Great Scott! Suffering Moses! Oh, my—Senator "Si,"

The "mogwump" down in Delaware will rest easier. They stand an even chance now of getting on a jury.

The Press predicted that Greene would likely go democratic at the primary last Saturday, and sure enough it did.

All reports of the Pike county primary should be consorted out of print before they are sent to Mulhearn of Carbon.

Evidently the rarer and more exceptional the qualifications, the rarer and more exasperatingly scarce the votes.

Revise the saying, "A prophet is not without honor," etc. Some prophets don't seem to be much honored anywhere.

The democrats of Pike nominated a jury commissioner last Saturday. Perhaps sufficient publicity was not given to some of the candidates, since no announcement was made in the Press.

Mowing the grass and weeds along the streets is a good job. It is well to keep the town looking neat and tidy. Every householder should exercise care in the disposition of all kinds of garbage and refuse.

Attention to all these matters is commendable and has its fruits in inducing guests to believe that effort is being made for their pleasure and comfort, and is an invitation for them to come again which they appreciate.

If Dr. Warren, state food commissioner, can enforce the pure food laws, and frighten brewers into making their beer reasonably pure he will deserve the hearty thanks of the public. Competition in the manufacture of beer has caused brewers to concoct the beverage as cheaply as possible, and regular chemists are now employed to devise methods of cheapening the stuff, so that much of it is no longer beer, it is simply a concoction made of acids.

The H. & L. Co. will meet this evening at 8 in the borough building.

Oce Finch of Scranton is visiting his sister, Mrs. Virginia F. McCarty, on lower Harford street.

Mrs. S. D. Van Campen and little daughters of Newton, N. J., are visiting relatives in town this week.

Somerset county, New Jersey, is making preparations to celebrate her sesqui-centennial September second.

The first load of alfalfa clover hay to be marketed in central Pennsylvania was recently sold in Blair county. It was in fair condition and almost as green as when standing. The first cutting was taken off June 15 and in three weeks the stand was 24 inches high again, and the second mowing was July 27th.

It is said this plant does well on light soils and it might be profitable for some of our farmers to try a small piece.

Salute Presented The startling announcement that a preventive of acids had been discovered will interest many. A run down system or dependency invariably precede suicide and something has been found that will prevent that condition which makes suicide likely. As the first thought of self destruction take Electric Bitters. It being a great tonic and nerveine will strengthen the nerves and build up the system. It's also a great stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by all druggists.

A MEMORIAL

BRADNER WOOD

Bradner Wood, a well known citizen of Pike Co., who died last Saturday, Aug. 1, 1903. Mr. Wood was born in Orange Co., N. Y., in the year 1818, but since his boyhood had lived in Pike county.

Mr. Wood made a success of his ventures both at lumbering and farming. His good judgment was so universally recognized that this advice was often asked by his neighbors before they ventured into any large undertaking. Sincere and earnest in his relations with society he was honored by all who intimately knew him.

By reading and perhaps by traveling when a youth, he maintained a mind more open toward new social movements than was common at that day. A trip taken to New Orleans, La., may have been largely responsible for his pronounced abolition sentiments, as a similar experience is said to have affected Abraham Lincoln. At any rate so strong were his sentiments on the slavery question and so boldly expressed that more than once he was threatened with being burned out.

But opposition of this kind to a strong man is like fuel to a furnace. Mr. Wood never retreated from his position. It was as a neighbor and father that Mr. Wood will be longest remembered. This is the highest praise he was helpful to his community, helpful not alone with sagacious advice and neighborly assistance but helpful by example.

His success was due to shrewd bargaining with nature and not with men. With stubborn toil he cleared a space for civilization out of the forest. And from this Pike county farm he gave his children a far better start in the world than he had had.

The death of Bradner Wood is like the removal of an ancient landmark it changes things. In the old days when a King of Israel died, if he had performed well the work given him he was buried in the "sepulchre of the kings." If unfaithful he was refused burial there. His admission or rejection did not depend upon whether he had engraved his name in history by the tragedy of battles or conquest but only on whether he had accomplished the work given him.

Those who, like Mr. Wood, have earned the highest title of "faithful" are today—as in old time—buried, in fond remembrance, in the only real "sepulchre of the kings." x x x

A business reputation is a most excellent advertisement. Johnson of Port Jervis by careful study of the needs of his patrons and a shrewd adoption of his stock to their wants has established a deserved reputation, that of fit for foot. His shoes are stylish of good quality, and as to prices all may judge by giving him a trial.

The announcement of the Populist leaders that they have severed their alliance with the democracy has not caused any ripples upon the crepe establishments.

When all the world is garnering and laying up stores against the needs of winter, Farmer Bryan appears to prefer the lecture to the harvest field in providing for keeping the wolf from the door.

The Washington Post believes that the recent rumpus in the town of Panama was nothing worthy of very serious consideration, probably only the explosion of a hot tamale.

A closed incident and an open door would sum up in a few words Secretary Hays' present diplomatic relations with Russia.

The race question is no longer a serious trouble to the negro now that the watermelon season is on.

Prof. Langley's statement that he has good ground for believing that his flying machine is a success is in line with his expressed intention of remaining on the good ground while his assistants make the trial soon.

And now Senator Gorman of Maryland is having a little boom for the next nomination for president on the democratic ticket. The platform tariff reform.

(By Rev. V. A. Woods.)

Sunday, Aug. 7th: Morning, sermon by former pastor W. R. Jeff, subject, "The Coming of Christ's Kingdom." Evening, sermon by the present pastor, subject "Providence and Faith." Epworth League 6:45 p. m. led by William Angle, subject "Sitte up the Gift of God that is in thee."

Prayer meeting subject for Aug. 13th, "Ghosts, and How to Fight Them." What giant in your nature do you find it hard to conquer? An open confession will be good for the soul.

The Ladies Aid society is making a special effort to complete arrangements for their annual fair on the 20th inst.

Sunday, Aug. 16th, will be our Missionary Sunday. If you appreciate the Gospel of Jesus and the fact that God has sent it to you are sure you will feel the weight of a sacred responsibility to send it to others and our Master will appreciate any sacrifice you may make for the accomplishment of this great work.

Our cordial thanks are due our visiting friends for their kind assistance at our services, financially, as well as in other ways. Nevertheless a special effort must be made at this time to straighten our accounts. Contributors to pastor's salary are urged not to wait for the collectors to call but to bring amounts due to the church or send to our treasurer, P. N. Bourneque, or to the pastor direct.

Let us not wait for a more convenient season but fulfill our obligation while the need is pressing. A financial statement will be made Sunday morning. The official board will convene Wed. eve., the 12th, at close of prayer meeting, 8.30. It is earnestly requested that all contributors straighten accounts to date before that time.

Our friends will be glad to see the familiar faces of Rev. and Mrs. W. R. Neff in our midst once more. We are glad to welcome them to Milford and hope that their month's stay will be delightfully pleasant and refreshing.

Remember the Sunday school picnic next Thursday the 13th. The pastor has selected for publication in another column an article entitled "Ten Dollars a Day." Parents please read and make clear to the children. Inspire them as much as possible with zeal to secure an education and a good one. There is room at the top of the ladder. Help the boys climb up.

Presbyterian Chronicalings (By Rev. E. M. Smead.)

It is with great pleasure that the pastor announces the Rev. George Gillespie, formerly of Port Jervis and now located at Coatesville, Pa., as he preaches for next Sunday. His subjects have not been given, but the speaker is well known in the village and we hope a very large attendance will greet him both morning and evening.

On account of the pastor's anticipated absence from the prayer meeting next Wednesday evening he has secured the services of the Rev. Andrew J. Myer of Montague, N. J., to lead that service. His subject is an especially good one, "Personal Influence," and will be of interest to all. Please make an effort to hear Mr. Myer.

The annual fair held last evening was a success under any circumstances, but an encouraging success when the inclemency of the weather is taken into consideration. However, we feel warranted in continuing the sale of fancy and other articles tonight. Cream will also be served. About \$115 was received last evening.

The pastor went this morning for a little trip and outing and will visit Northfield among other places before his return. He had hoped to be away two Sunday's but at present that seems impossible and therefore he will return in time to preach one week from next Lord's Day.

Another revolution is credited to Venezuela but there is quiet at the government printing office.

Not Over-Wise There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is parodied by the man who spends a large sum of money building a typhoon cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one.

This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by Balch & Son, Matamoras, all general stores in Pike county.

Disfigured Skin

Washed medicine and despoiling bases. What is the cause? Scabies, it is above, is capable of all that, and more.

Reformed Church Notes.

(By Rev. A. J. Meyer of Montague.)

At our communion service Mrs. Charles Van Auker and Miss Lura DeLoe united with our church on confession of faith. We gladly extend to these new members the hand of fellowship, and trust that God will work in them, not only for the spiritual profit of their own souls but also for the advancement of his kingdom in the community.

The song service last Sabbath evening at the Montague church was very successful. Even standing room was at a premium. Mr. E. P. Crisman's solo, "O Jesus, Thou Art Standing," was rendered in his own inimitable way. Those who have heard Mr. Crisman sing know that his singing is of a very high order.

Mr. Dudley Ryman's clear tenor was heard to advantage in the solo, "One Sweetly Solemn Thought." Mr. John Middleton favored us with a violin obligato and Miss Alice Carlo sang very feelingly Fanny J. Crosby's favorite hymn, "Saved by Grace."

Our most cordial and hearty thanks are given the soloists for the happy, uplifting moments their singing permitted us to enjoy.

The Kansas City Journal has an editorial under the caption "Reform in Thermometers." Of course there may be spells of "swearing off," but genuine permanent reform cannot be expected until October.

The Nashville American which sturdily supported Mr. Bryan both in 1896 and 1900 now speaks of him as a "tedious growler" and thinks he should be relegated to the ash heap. So think others, yet this is considered a little brush for the American.

A Sure Cure for Diarrhoea. Coming as it does, in the busiest season, when a man can least afford to lose time, a sure and quick cure for diarrhoea is very desirable. Anyone who has given it a trial will tell you that the "quickest, surest and most pleasant remedy in use for this disease is Chamberlain's Colic, Cholera and Diarrhoea Remedy. There is no loss of time when it is used, as one or two doses of it will cure any ordinary attack. It never fails, not even in the most severe and dangerous cases. For sale by Balch & Son, Matamoras, all general stores in Pike county.

The Darbers' Union is tightening up its fence wires. It has decided that corpses shall be shaved only by members of the union, and not as heretofore by coachmen and undertakers assistants. The question arises in case of trouble who will come in for the boycott?

A Trinity of Evils.

Cured by Dr. Kennedy's New Medicine, After Other Treatment Had Failed.

Mr. Martin Montgomery, of Silvers, Penn., formerly of Roxbury, N. Y., writing to Dr. David Kennedy, of Kennedy Row, says: "Your NEW medicine, Cal-cura Solvent, is immense. It cured me of liver and kidney troubles, and rheumatism; after a lot of weary darning with things that did no good. It is a record breaker and no mistake."

As in Mr. Montgomery's case, rheumatism is often, indeed almost always, complicated with kidney and liver trouble. It is because Cal-cura Solvent acts on the kidneys and liver and at the same time expels uric acid from the blood, that it is such a reliable remedy for rheumatism and the attendant disorders. It cures by removing the cause, therefore, the cure is permanent, safe and sure. Write to the Cal-cura Company, Kennedy Row, Roxbury, N. Y., for a free sample bottle.

Remember: Only one Dr. David Kennedy ever lived in Roxbury, City of Kingston, N. Y., and he sure you get his new and latest medicine, which is sold only in \$1.00 bottles.

UNITED STATES CIVIL SERVICE COMMISSION

WASHINGTON, D. C. March 18th, 1903. Mr. Geo. Oakley, Columbia College, Paterson, N. J. Dear Sir: For a number of years past the Civil Service Commission has experienced considerable difficulty in securing enough male eligibles in shorthand and typewriting to meet the needs of the service. The supply of such eligibles resulting from the semi-annual examinations in these subjects has not been equal to the demand. Recently several special stenography and typewriting examinations have been held in the larger cities, but without producing the desired result. The Commission would be pleased to have you make this known to young men who may be interested. Yours respectfully, JOHN R. PROCTOR, President.
