

WE CAN PLEASE THE YOUNG MAN

The Young Man's Clothes must be exactly right for he is always posted on what's what—how long the coat should be, what's the latest cut in Waistcoats, what's the correct width for Trousers, etc., etc. We're after these young men who know when clothes are right. New Spring ideas—the natty and handsome Scotch effects and Fancy Worsteds, single and double breasted. Lots that's new to be seen here now. Such moderate suit prices as these prevail: \$5.00, \$7.00 and \$8.75

SANDYSTON.

Flavius Warner of Newark is spending a fortnight with his parents at Hainesville. Flavius is conductor on a trolley line in Newark, but is not looking as if the Newark atmosphere agreed with him. Sussex air will put him all right.

Ralph Vansickle and Bertie Kintner, both students at the state normal school, returned to their homes on Saturday.

The Sandyston Board of Education met on Saturday last and engaged teachers for the coming school year as follows:

Shaytown—Dot Shay.
Fullers—Lara Dupue.
Fishers—Frank Stoll.
Flatbrook Valley—Ella Hursh.
Tuttles Corner—Emma Hursh.
Hainesville—Alonso Dupue.
Bevans—Josie Layton.
Layton—Vacant.

Almost every overseer of roads has a method particularly his own in working his piece of road. The supervisor of the road leading from Layton to the Dingman bridge is doing a splendid job while the boss of the road from Layton to Bevans piles the dirt on top of the hills and everybody is cursing the job.

As an old veteran, I was in hopes that a Post of the U. V. Union would be organized at Newton, but since our application was filed, nearly a year ago, nothing has been heard from it.

Work is steadily progressing on our new road and it will not be long before the wood will be cleared away and work on the road itself begun. It cannot be completed too soon.

There will be no more grumbling about dry weather for some time to come. The rainfall for Thursday and Friday and Saturday aggregated 5.71 inches. Some damage is reported to roads, especially the one leading from the Van Eiten farm along the Big Flatbrook and that is completely washed away.

State Secretary Board of Agriculture Franklin Dye, after a visit to the southern part of this state, says the truck farmers of that section are loud in their complaint of the deprivations of the robins on their fruits, and recommends legislation to protect the farmers from their ravages. Just put them on the shooting list and that will end their trespasses.

Some time ago an Aberstown party got a sentence of 7 years for violation of law and now that parties residing in that vicinity are repeatedly violating the law they may get a dose of the same medicine. Those selling cider to those parties are as much to blame as the persons drinking it.

And so some one is using a net in fishing and pretend not to know the law. Well, Well, and then to think no one saw them. Better put that net away. That is a straight tip.

Only 64 hundredths of an inch of rain for May, and up to Sunday night we have had 7 33-100 inches this month. It was too dry and now it is too wet.

MATAMORAS.

The lawn social of the L. A. S. of Epworth church took place Tuesday evening at the home of Mrs. Crino and Mrs. Bounel and was very well attended. Over \$12. were realized.

A local union of the C. E. S. of Port Jervis and Matamoras took place at Hope church Tuesday evening. There was a large attendance from Port Jervis and a pleasing program rendered. Rev. N. Mackenzie delivered an address. At the close of the service all were invited to Prescott's Hall where ice cream and cake were served. The evening was spent pleasantly.

Miss Lavinia Green of Middletown N. J., was the guest of her friend, Miss Ola Quick, last week.

Mrs. Dewitt Barley and son Sever of Whitefield, N. J., spent Sunday with her uncle, Zachariah Quick.

Mrs. J. J. Markis and daughter, Mrs. Charles Fridenburgh of Whitefield, N. J., were guests of J. Quick last week.

Mrs. Helen Corwin, who has been visiting relatives at Finchville, N. J., returned home Saturday.

Andrew Boker and wife are entertaining a little daughter who arrived a few evenings ago.

The Group Rally which was to have been held at Milford last Thursday evening, was postponed until further notice on account of the inclement weather. Quite a number from Matamoras expected to attend, but were disappointed.

Mr. and Mrs. Nat Hornbeck, on Kaddis street, are entertaining a very pretty little daughter which arrived a few evenings ago.

Miss Hazel Palmvater of River View Villa, Jefferson street, is quite ill with tonsillitis.

Miss Grace Soybolt of New York is visiting her parents on 5th street.

Miss Emma Billman, a teacher in the Matamoras school, who has been visiting in New York, Rutherford and Jersey City for the past two weeks, returned home last week.

Thomas D. Reese and wife left town last week for their new home at East Hartford, Conn.

DINGMAN'S FERRY.

Looking over the fields since the late rains we see coming up with yellow leaves the result of cold. Worms, ants and other insects are plentiful and doing considerable damage. There is hope, however, for a good crop yet if the weather is warm and favorable and if farmers make determined efforts to destroy the pests. Frequent working, fertilizing with salt, lime or kaint in the hills will drive away the destructive insects and give the plants strength and vigor. If left to take care of itself the crop will be a failure.

Oats look poorly along the river, but on the hill on good ground they appear fairly well and a reasonable crop may be expected. Much that had not sprouted is now coming up.

Potatoes have struggled nobly for assistance and came out of the dry spell looking tolerably well and healthy. Some fields are very uneven, but good cultivation and a little tonic may yet bring a good crop. From appearances this township seems to be one of the best in this section for farmers. Let them take good care of growing crops and show that they are up to date.

There have been no forest fires in this township this spring. We were fortunate in being spared.

G. B. Van Aken has opened his new store with a good stock. About \$1000 has been subscribed as a reward for the arrest and conviction of the party who fired his building some 10 weeks ago.

Isaac Smith is so improved in health that he can now walk about his house.

Boarders are beginning to populate in town for the summer.

Butter is 25¢ a pound here but the stores do not like to buy as there is little demand until boarders come. Our merchants have not provided good storage places for it and as considerable butter is not sufficient worked it soon becomes rancid in olden times June butter was golden, solid and packed in firkins would keep sweet and fresh for months. Then farmers wives used plenty of elbow grease and worked every bit of whey out of the butter. This and salt is one of the secrets of good sweet butter.

Competition is the life of trade. A little better grade of goods and a little lower prices would prove to our merchants that they could keep the cash here instead of having it go elsewhere. Many of our farmers would buy a few bags of kaint (German salt) if it could be bought here.

High water has ended ehad flabing which has been good this spring. Three automobiles went up to Edgemore a few days ago and got safely there, showing that the machines are good hill climbers.

Howard Parson of New York is visiting his cousin, Mrs. E. D. Ryder, at Ardortaleh.

H. H. Sanderson of Walpole, Mass., is here on business.

Young pigs are very scarce and are selling at \$5 a pair.

The M. E. church here has secured the services of a student for the summer. Sunday schools seem to be somewhat neglected.

SILVER LAKE

A. B. Wigan of Philadelphia and a friend, who have been spending a few days at the club house, returned Sunday.

Mrs. Bosler of Lehman is visiting her sister, Mrs. S. Jagger.

An engine and a large steel tank were sent last week to supply water for the club house.

Wallace Bensley of Lehman and a force of men are erecting a large addition to Judge Bettler's cottage.

Mrs. Stoll Jagger is on the sick list.

Edward F. Hoffman is in the city on business this week.

John D. Whitaker of Coles made a business trip to this place on Wednesday.

If the eastern slope of the Rocky Mountains and the great plains and valleys included in its drainage area were irrigated, as it is claimed by government engineers is possible, i. e. 35 million acres this side of Rockies capable of irrigation, the present great flood of the Missouri would be largely spread out over this vast area to water growing crops.

A Bad Breath

A bad breath means a bad stomach, a bad digestion, a bad liver. Ayer's Pills are liver pills. They cure constipation, biliousness, dyspepsia, sick headache.

25c. All druggists.
Buckingham's Dye of the Whiskers

PAUPAC.

The drought in this section has been broken and broken with a vengeance. The heavy rains of the past ten days have done much damage to fields and roads. Corn and potatoes are, in some places, completely washed away and in others buried several feet under mud. Our supervisor is taking advantage of the lull in farm work and has a large gang of men working the roads and filling in the washouts.

Yolande Killam is visiting her sister, Mrs. Edson Green, Scranton.

C. J. Schlager was a caller in town Monday.

Lieutenant O. M. Earle of New York spent Sunday with his daughter at the home of C. E. Williams.

A dance was held at Henry Gumble's on Saturday night. Several of our Blooming Grove neighbors were in attendance.

We are glad to note that Herman Gumble has so far recovered his usual health, that his son was able to return to his work at Milford on Sunday.

Miss Eliza Smith of Big Pond has been the guest of Edwin Killam and family for the past week.

A number of teachers took the examination held by County Supt. Westbrook in this place Tuesday.

We think our Sawkill correspondent is mistaken in thinking St. Smith's day occurs in June. We think July 18th the correct date. Are we correct? DEFACIO.

LEDGEDALE.

Friend Simons, wife and son Hush are visiting William Kimble and wife in Dyberry.

Miss Lizzie Gilpin was the guest of O. E. Simons and wife Sunday.

Among those from a distance who attended the funeral of the late I. K. Kellam were Mr. and Mrs. L. W. Morse, Julian S. Morse, Miss Cork, Mr. and Mrs. Eph Kimble of Scranton, Mrs. McKown and Mr. Crossley Sr. of Honesdale, Mrs. Harriet Atkinson of Hawley, Mr. and Mrs. George Kimble of Kimbles Station.

Mrs. L. W. Morse and her friend, Mrs. Edward Jackson, of Scranton came to Ledgedale on Thursday, returning on Saturday.

WAYNE COUNTY.

KIMBLES

Albina Murphy and Katharine Curran of Hawley were callers in town last week Tuesday.

Otis Rowland of Rowlands spent two days last week with his cousin, M. C. Rowland, and did some surveying for E. S. Jones.

Mamie and Alice McCoy, who are moving from Hancock to Marlboro, N. Y., stopped off at this place and are visiting R. W. Kelly and family.

James Curran of the K. B. tower spent Monday night in Hawley with relatives.

His Last Hope Realized

[From the Sentinel, Gosh, Mont.]
In the first openings of Oklahoma to settlers in 1890, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which seemed almost impossible to check, and along in June the case became so bad that he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the grass in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggest this item. For sale by Balch & Son, Matamoras, all general stores in Pike county.

A gentleman from somewhere, presumably well known and respected in that locality will probably receive the democratic nomination for the presidency, in which case he will run on a platform, the planks of which are still standing in the primeval forests. This is about as far as the democratic party has gotten at the present writing.

Chamberlain's Colic, Cholera and Diarrhoea Remedy

The uniform success of this remedy has made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that it is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by Balch & Son, Matamoras, all general stores in Pike county.

Artistic Monuments IN WHITE BRONZE

Cost no more than plain ones in stone and they are more durable. Don't invest money in a monument before investigating the claims of White Bronze. Write for information and designs.

NEW YORK WORLD

Thrice-a-Week Edition

Read Wherever the English Language is Spoken

The Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. "Time is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every state and territory of the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1902, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscriber for only one dollar a year gets three papers every week and more news and general reading than most great dailies can furnish at \$4 or six times the price.

The Thrice-a-Week World is absolutely fair in its political views. The issue is never allowed to affect its news columns, and democratic and republican alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to all the news the Thrice-a-Week World furnishes the best serial fiction, dramatic sketches, reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only \$1 per year and this pays for 100 papers. We offer this unusual newspaper and the Pike County Press together one year for \$2.

The regular subscription price of the two papers is \$2.50.
