

WE CAN PLEASE THE YOUNG MAN

The Young Man's Clothes must be exactly right for he is always posted on what's what—how long the coat should be, what's the latest cut in Waistcoats, what's the correct width for Trousers, etc., etc. We're after these young men who know when clothes are right. New Spring ideas—the natty and handsome Scotch effects and Fancy Worsteds, single and double breasted. Lots that's new to be seen here now. Such moderate suit prices as these prevail: \$5.00, \$7.00 and \$8.75

GREENTOWN.

The Sugar Labie Sunday school will hold a picnic at East Branchpond Aug 15.

A sad accident occurred on Wednesday, July 29 when Frank Bortree and a number of boys who were helping Murray Bortree hay near Bidwell Hill went into the barn out of a thunder shower. Lightning struck the barn and Frank and his son James were killed, also a number of farm animals and the barn was burned.

S. B. Hazelton is introducing the Sharple cream separator.

The Simonsdown Sunday school talk of having a picnic this month.

Miss Mary Bartleson is visiting her sister at Wilsonville.

William Robinson has gone to Scranton this week.

A dreary time for camp meeting so far, but we hope for pleasant weather.

SANDYSTON.

The weather for the past month was as follows as per the Weather Bureau instruments: Average maximum temperature 81.18°. Average minimum temperature 56.16°. Average maximum wet 72.90°. Rainfall for the month 4.67 inches. Highest maximum 91°. Lowest temperature 39°. Number fair days 27, partly cloudy 3, cloudy 1.

The Wantage Recorder is not shouting for good roads and is pointing to the cost of building the roads and attendant expenses with an expression of, "I told you so." I am of the same opinion regarding attendant expenses and if they keep on piling up they will be pretty costly roads.

There is not a newspaper in Sussex county that will speak out and favor the 3 commissioners to conduct county affairs in place of the present board of freeholders. If we had three commissioners in place of the cumbersome freeholder board it is pretty certain that our good roads would be in one place instead of 4 mile and mile pieces scattered over the county. But the three commissioner system will come after awhile.

Dysentery is epidemic at Bevan's and a number of little folks are down with it. Earl, the little son of Wm. Titman died of this disease on the 28th ult and his little daughter is very low at this writing.

Shay Vanness is getting the necessary lumber for repairing the school houses on the ground and will begin work this coming week. It is time.

Farmers have been sowing buckwheat for nearly a month and while one piece is cut the next is in blossom and the next is a piece just sown. And this is the case all through this valley.

J. J. Vansickle started for Ohio Sunday via Port Jervis. He and friends have had a jolly good time but business was pressing and he was obliged to return sooner than he expected.

A certain Milfordite goes through our streets at a 2.15 clip and some of these times he may get a dose similar to that Jerseymen get in Milford when feeling deliciously happy.

At the service at the Layton M. E. church Sunday there were just 25 present and not a married person in the lot. Where are the married patrons of the church Sundays?

Chas. A. Hill of the artillery arm of the service and now stationed at Fort Wadsworth, N. Y., harbor is spending his furlough with the Stoll brothers at Alseica Farm. Charley served 3 years in the Philippines and came back hale and hearty and entered the artillery service when re-enlisting.

On Friday last De Alton Dillistin of Branchville and W. C. Hurch of Layton drove to Milford and had a pleasant time. Stopping at the Brick House the two correspondents taught a couple of the natives a good example of how goat pitching was done and they were satisfied. A future meeting was arranged.

Blaice Cole, who was recently graduated from Princeton College, will enter the Medical College at Philadelphia at its opening in next September. Blaice has a host of warm friends who wish him unlimited success, and he will get there too.

The social at Porter Layton's on Thursday evening brought out a goodly number of young folks and had a pleasant time. Almost 20 dollars was the net receipts.

The collector of this county at a recent meeting of freeholders said that the \$10,000 set aside for bridge building would not be enough. If other townships are building as many bridges as Sandyston better double that appropriation if they wish to come out square. Our county expenses are getting to be enormous and the people are beginning to think that the three commissioners in place of freeholders would reduce expenditures. I would like to see it tried.

Agamememis culicis is the name of the mosquito parasite discovered by Dr. Styles of the Marine Hospital service. Agamememis is to be turned loose into the New Jersey mosquito pastures. He bites the mosquitoes on the leg causing them to frantically scratch themselves resulting in blood poisoning and rapid dissolution. Perhaps dissolution of the mosquito will be even more effective than the petroleum solution heretofore used.

Dysentery Cured Without the Aid of a Doctor

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn., "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Balch & Son, Matamoras, all general stores in Pike county.

During the first six months of this year, 580 of the emigrants who landed in New York became public charges. Commissioner Sargent's analysis of immigration statistics for the fiscal year just ended shows that comparatively few of our immigrants go west. He says that thirty per cent of the total number, or over 250,000, remained in New York state and that only a few over 100,000 went west. The commissioner says, "Immigration under present conditions hundreds of thousands of ignorant aliens coming to our country every year presents a serious problem." It does one of the most serious internal problems we have before us, especially in view of the main fact that the great bulk of these uneducated and undesirable additions is the result of the activity of transportation companies whose agents are scouring every European country for steaming passengers and making it possible for them to enter the United States, evading the spirit although not the letter of the law.

Boy Sured of Colic After Physicians Treatment Had Failed

My boy when four years old was taken with colic and cramps in the stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book-keeper for the Shell Lake Lumber Co. For sale by Balch & Son, Matamoras, all general stores in Pike county.

NEW YORK WORLD
Thrice-a-Week Edition
Read Wherever the English Language is Spoken

The Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. Time is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every state and territory of the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1903, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscription for only one dollar a year gets three papers every week and more news and general reading than most great dailies can furnish at five or six times the price.

The Thrice-a-Week World is absolutely fair in its political views. Partisan bias is never allowed to affect its news columns and democratic and republican alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to all the news the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only \$1 per year and this price for 100 papers. We offer this unequalled newspaper and the Pike County Press together one year for \$5.

The regular subscription price of the two papers is \$6.00.
