## SUCCESS-AT LAST!

Rain, rain, nothing but rain, 1 believe upon my soul, We il never see the sun eggin

As long so the earth shall roll We wanted min, we proped for rain, The dust grow shick and white. It was a sorry aight.

The welcome thumbers sound. But all in vaio, lu vaio.

But, 'Do you think 'twill rain? A great and stormy belt By my faith, I believe 'its true, The way the rain does polt. And soon we'll go in boats and rafts,

Upon our planeaux streets. They'll put in use all sorts of crafts, The rain comes down in sheets. Gondolas then will be the rage,

A. Venice right at home. No more we'll need the Milford stage The mails shall ride the toans "Question Service." You are in. The bright glad one has turned to tears, As In the o reless former sours All these things pand to be.

And time rolls on, as time will do,

If there he rate or shine And things more wonderful come true, Than mortals can define And thus once more it all is sea, As before the Water Gap Broke through, and then there had to be, A change made in the map.

One day a 50th century man. In his air-ship salled about As through the sir his good ship ran He espled a great washout. Then back unto his friends he went, To tell what he had found. A good place for a settlement.

A lovely spot all around.

ossession then at once they took And homes begun to make. And spaces and picks the country shook, Where once had flowed the take But soddenly, as on they dig. They stelke a substance hard, 'he object too, is rather big.

They clear yard after yard When lo once more into the light Of bright and garish day, our noble courthouse comes in sight Their eager search to pay. hen down they go and search about, Through rooms and musty vaulis, intil they get the records out The explorer never balts.

And now above in clear, pure str. They spread them out and gaze. The wonders they unearthed down there, Truly they do amuze. o many papers just allke, Or with a difference slight. Those railroad maps of little Pike,

Long hid from human sight! But lo at last the key is found! With each map goes a charter! He's struck the scout, the exploring bound And thus he makes a starter. He studies it in every way, With heavy brows contracted.

Fe well-nigh is distracted or up and down and round and round, These railroads madly race. they cover every inch of ground. He says "I cannot see the spot Where these reads should come out, t must be here, but I find it not

The greatest puzzle of the day

They twist and turn about. They start from here, and there, in fact From almost every place. But where they and, that is the act I mostly wish to trace Now this road goes right through House after house, cut thro the middle,

What did the people do? This says, 'the shortest route surveyed From coal-fields to tide water." Here is the serret all betrayed, The Calendar has not been printed This place was once called thits Pike, The people were called 'Pikers,'

Neighbors to, but not much like. The creatures once called 'strikers. A harmless race were those who dwelt, In little Pike's falr lands: And the depot where the trains all melt. Was the receivers hands. To pass away an evening fair, Men met,-agreed,-objected,-

At a tavern once called 'Centre Square,' And officers elected. Once on a time, a curious man

little engine, 400, he bought, It tore madly o'er the track. But all the distance it was taught, Was to the gravel hill and back.

But the will yot and rails will rust, And gendes will be grown o'er. The little Piker's gone to dust, That coal should reach tide water

Though carefully labl out. Tis and they never reach the goal, When so much talked abou This roof for more than sixty years,

But easier for Juplier,

To bring the water there

Over these roads in air. at last the fairy dream same true The Pikers got their wish But all were in the self-some skew. Is was a funny dish. Old Jupiter one make things hum And Pike, a lesson inoght her.

The cond but resched tide-water."

For wall he know he'd never "git hee"

The new King of Servia appears to be lacimed to overlook the recent assissinations but it is understood that he is opposed to any continuation of the practice.
