. Mr. J. Piespont Morgan and the the army. Interests with which the financier is allied. At first blush some of the more timid souls in the republican year, which will end in sixty days, lent health, ranks were startled by these attacks promises to exceed those of previous on the president but when it became years, with the exception of 1882 evident that their whole animus was when the aggregate reached 788,002 due to the president's action in persons. For the nine months ending connection with the anthracite coal with last March the total was 494,425 strike, his attitude towards organized as against 370,575 for the correspondlabor and his enforcement of the ing period of the previous year. In Sherman anti-trust law against the the nine months referred to Italy Northern Securities Company, even took the lead in furnishing immithe timid ones took heart and con- grants, the total being 129,800. cluded that opposition on such grounds Austria-Hungary came next with could not but strengthen the presi- 123,234, and Russia next with 81,731, dent in the high estimation in which this including Finland. Germany he is held by the people.

A prominent member of the senate who has the president's interests at heart said to your correspondent today, "The situation in a nutshell is this. The president has refused to be dictated to by the Wall street interests; he has regarded it as his duty to protect the people from the greed of corporate wealth by enforcing the laws which the people, thru their duly elected congress, have placed on the statutes. He has recognized that the workingman is a factor in the prosperity of the country and that the laborer is entitled to his hire. No arraignment of the president on those grounds can injure him. next candidate of the republican but others hold this would be imparty but he will be elected by the largest majority ever given a presidential candidate. He is an honest, precisely the type of man the people I. Protects Both the Public and want in the White House. The effort to boom Mr. Cleveland at Mr. Roosevelt's expense, while surprising in a regulating the running of automobiles. newspaper professedly republican, is It provides that all automobiles op-
