J. H. Van Etten, PUBLISHER, Milford, Pike County, Pa.

To Estimate Quantities

In some sections it is customary to sell hay by measurement, in a mow, 112 cubic feet is allowed for a ton. This approximates as closely as possible, to a correct standard, the number of cubic feet required for a ton varying on account of the different degrees of pressure to which the hay has been subjected and also with the kind and quality of the hay. It is also said that 10 cubic yards of meadow hay weigh a ton. When it is taken out of old or the lower part of large stacks 8 or 9 cubic yards will make a ton. 10 or 12 cubic yards of clover when dry make a ton. Hay stored in barns requires from 3 to 400 cubic feet to make a ton if of medium coarseness and a greater or less quantity varying from 3 to 500 cubic feet according to its quality.

A Musicales

The Woman's Guild of the Church of the Good Shepherd have arranged to provide a musical entertainment tomorrow, Saturday, evening at the home of Mrs. L. W. Armstrong on High street which from the proficency of those who will take part will be of high order. The participants will be: Soprano—Miss Taitte of New York. Contralto—Miss Patty Biddis of Washington, D. C. Baritone—Mr. E. Crisman of New York. Bass—Geo. R. Ball, Esq., of Milford.

New Normal Catalogue

The tenth annual catalogue of the East Stroudsburg State Normal School has just been issued and is now being distributed. The book contains full information as to the normal and special courses, expenses and terms of payment and other regulations and other information of value to those interested in the Normal course. A copy will be mailed free to those desiring it, by addressing Dr. E. L. Kemp, principal. The catalogue is one of the handiest that has been issued by the school and it is a credit to the school and the Stroudsburg Times company, which printed it.

Fertility in Products

If you sell \$200 worth of wheat at 80 cents a bushel you can sell \$67 worth of nitrogen, phosphoric acid and potash. If you sell a \$200 horse you sell only \$7 worth of those fertilizers. If you sell \$200 worth of butter you sell only 25 cents worth. If you sell clover hay at \$7 per ton you sell \$9 worth of those fertilizers. So, then, feed such foods to stock and thus make manure at a cheaper rate than to purchase commercial fertilizers.

Undecided

Harold, who is the little son of a minister, was talking with his mother regarding his future career, and after some little reflection he said: "Well mamma I'm going to be either a minister or a Christian when I grow up."—Lippincott.

Mrs. Augustus de Berlie and children, who have been visiting her sister, Mrs. Winnie Bourneque, returned to their Port Jervis home this week. Mr. de Berlie is superintendent of the Doeppark Club.

The Misses Elsie and Jeanette Mott expect to leave town soon for a visit in Providence, R. I.

Hon. Henry Huhn, speaker's clerk and a skilled parliamentarian of the House of Representatives of Pennsylvania, died at his home in Atlantic City last Tuesday night of apoplexy, aged 71 years.

William Meis, proprietor of the Grand View House, near town, will give another of the series of popular dances at the dancing pavilion, Wednesday evening, July 29. Music by Fenner's Band.

Favors Woman Suffrage

Men value the ballot highly for themselves. They would not be satisfied with influence. When votes are counted out, or tally sheets forged, we try to send the guilty persons to the penitentiary for depriving American citizens of a voice in choosing the law makers who are to govern them: but we see no harm in doing the same thing to our own sisters and wives.

It is often said that women suffrage is just, but that there is no need of it, because women have no interests separate from those of men. This argument was used to me only lately by an eminent political economist. I said: "Suppose a railroad runs through the town, and a woman owns a large property in that town and yet cannot vote on the question of raising a subsidy; are her interests necessarily the same as those of every man in the town?" He answered, "that is a very rare case." My friends, that case is universal. Suppose a widow is trying to bring up her son in the principles of morality, and a saloon is opened on the corner opposite her house. I do not speak as an advocate of prohibition, for I am not one; but I do say that the interest of the mother is different from that of the man who sells liquor. Or suppose she is bringing up a daughter; she has a sacred right to protect that daughter from a libertine. Her interest is certainly different from that of the tempter.

Men have given women what they consider liberal treatment. They say, "You are not to sit on the jury or help make the law, but will be fair with you; we will do the right thing by you." That may be part of the morality of chivalry, but it is not the morality of justice. The widest liberty is the condition of healthiest development. Home is a happy place, I hope, but what would a man's development be who had only his home life? He would be dwarfed—cribbled, embeled and confined. Women are today better mothers than ever before, because they have been allowed more freedom of development.

Want Half Holiday

The government clerks at Washington are fighting to get the legal Saturday half-holiday allowed them by Uncle Sam. The federal government usually does as it pleases in the District of Columbia, over which it has exclusive control but the construction of an act passed by congress itself relating to holidays in the district seems to make Saturday a legal half holiday so far as governmental and banking operations are concerned. It is believed that the attorney-general will be called upon by the president for an opinion on the subject. Should the departments close at noon Saturdays it would amount to several hundred thousand less working hours each week for the government.

Brooms May be Higher

That household necessity the broom may rise in price. They have just been advanced 35 cents a dozen and may go higher as the broom corn crop is very short, the total output this season only being 14000 tons as against 27,000 tons last year. It takes from 35 to 40,000 tons of corn to supply the broom manufacturers of the United States and the shortage is so serious that a call has been issued for a conference by the leading manufacturers. Within the past week corn has advanced from \$60 to \$110 a ton.

New York Excursion, Sunday, July 26th, 1903

Sunday, July 26th, the Erie will make a popular one dollar New York excursion, special train leaving Port Jervis at 7 a. m., arriving in the city at 10 a. m., returning leave Chambers street at 7.45 p. m., Jersey City at 8 p. m., allowing over nine hours in which to take in the many sights in and around Greater New York.

His Excuse

"You can't go inside," said the doorkeeper of the village theatre, wherein a certain "Uncles Tom's" aggregation were holding forth. "You are drunk." "Zrunk!" echoed the applicant for admission, who had lavishly and luridly lighted up inside. "Coush I'm—hic—drunk!" Why—good gosh 'mighty—do you sponse I'd—hic—want 'o see your darned old show if I wasn't—hic—drunk?"—Smart Set.

Disease takes no summer vacation.

If you need flesh and strength use Scott's Emulsion summer as in winter.

Advertisement for Scott's Emulsion, featuring a fisherman carrying a large cod fish on his back. Text: "Disease takes no summer vacation. If you need flesh and strength use Scott's Emulsion summer as in winter." Includes address: SCOTT & BOWNE, Chemists, 490-492 Third Street, New York, and "Sold by all druggists."

Methodist Church Jottings.

(By Rev. V. A. Wood.) Subjects for Monday, July 25th. Morning, "Present Day Needs of Christ's Church." Evening, "Joseph."

Wednesday evening prayer meeting: Subject, "Favorite Hymns." A joyful service! Those who call for their favorite hymns are expected to testify immediately after we sing a verse or two. Tell us why the hymn has become dear to you or what special inspiration you derive from it. Let us make the Lord's praise glorious.

Our heartfelt sympathy is extended to Mrs. Shafer in her bereavement, the loss of her brother. We are glad of the comfort of knowing that as a member of the Presbyterian church he was faithful and consistent.

Mrs. Wood's birthday was celebrated today by a trip to Sawkill Falls. Such a perfect day was appreciated after the recent clouds and showers. Milford should be proud of the Falls which are very beautiful most of the season.

The temperance cause is not particularly popular in Milford in spite of the pains the Almighty has taken to supply us with water clear as crystal and unpolluted. If people do not "see the drunken men the pastors talk about," no one, at least, can fall to see how difficult it is to get men to imbibe temperance principles and take a courageous stand against the greatest curse that afflicts our national life. We do not believe, however, that the foreboding logic of Mr. Nichols in his three recent addresses on this subject will be without its effects on thoughtful people. We have been informed that his addresses have been "torn to pieces" by critics of our town. I have no doubt but that Mr. Nichols would be pleased to meet and demolish these critics in open or private debate. The array of facts presented by the lecturer and readily recognized as incontrovertible by anyone who has made even a slight study of the sociological conditions of America at the present day are stubborn things for critics to try to overthrow. We may differ as to methods of alleviating these conditions but the true-spirited American must admit that he is in duty bound to exert his influence to repulse the advance of an insidious foe known to be ravaging thousands of homes, under the protection of the stars and stripes, every year.

Presbyterian Choralings

(By Rev. E. M. Smead.) The topic for the morning sermon will be, "Debtors," at the evening service, "The Way, the Truth, and the Life."

Excursion to San Francisco, Cal.

For the National Encampment of the Grand Army of the Republic to be held at San Francisco, Cal., from August 17th to 24th, 1903, the Erie railroad company has placed on sale at the Erie ticket office, Port Jervis, N. Y., special excursion tickets to San Francisco, Cal., at the very low rate of \$66.25 for the round trip, good going on July 31st to August 13th, inc., and good returning to October 15th, 1903. Stop-overs will be allowed within the final limit, October 15th, at and west of Colorado points.

Brutally Tortured

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Gulobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by all druggists.

Elks Excursion to Baltimore, Md.

On account of the B. and P. O. Elks Convention to be held at Baltimore, Md., the Erie will sell special excursion tickets from this station to Baltimore, Md., July 19th and 20th, good returning on or before July 31st, at the low rate of \$8.50 for the round trip.

Notice to Bridge Contractors

Sealed proposals will be received by the Commissioners of Pike County, Pa., at their office in the Borough of Milford, until Wednesday, July 29, 1903, at 3 P. M., for the erection of a Steel and Iron Bridge crossing Westfall Creek, near Rowlands, in Lockswagon Township. Distance between abutments, 30 feet. Roadway, 14 feet in the clear. Bidders must furnish plans and detailed specifications giving form and dimensions of material used. The Commissioners reserve the right to reject any or all bids.

Reformed Church Notes.

(By Rev. A. J. Meyer of Montague.) The ice cream social given last Thursday under the auspices of the young people was very successful. The net receipts amounted to \$27. The \$100 Estey organ, given by the young people to the church, is now entirely paid for and the most cordial thanks of the congregation are extended to them for their good work.

Sabbath evening, Aug 2, at 7.45 a song service will be held in the church. The pastor will explain the origin and give an account of the history of the following hymns:

Just as I am without one plea. Stand up, stand up for Jesus. Beat the tie that binds. From Greenland's icy mountains. One sweetly solemn thought. Rock of Ages. Nearer my God to thee. It will be noticed that the ensemble of the hymns is the story of the Christian life from repentance through the journey of life to God. The young people are contemplating the purchase, in part at least, of a silver individual communion set. The Hainesville Reformed church possesses a beautiful individual service and should by no means be the only church in the valley having a monopoly along this line. A congregational meeting was held in the Hainesville church to make arrangements for the annual summer festival. Next Sabbath morning the regular quarterly communion service will be observed at Montague. At the same service the rite of baptism will be conferred on Virginia McCarty, daughter of Elder Jacob and Emma McCarty. The session of consistency will be held in the church parlors at 10.15 a. m. to receive those who wish to enter our fellowship either by letter or confession of faith's.

Rheumatism

What is the use of telling the rheumatism that he feels as if his joints were being dislocated? He knows that his suffering are very much like the tortures of the rack. What he wants to know is what will permanently cure his disease. That, according to thousands of grateful testimonials, is

Hood's Sarsaparilla

It promptly neutralizes the acid in the blood on which the disease depends, completely eliminates it, and strengthens the system against its return. Try Hood's.

Uncollected Letters.

Last of uncollected letters remaining in the post office at Milford for the week ending July 25, 1903: Mrs. Annie Salsaman, Mrs. Pearl, Mrs. C. E. Cuendet, Miss Henrietta M. Brizler, Miss Lelma Hirsch, Alfred C. Barril, H. Stern. Persons claiming the above will please say "Advertised" and give date of this list.

Cal-cura Solvent, Dr. Kennedy's New Medicine, Will Dissolve and Expel Stone and Gravel from the System.

A surgical operation is no longer necessary for the removal of Stone and Gravel from the Kidneys and Bladder, since the new medicine, Cal-cura Solvent, discovered by the well-known physician and surgeon, Dr. David Kennedy, of Kennedy Row, Kingston, N. Y., quickly dissolves and swiftly expels Stone, Red and White Gravel, thus freeing the patient of the inflammation and pain, caused by the presence of those lime formations. Better than all, Cal-cura Solvent prevents the formation of Stone and Gravel and all uric acid conditions of the blood. The medical profession has accepted and heartily endorsed the principle upon which Dr. Kennedy has based his claims for Cal-cura Solvent. Write to the Cal-cura Company, Kennedy Row, Roundout, N. Y., for a free sample bottle. Remember: Only one Dr. David Kennedy ever lived in Roundout, City of Kingston, N. Y., and he saw you get his new and latest medicine, which is sold only in \$1.00 bottles.

L. R. CARPENTER BROKER
