**Presbyterian Chronicals**  
(By Rev. E. M. Smead.)  
The topics for next Sunday are as follows: In the morning, "The First Transgression in God's New World." In the evening we will consider God's Wisdom and Mercy in permitting the tares and wheat to grow together.  
It is gratifying to have been assured by several who were at the Sunday School Association last Friday, that they enjoyed a pleasant and profitable day. The entertainment which we received on the part of the Dingman people deserves the highest commendation and praise. Everything was done to assure us of their welcome and we most sincerely trust that they may have received some benefit which will repay their kindness. The speakers also deserve our most sincere thanks. Each one faithfully treated the subject assigned him and the retiring president wishes to assure each and all of his great satisfaction in having their presence and enjoying their earnest words. The officers for the ensuing year have been discreetly chosen and they have the best wishes of those who retire. We give their names herewith and commend them to their co-workers throughout the county. President, Rev. Victor A. Wood of Milford; Vice President, Rev. Elliston J. Perot, pastor of the Church of the Good Shepherd in Milford; Recording and Corresponding Secretary, Miss Cora Billman of Matamoras; Treasurer, Mr. William Angle of Milford. The department superintendents were elected as follows: Primary and Junior, Miss Hilda Ball of Milford; Normal Work, Miss Helen Olmstead of Milford; Home department, Rev. C. I. Weidner of Matamoras. The committee on resolutions also reported, in accordance with a most valuable suggestion made by Dr. Lyuge, that the following persons be appointed as district secretaries and who are to report at the next convention either in person or writing, as to the Sunday school work that is being done in their section, its possibilities and its needs. This report was accepted and adopted and the names are: E. F. Peters for Bushkill. Mrs. E. D. Ryder for Dingmans. Rev. V. A. Wood for Milford. A. Griswold for Rowlands and Lackawton. Mrs. William Westbrook for Blooming Grove.

**Methodist Church Jottings.**  
(By Rev. V. A. Wood.)  
The pastor has been invited to preach the baccarat sermon for this year's graduating class of the High School on Sunday, May 31st. Subjects of sermons for Sunday, May 10th. Morning, "Eternity." Evening, "Sign-Posts." Wednesday evening prayer meeting, "The Unprofitable Servant."  
The pastor was much encouraged by the marked increase in attendance and the fervent spirit which characterized this week's prayer meeting. Thirty-six were present and eighteen took active part. The service opens and closes on time and not a moment is wasted. Nearly everyone present pledged to help make next week's meeting a success. Others are invited to come and help. All welcome.  
The pastor officiated at the funeral of Mrs. Jeremiah Titman on Wednesday, the 6th. The sermon was preached at the Reformed Church, Dingmans, from the text Rev. 7: 14 Mrs. Titman died May 3rd, 1903, aged 50 years, 23 days. The following lines inscribed to her memory by the pastor are here appended by request of the relatives:  
In sorrow hour we find relief  
In Him who knows the death of grief  
In His bow as dawn beneath his lead  
Yet points us to the heavenly road  
Along whose way our friends have passed  
And on which we have seen them last  
The Comforter, who knows the pain  
Which must in future years remain  
Until we, too, shall follow on  
The way our dearest friends have gone  
Has promised with us to abide  
And help us stem the swelling tide  
Of feeble years and hours dark  
Till we on Jordan's tide embark,  
Then safely to the farther shore  
Our pilot, Jesus, takes us o'er  
We love the life whose close of late  
We lovingly commemorate,  
But while on features fixed we gaze  
In grasp of death, in calm ease  
Remember that our loved one's soul  
Has fitted to the heavenly goal  
Among the few who do their best  
This faithful one, ordained to rest  
Beneath the emerald sod,  
Is numbered, as she loved her God,  
And tried for Him to spend her days  
To add to His eternal praise  
Content that God's last call had come  
Her soul took flight to yonder home  
Where sorrow pain and death are past  
And life's in happier regions cast  
The society missing here the life  
Which added brightness to our own  
We'll hope beyond this vale of strife  
To meet around our Father's throne.

**Spring Humors**  
Come to most people and cause many troubles, pimples, boils and other eruptions, besides loss of appetite, that tired feeling, fits of biliousness, indigestion and headache.  
The sooner one gets rid of them the better, and the way to get rid of them and to build up the system that has suffered from them is to take

The American Cultivator says that a valuable owl in the Central Park Menagerie has for some unknown reason lost all its feathers. With the exception of the "unknown reason" this reminds us of Mr. Bryan.  
Mr. Bryan delivered a speech in St. Louis the other day in advocacy of good roads. No special reference was made to the broad highway leading to the White House.  
The fierce Russian bear, which, according to Kipling, is "the bear that walks like a man" seems after all disposed to remain on entirely friendly terms with our little brown species.  
The anti-spitting ordinance went into effect in Washington on May 1, and now the cable announces that London, don't you know, has followed suit.  
For sale at residence of subscriber in Porter township: Team large mules, 11 years old; five good milch cows, coming to profit about June 1. Luke Whitaker, P. O. Bushkill, Pa.

**PREACHING THE PRACTICAL**

Our ads. are our business sermons. Through them we preach the principles of practical economy. The world is made up mainly of practical people; people who have a just regard for the value of a dollar and its purchasing power. Money honestly and economically spent is money satisfactorily spent. As example is always better than precept, so is practice better than preaching. Read what this store preaches and profit by what it practices.

**BINGMAN'S FERRY.**  
The miscreants who fired the store of G. B. Van Auken tapped a barrel of acetone in the yard and used a large part of the contents to saturate the building. The powder house and gasoline tank were separate from the store and the contents were safely removed. A small can of powder kept in the store exploded, and the concussion struck down several bystanders and broke windows near by.  
Mumps are disappearing.  
House fish for sale is scarce in this neighborhood.  
The many friends here of Joseph A. Buckley were delighted to hear of his success and that he is so pleasantly situated.  
A large quantity of good gravel has been put on our roads this spring and the next move should be to straighten and enlarge the gutters so as to keep it there.  
G. B. Van Auken intends to rebuild his store and will have it fully insured so as to remove the incentive from those who wish to injure by burning him out.  
Guests at Silver Lake intend to bring up at least three automobiles this summer.  
John Drake has secured a situation as truck driver in New York at \$18 a month and board, the same price farmers pay. Seems to us that considering the work, bad water and air and city expenses it is a poor change.  
A. S. Dingman has fitted up a regular stage wagon, probably none better in the township for strength and beauty. Arthur Brown was the mechanic.  
John E. Croome has the foundations ready for a residence for himself.

**DOWN THE COUNTY.**  
The schools in Delaware and Lel-mann are closing.  
Dan Smith is doing excellent work on the Centre district roads.  
There was a good editorial in the Stroudsburg Times last week in which slenderers were handled without gloves.  
What we need is a good rain and a continuous spell of warm weather.  
Philadelphia families expect to have two more summer residences built at Silver Lake early this summer. Andrew A. and John Albright are to do the carpenter work, we are told.  
It is with sorrow we learn that Philip B. Clark, Esq., of Porter is very ill. Mr. Clark has been ailing for months, but recently his condition is far more serious.  
Mrs. Dotey, an old lady who lives not far from Albright's Corner, sustained serious injuries, through falling, early this week.  
Mrs. Jessie F. Gilmore returned to her home near Center last week, where she will pass the summer with some of her grandchildren.  
Thomas Shepherd suffered the loss of two sheep last week, the work of some dogs unknown. Mr. MacGregor lost two lambs in the same manner, a day or two later.  
Mrs. Kate Westbrook, we are told, does not expect to reside in Dela-ware hereafter, but will take up a residence elsewhere.  
The late William F. Sniley was 51 years old at the time of his sudden death. He was born and raised in Philadelphia, where he received a good education. Later he came to Pike county, and for some years resided on the Sniley property, near Forest Park, and afterward located in Delaware township. Mr. Sniley was a kind-hearted, obliging man and a good husband and father. He was a man who had many warm friends who deeply sympathize with his bereaved and sorrowing wife and children.  
Isaac H. Smith of Centre is slow-ly, but it is thought, surely recovering from his severe and protracted sickness. He cannot leave his room or even sit up for any length of time yet, but he begins to take nourishment and seems improving in many particulars.

**Dispute Over Fishery**  
Since the fishing season began there has been a dispute between some New Jersey parties and J. B. Van Tassel, lessee of the Detrick farm on which the ground is, as to the right to fish, both sides claiming to have a lease from the owner. The dispute culminated this work in a row and James Rundle, G. S. Wieland, Arthur Myer and Frank Black were arrested charged with assault and battery. At a hearing before Esquire Canne yesterday the complaint against Black was withdrawn and the others were held to bail in \$100 with F. A. Beck as surety for their appearance in court.  
There wont be any cherry pies in this section this year. The frost effectually killed the blossoms.  
Justices of the peace are now required by law to have a seal and to fix to every attestation the date of expiration of their commissions.  
The marionette appraisement appears on the fourth page. The gross amount of tax is \$275.48. Pool and billiard tables and bowling alleys pay \$47.50. Three sheriff's sales are also advertised on the same page.  
A. Q. Wallace has disposed of his business on Harford street to his father, John C., who will continue to serve the public with groceries and goods in his line.  
Dr. Harry Wells Ryman of Summit, N. J., and Miss Elsie Gould were married Tuesday evening in the First M. E. church of Bayonne. Mrs. Jennie Shearer, an aunt, of this place and George Bourneque of Brooklyn were among the guests.  
The heavy business of the railroads continues a favorable index of the country's active prosperity. Dun's Review reports gross earnings of all roads reporting for the first half of April are \$18,820,000, a gain of 13 per cent over last year and 25 per cent over 1901.  
**Keep the Balance Up**  
It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can be too careful to keep this balance up. When people begin to lose appetite, or to get tired easily the least imprudence brings on sickness, weakness or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventive that is enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength and endurance.

**Too Great a Risk**  
In almost every neighborhood some one has died from an attack of cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by Balch & S. D. Matamoras, all general stores in Pike county.

**Notes from the E. S. S. N. S.**  
John Campbell has resigned as president of the senior class, on account of getting a faculty honor and J. J. McGarey has been elected in his place.  
Miss Laura Gilpin spent Sunday at her home in Sterling.  
Among those who have lately entered the school are Wesley Davey, Horace Budd, Helen Mangum, Geo. F. Hogan, Peter Canon and James Anthony.  
An interesting game of ball was played on the normal grounds May 2 between the second team and a team from Portland, while the first nine played at Bangor.  
Prof. Kinneman and Prof. Sandt took an outing on Saturday.  
John Henry has returned to school.  
Among the visitors at the normal was noticed Mrs. John Houck, Mrs. Emery Gilpin, Harry Hobbs, Reuben Boosecker and Friend Waltz.  
The press dispatched to the effect that three hundred Chinese laundrymen in Butte, Montana, have struck for \$1 a day wages will hardly commend itself to the agitators who are crying against cheap Chinese labor.  
The Kansas City Journal tells us that while the Missouri courts punished the beef trust by imposing fines on the packing firms composing it, the packers are now punishing the people by compelling them to pay prices that will soon cover the fines several times over.
