Of course bars could be put across the windows of the postoffice department, but this would make it too comfortable a jail.

The "enemy's country" has spread all the way from New York to Iowa. All Mr. Bryan has to do now is to cross his state line.

Senator Hanna can now be said to be comfortably ensconced upon the Roosevelt Band Wagon, with the band playing on coming victory.

The kodak friends certainly do not go after J. Pierpont Morgan in the hopes of getting a newspaper-prize-contest landscape scene or a Mellin's Food baby.

John Jacob Astor is said to have been the first American millionaire, in 1820. New York today is credited with having 1,320 million and multi-millionaires.

There are always a good many men, who, knowing well that they could not under any circumstances get the nomination, loudly proclaim that they could not possibly afford to accept such an office as the vice-presidency of the United States.

It is just possible that there are so many congressmen who have been taking active interest in securing postoffice contracts for their constituents, that the question of appointing an investigating committee may never come to a vote.

Hon. John Barrett who has just appointed minister to Argentine has traveled 45,000 miles in his trip around the world in the past year and has interviewed fifteen kings and emperors, largely in the interests of the St. Louis exposition.

A new York burglar received a sentence of four years. Upon damning the judge therefore, he received two additional years. For further cursing this style of justice and assaulting a by-stander he received three years more from the judge. He may now conclude to be good.

The Louisville Courier Journal can be counted upon to shortly deliver another scathing broadside against Mr. Cleveland, Mr. Bryan and the New York four-hundred; a Kentucky warehouse fire destroyed a million gallons of the whiskey and the smoke and heat has damaged some of the best mint beds in the state.

The American squadron, so right royally entertained at Kiel, Germany is next the honored guest of King Edward in English waters. Courtesy and hospitality given or received, do not lessen an individual's ability to care for or defend his own; on the contrary an interchange of courtesies frequently prevents the necessity for such defense.

It has been a long time in coming, but we have it at last. Ex-Governor Patton of Pennsylvania brings forward the slogan for the next national campaign, "Turn the rascals out." Inasmuch as the rascals will be not only turned out, but most of them turned in jail before even a meeting of congress, at the hands of republican administration and investigation it is a little difficult to see what the democrats could gain by their shouting.

The report of the Inter-State Commerce Commission shows a net increase in railroad earnings for the fiscal year ending June 30th, 1902 of \$52,000,000 over that of the preceding year and estimates are made of a further increase of \$10,000,000 for the year of 1903. This tremendous increase in railroad business, indicating of course highly prosperous conditions of trade, comes in spite of the fact that most of the railroads have been spending enormous sums of money in permanent improvements.

For a lax liver try Chamberlain's Stomach and Liver Tablets. They invigorate the liver, aid the digestion, regulate the bowels and prevent bilious attacks. For sale by Balch & Son, Matamoras, all general stores in Pike county.

Presbyterian Chronicalings

(By Rev. E. M. Smead.)

Preaching services next Sunday morning and evening at the hours of 10.30 and 7.30 respectively. All are welcome and the seats are free. The subjects of the sermons are: "Our Talents, their use and abuse," "Religious Revival."

The prayer meeting topic for Wednesday evening is, "Fleeing From Known Duties."

Plans are being made for a union service one week from next Sunday evening. The service will be in the interests of temperance. The speaker, who is very highly recommended, is Mr. Emmet D. Nichols, Esq. of Wilkesbarre, Pa. Further mention will be made next week.

The pastor has just come upon a good suggestion in one of the church papers and which may prove of some value to our readers. The article speaks of a "Go to Church Base" which is organized among the children of the Sunday school of the Westminster church of Brooklyn.

Our superintendent offers a prize to all the children of our Sunday school who do not miss a Sunday's preaching service each quarter. But might not this suggestion for a band of church goers be extended to the older people? Why would it not be a good idea for some one at the different hotels and boarding houses to do some work in this line for their respective churches? If you favor our church let the pastor know of your willingness to aid him in this direction and he will be very happy to render any assistance within his power.

This is the time of year when informal musicales and entertainments have been given at the different hotels for the benefit of the church. These occasions have brought the guests in our village and the church people together in a social way and we hope that it has been beneficial to all parties concerned. We will be pleased if anything can be done in this direction during the remainder of this month or in August.

The pastor would be very happy to meet and to render any services desired to those of our denomination and who may be sojourning in Milford for the summer or a briefer period of time. He would appreciate the honor if approached as freely as such would go to their own pastor if he were here.

Methodist Church Jottings.

(By Rev. V. A. Wood.)

Subjects for Sunday, July 12th: Morning, "The Holy Trinity." Evening, "Bolebazaxar."

Wednesday evening prayer meeting, a "White Service." Lesson, "Parity." References: Is. 1:18, Ps. 51:7, Rev. 3:5 and Rev. 7:14. Questions: "Is anyone naturally clean?" "May all be so?" "If the heart is deceitful above all things and desperately wicked how may it be purified from sin?" "Philosophically what relation has the blood of Christ to our cleansing?" Ladies will please, if convenient, dress in white. Bring white flowers and white drapery early and let us make the room delightfully attractive for this service.

On Tuesday evening the Sewing Circle of the League was delightfully entertained at the home of Mr. and Mrs. John Durling. The young people were out in force and had a lively time.

The question: "Why don't men attend church?" seems to have excited considerable interest of late. Why may we not hear from the men who do not go to church? We are sure the Editor of the Press will give more space for a discussion of this important problem. Is it possible that men are too lazy? Is there really no attraction? Are the themes discussed from the pulpit of no practical value? Let us hear from you, friends. Your suggestions may be helpful.

The Epworth League will hold a Festival, July 16th, on the grounds adjoining the church, from 4 until 10 p. m. Fancy articles for sale, Refreshments, etc. In case of rain the occasion will be postponed until Friday. All are cordially invited.

The Epworth League Rally last night was tolerably well attended for such a warm evening, but more of our people should have heard Rev. W. A. Chadwick's magnificent and inspiring address. Brothers Shoop of Matamoras and Fowler of Otilville were present with quite a number of Leagueurs from Matamoras and Port Jervis. The next rally will be at Otilville about the last of September.

A Sustaining Diet

These are the enervating days, when, as somebody has said, men drop by the anastroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hoo's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

Charles B. McCarty will have a dance at Raymondskill, July 15th. Geo. R. Jennings and family of Brooklyn were at the Homestead over last Sunday. A. C. Roprecht and family of Brooklyn are guests with the family of James F. Van Ertzen. County Superintendent Lucian Westbrook and Isiah Hornbeck of Delaware were in town Wednesday. J. E. Legandine, a cousin of Aguinaldo, and a protégé of Governor Taft, of the Philippines, is in New Haven preparing for a course in forestry at Yale and it is understood he will visit Milford soon. C. S. Coatis, Jr., expects to open a shop at Irvington, N. J., for painting and repairing wagons and also in connection a blacksmith shop. He will probably leave for his new place of business Monday.

Dragged-Down Feeling

In the limbs. Nervousness, unrefreshing sleep, despondency. It is time you were doing something. The kidneys were anciently called the filters—in your case they are holding the acids and driving you into serious trouble.

Hood's Sarsaparilla

Acts with the most direct beneficial effect on the kidneys. It contains the best and most substantial purifying and toning agents.

The San Francisco Wasp, which stands at the gateway of the Orient and looks back across the country at the Hearst string of saffron colored journals, the San Francisco Examiner, the Chicago American, the New York Journal and associates, in speaking of Mr. Hearst's recent marriage and his social and presidential aspirations remarks that "You cannot be a successful newspaper publisher, a successful candidate for office, a member of the social smart set, and an ally of all the anarchists, socialists, demagogues and agitators in the country at one and the same time."

Brutally Tortured. A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Gulobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by all druggists.

Imitation Sealinks. There is a family in Milwaukee that possesses the secret of a process whereby sealinks wraps and Buffalo robes can be made from the skin of a sheep. The secret has been in the family for years, having been discovered by a member of the family who worked in a lanery in Australia. By this process the finest furs can be imitated by the use of any old pit with hair on it. He says that in making a sealink jacket out of the hides of Belgian hares the imitation is so good it would defy an expert. The change is in the dyeing process and the chemical action on the hair refines it without injuring it.

Railway Travel in Germany. Almost half of all railway travel in Germany is third-class. More passengers use fourth-class than second and less than one in 30 rides first-class.

A Bad Record. Twelve per cent of all deaths in Switzerland, which is supposed to be a paradise for people afflicted with consumption, are caused by that disease.

Dr. Kennedy's New Medicine, Cal-cura Solvent, Did More Than Many Doctors. Your pocketbook as well as your health needs consideration, but often both suffer through ignorance of the right thing to buy. That was the case with the gentleman who wrote the following letter:

"Thousands of dollars have I paid out to doctors during my life and I don't complain of the doctors; but Dr. Kennedy's new medicine, Cal-cura Solvent, beats them all. Three bottles of it cured me last spring of heart trouble and terrible pains in the side, back and head. A lot better than for thirty years."—H. J. Brandow, Jersey Centre, N. Y. For \$3.00 invested in Cal-cura Solvent Mr. Brandow got what he had spent thousands for in vain. Your case may be like his. It costs only \$1.00 for a bottle of Cal-cura Solvent at any drug store. Write to the Cal-cura Company, Kennedy Bow, Rondout, N. Y., for a free sample bottle.
