

**"WILL THE SUIT WEAR WELL?  
MY BOY IS AWFUL HARD ON HIS CLOTHES"**

How often a mother or father greets us with this remark! If at the time, we are trying to sell one of our good, durable \$- or \$- Boys' Suits, we will, of course, answer most decidedly in the affirmative. The wearing quality of our Boys' Clothing is one of its many good features. Another strong point is its stylishness. This is due to the extreme skill used in cutting our Boys' Clothing. It is cut just as carefully and scientifically as the finest of men's clothing. Bring the Boy here for his spring suit. You can't do better.

The funeral of the late Mrs. Alice E. Wood took place Saturday afternoon at 2:30 o'clock at her late home on Madison street. There was a large attendance of relatives and friends to pay their respect to the memory of the deceased who was beloved by all both old and young. She was a woman of lovely Christian character and will be sadly missed in her home by her devoted daughter and in the church where she was a persistent worker when her health permitted. The funeral sermon was preached by Rev. O. J. Shoop, pastor of Epworth church and was a beautiful and well deserved tribute to the virtues of Mrs. Wood. He recited the hymn, "Asleep in Jesus." The floral tributes were many and very beautiful. Interment was in Laurel Grove cemetery.

**SANDYSTON.**

Talk about success in hatching chickens. On Friday night I was shown the large incubator of Geo. E. Hursh which held 263 eggs and saw 247 as bright and lively little yellow chicks as one would wish to see. Not a weakly one among them. The per cent of hatching is almost 94 and that is hard to beat. But George and his betterhalf understand the business for care and attention do the trick.

Don't that law "beat the cars," I suppose the makers of that law thought that the carp and suckers in Sussex were as big as young whales.

Since our last nothing has been heard of the operations of lightning rod men and it is supposed that they have departed for pastures new where farmers are not up to date.

"I had a good job last summer, but lost it on account of my fool absent-mindedness," said poor old Seldum Feed, pessimistically.
