SANDYSTON.

Now that our papers are talking of this man and that for senator from Sussex I might name one whom I have frequently heard in connection with the office named whose reputation is far above reproach and who commands the respect of all irrespective of party, and that man is Dr. Jacob Price of Branchville.

John L. Creveling has made legal claim for some monies left by his wife, amounting to something like a thousand dollars, well money comes handy at any and all times. Mrs. Creveling died Aug. 21, 1892.

Would it not be a good idea to have a member of the society for the prevention of cruelty to animals in this town. Quite frequently some chap goes through our streets for all his horse is worth and urging the animal to greater speed with voice and whip. Something ought to be done in this matter.

Cranberry Lake as a resort of the D. L. & W. R. R. according to the Newton papers is one of the worst places on earth and now that the Sunday schools of Deckertown will hold their annual picnic at the lake on the 12 inst what will the Newton press say about that.

The social at A. S. Stolls at Bevans on the evening of the 6 inst was the most largely attended of any yet held. Everybody had a good time and nearly twenty dollars was added to the treasury.

People driving the turnpike across the mountain complain that the road is very rough. In anticipation of the new road, little or no money was voted to keep the present road in passable order. A recent ride over the road convinced me that something should be done and that without delay. No need waiting for the new road for that won't be done before Christmas at the rate it is progressing now.

This community was shocked when the news of the death of Lewis McDonolds of Branchville was announced on the 3rd inst. He had a large circle of acquaintances in this valley and was a genial wholesoled good fellow. He leaves a wife and one son 8 or 9 years of age.

The steamer excursion from Newton Friday was not very largely attended from this side of the mountains. The threatening condition of the weather deterred some from going and yet it turned out to be a beautiful day. The Erie gives excursions to N. Y. and Coney for \$1, but the steamer gets a good crowd at \$1.75.

On a trip through Walpack Sunday last I did not see what one could call a good piece of corn along the route, and if frost comes early what little there is will be a goner.

Hiram House removed from the John P. House farm Wednesday last to the farm of Mr. Hull of Newton, better known as the John Wood farm.

Those usually keeping city boarders in this valley now have their rooms full. Hiram Hankins near Bevans has all he can care for and has had to refuse quite a number.

The Lake Grinnell picnic comes on the 15th inst and the farmers, mechanics and tradesmen at Culvers Lake on the 22 inst. The former's attendance from this section will be small, but the latter is always largely attended from this valley.

The two bridges to be built on the new McAdam road were sold on Saturday last by the freeholders to a Mr. Castellino. The one was sold for \$45 dollars and the other for a little less.

Rabbits were never more plentiful than this season and go where you will you can see the little fellows skipping about. Dogs were hustling them around Sunday, and the owners know their dogs are violating the law.

In looking over the statement of the school monies of this town I find nothing regarding the tuition fees due from the adjoining townships. Last year it amounted to nearly or over \$50 dollars and there must be a mistake somewhere. We need all the fee money we can get.

Miss Rotta Losey started Tuesday last for an extended visit among friends and relatives in and about Scranton.

The sick at Bevans are much better and the little folks of that hamlet have had a hard time of it, dysentery having been epidemic there. Robt. H. Everett has been very ill with pneumonia is, at this writing, on the road to recovery.

Our school houses are being fully repaired and put in condition for school which is barely three weeks away. The school room at Layton has been ceiled with boards and with ample slate blackboard will be thoroughly up-to-date. The law requires two outhouses to every school ground, and I cannot see why Supt. Decker does not enforce this law. The one at Layton is a disgrace and another for the opposite sex should be built.

Friend H. L. is evidently worried over the ed-rack question. Just move over on the Jersey side, then you can keep an eye on the water the year round as our laws allow them and set in the right place you would get enough for both of us.

Cards have been received in this place announcing the marriage of Miss Julia Anstalter, a former resident of this place, to Charles Unger of Middletown, N. J., which took place in that city Sunday, Aug. 9th.

Miss Ida Condes of West Orange, N. J., is visiting at the home of Mrs. Ephram Shay.

Mrs. M. Zimmerman and son, Arthur, of Newark, N. J., are the guests of Mrs. Ephram Shay. S.

PAUPAC.

Charles Killam, wife and sons of Brooklyn are guests at the home of George N. Killam.

B. A. Francis and family, May Wilson and brother Benjamin are visiting the latter's parents, G. W. Wilson and wife.

A festival is to be held on the spacious lawn of Mrs. M. N. B. Killam Wednesday evening. Proceeds for the ministers salary.

Two cinnamon bears, accompanied by their owners passed through this place Tuesday morn to the delight of the youngsters who witnessed their performances.

Summer boarders are still arriving and occasionally we hear of the arrival of others that are not summer boarders. One of the latest of which we have heard is an infant daughter at the home of John Zimmerman and wife Sunday.

A handsome monument was erected in our cemetery last week to mark the last resting place of M. N. B. Killam.

The usual weekly dance was held in the dancing pavilion at Henry Gamble's last Saturday and was attended by the usual "select crowd" all report a splendid time and judging by the number of people who were awakened by them as they wended their way homeward in the wee small hours, we are quite ready to believe their report. Duraco.

DINGMAN'S FERRY.

It is a mistake—there are no negroes in Delaware. Our democrats are only becoming more independent and propose to do their own thinking and voting in future. They will not have a gang of selfish politicians to whip them up to the polls and vote them any more. If this resolution remains firm there is good hope that we will have a much better class of officials.

Unless we have summer weather in September and the frost holds off in August there will be no corn. With the exception of very few pieces the oat crop will be small. Buckwheat is like Joseph's coat patches of all sizes and colors but if the frost does not catch it there may be a good crop. Potatoes look well.

Howey is having a truck made for his horse power, after that he will be ready to do thrashing at short notice. He is a hustler and can be depended upon.

Whortleberry parties have been numerous this season, Calvin Cron and family while out one day killed three rattlesnakes, when they concluded to come home and leave the field to the snakes.

Centre school is yet without a teacher, the one employed has accepted a situation elsewhere.

That White Elephant, the Mott street bridge, is now open to the public, the next step is to remove it and place it where it should have been in the first place—across the stream near Wells' dam.

The town is now well filled with boarders. The streets present an appearance at times of a county fair being in progress.

Shady Lawn Cottage under the management of Wm. Dusenberry is filled to overflowing and many have been turned away. High Falls Hotel and the Bellevue House are also well patronized. One difficulty is experienced that of finding sufficient female help.

The merchants too are very busy attending to customers.

Extensive preparations have been made for the two days fair in the M. E. church.

H. B. Sanderson is having his swamp lands surveyed with a view to building a dam and forming a lake if the topography favors. This might attract city guests.

Alpheus Benseley had William Campbell before Justice Frazer recently charged with shooting and killing a sheep. The verdict was not guilty. After the trial a careful examination of the case might indicate that the sheep had been struck by lightning.

MAST HOPE

Miss M. Conroy, whose father was Secretary of Legation during ex-president Cleveland's term, is staying at the Dabron home.

Jud. Kiernan and wife attended the funeral of Mr. Kiernan's father last week at South Hill. P. Davis and wife also attended the funeral.

John Roberts, his son Will and young daughter and sister, Mr. and Mrs. Thos. Wright of Brooklyn have been visiting Wm. Hankins and wife.

The funeral of Wm. Bowers' five month old child was pronounced in the Ten Mile River Baptist church last week by Rev. McAlpine of Narrowsburg.

The friends of S. J. Hankins gave a pound party at his home last Tuesday night and were very generous as they have been ever since he was hurt July 1st. Little Hazel is staying at Narrowsburg.

Mrs. H. Beafet of Narrowsburg is visiting her brother, Wm. Hawk.

Mr. Russell, a friend of Miss Fanny Baldwin, is visiting her at the her aunt's, Mrs. S. S. Crawford.

Mrs. M. Dabron saw some animal chasing the chickens in the coop and when she opened the door it caught one of the chickens under the wings and she grabbed the animal by the tail and killed it by striking its head on a stick and found she had killed a weasel.

Lumber is being left at the Tusten railroad bridge to be used later in rebuilding the bridge across the Delaware.

Berries scarce, rattlers and pilots abundant and rain more than seems necessary.

CONASHAUGH

Conashaugh Spring House is at the height of the season and is filled with a lively party of city guests who apparently get all the pleasure possible from their pleasant surroundings.

James P. Van Etten is doing a hustling business with his auto and expects soon to get one which will carry a dozen people.

Cabbage will likely be scarce this fall, as most of it here is attacked with the club foot disease. One of the largest growers, Samuel Detrick, recently took out in one day over a thousand affected plants and many small fields are being entirely pulled up.

Dysentery Cured Without the Aid of a Doctor

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn., "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Balch & Son, Matamoras, all general stores in Pike county.

The railroad age records now only five unimportant steam railroads, from four to twenty-eight miles in length each, which have failed to meet the interest on their obligations during the past six months. This is a different showing from that made ten years ago when railroad receivers were being appointed every few days.

Boy Cured of Colic After Physicians Treatment Had Failed

My boy when four years old was taken with colic and cramps in the stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book-keeper for the Shell Lake Lumber Co. For sale by Balch & Son, Matamoras, all general stores in Pike county.
