SANDYSTON.

Eugene Hersh of Newark, N. J., is spending a few days in Sandyston resting up. He is employed on a Newark trolley line.

Loren Shay came home Saturday to spend the 4th of July. He is employed in a store at Rutherford, N. J.

I walked over the new road, that is to be, and now that the axmen have it cut out its entire length one can see what difficulties the contractors have to contend with. Many are grumbling about the amount paid for constructing this 7-10 piece of road. If they will walk over that ground they will be of the opinion that the contractors will do well to come out whole, at least that is my opinion.

I am told that the Hainesville celebration took in over 200 dollars, of which about 180 dollars will be clear. This does not look like hard times, does it?

Wilton Bennett, Esq., and family of Port Jervis were guests at the Layton hotel on Sunday last. All were musicians and I hope to hear them again in the near future.

A part of the Newton band stopped at Layton for dinner Sunday and gave several fine selections both instrumental and vocal. They are gentlemen in every sense of the word and their proficiency in the musical line is all right.

There are many who are of the opinion that three commissioners in line of the present board of freeholders as provided for in the laws of 1902 would be an improvement over the present method. If commissioners were appointed it is generally conceded that instead of putting in pieces of good road, half mile and mile pieces, in different townships they would have it all in one piece of road and it is a wonder to me that State Commissioner of Roads, Henry I. Budd, sanctions such piecemeal building of roads. But, so long as the board of freeholders have control, just so long will we have this almost useless piece of road building.

Will Major, who is visiting with his wife in Illinois, writes that they will start for Jersey on the 6th inst. Will is having the time of his life and is loud in his praise of the western country.

The youth and his best girl were very much in evidence at the celebration and from appearances were getting the worth of their money. The 4th only comes once a year and they were intent on getting the most of it.

Dogs are still running at large and the baying of hound dogs is entirely too common and if the owners were hauled up and fined what a howl there would be.

Farm work is very much behind and very few have been through their corn once yet. Harvest will be on time and probably some will be cut this week. Grass is promising a better yield than last year, but will be some later.

Our county papers are all having their fling at the parties having a hand in the turning down of John E. Jager, our freeholder, for the supervisor of the new road. To Mr. Jager we owe this piece of good road and now to have him turned down by a coterie of petty politicians is a dirty piece of work. The Register is the only paper upholding the dirty trick, but no one wonders at that.

The celebration at Hainesville was carried out as per program. The crowd was not large as people are too busy with the work of the farm to take a day off. The parade to Layton was a huge success and Travis and Hovey as the most comical and unique rig won the sack of flour. Everybody seemed in good humor and all were bent on having a good time, and it was their fault if they did not have it.

Isaac Lawson, while working in the sawmill of Hiram Snook, fell through the floor and was badly hurt. Several ribs were broken besides severe bruises.

Last Wednesday morning about an hour before quitting work S. J. Hankins and Henry Schneider were drying out a hole with powder when a spark from a match flew into a can of powder near them and set it on fire. The men started to leave but were thrown down, when getting up they ran toward the road when another man in the quarry told them that probably saved their lives as their clothing were nearly burned off. They were badly burned on the hands, arms, face, neck and some places on their back. They walked to Mr. Schneider's home where clothes were furnished and were then taken to Narrowsburg and the burns dressed by Dr. Longstreet. At present they are resting comfortably and consider themselves fortunate not to lose their eyesight.

VERY REMARKABLE CURE OF DIARRHOEA.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Boque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Balch & Son, Matamoras, all general stores in Pike county.
