The Harvest Home held at Hainesville the 18th inst proved a great success both in attendance and financially. Something like seventy dollars was realized.

Many of the poles of the Sussex Telephone Company are leaning badly and in some instances have fallen down. It would seem that this would impair the service and complaints are frequently heard that such is the case. Doctor you had better come over and take a look around.

Now that efforts are being made to straighten our roads and at the same time avoid hills would it not be a good idea to change the road leading from Layton to Dingman bridge by locating the road beginning at Port Layton's wagon house up the ravine east of the present road crossing the main road near the residence of D. B. Lattimore. This route would avoid a long, steep hill.

Very few attended the Lake Grinnell picnic Saturday from this section. People are too busy just now to be taking in everything that is on the program. With the Port Jervis street fair, Cutvers picnic Saturday next and the Newton Centennial immediately after will keep one moving to attend them all.

The Hainesville boys are putting up good ball, and the Milford club must not think because we live out in the country that our boys know nothing of the game. Last Thursday's game was closely contested and the Jersey boys won out by a score of 9 to 8. That will do.

The Sesqui Centennial to be held at Newton Sept. 2 promises to be a grand affair. The various committees report progress and if the weather proves favorable, Newton will have a big day on that date.

Frank Owen and wife of Newark came up Thursday. Frank is engaged in the milk business and had to return the day, but his wife will remain a fortnight with her parents.

The story that John Creveling was to get nearly a thousand dollars, principal and interest, of money left by his deceased wife, turns out to be a fake. There was some money, but a will provided where it was to go, years ago.

There is strong talk of having Sandyston township indicted for the bad condition of the road across the mountain. No money has been expended on this piece of road and it is in a horrible condition. I suppose our officials are waiting for the new road to be completed sometime in November next.

Robt. H. Everitt is much better and if nothing sets in will soon be about as usual.

It was rather embarrassing that Senator Tillman should lose his pocketbook full of complimentary railroad passes and express and telegraph franks after his public utterances expressive of abhorrence at the acceptance by public men of such favor from corporations.

The leisurely manner in which the Colombian congress is considering the canal treaty would indicate that it contains a number of Senator Morgans, with that eminent statesman's penchant for making extended speeches on this subject.

The western papers controvert the eastern notion that because Bryan is losing followers, they are shifting toward Cleveland. Rather, it is stated, they are going into the republican party.

There is no good reason why the president should not feel fairly comfortable over the political situation, as undoubtedly he does. In the first place he has no effective opposition in his own party and in the second place that party has no formidable opposition in the country.

A Curious Epitaph.
The following is in a churchyard near Plymouth, England:
"Here lies a poor woman
Who always was tired,
Who lived in a house
Where help was not hired.
Her last words on earth were:
"Dear friends, I am going
Where washing ain't done,
Nor sweeping, nor sewing;
But everything there is
Exactly to my wishes,
For when they don't eat
There's no washing dishes,
I'll be where loud anthems
Will always be ringing;
But, having no voice,
I'll get clear of the singing.
Don't mourn for me now,
Don't mourn for me ever;
I'm going to do nothing
For ever and ever."

Dead One.
Blocks—I'll warrant these Charon did make a great deal of money out of his ferry across the River Styx.
Sticks—Nay, friend, were they not all deadheads.—Indianapolis Journal.

Dysentery Cured Without the Aid of a Doctor
"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn., "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Balch & Son, Matamoras, all general stores in Pike county.

Irving Winslow, the secretary of the Anti-Imperialist League, has again been heard from. He asserts that Secretary Elhu Root, who has persistently favored the retention of the Philippines and various other abominable practices, refuses to resign from his position, notwithstanding the absolute demand of the league. This is certainly high-handed practice on the part of Mr. Root.

Boy Cured of Colic After Physicians Treatment Had Failed
My boy when four years old was taken with colic and cramps in the stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book-keeper for the Shell Lake Lumber Co. For sale by Balch & Son, Matamoras, all general stores in Pike county.

A REAL LIVER PILL

Most of the so-called liver pills are made up of drastic cathartics that leave the system worse than they find it. They affect the liver not at all. They are apt to derange the stomach and weaken the bowels, which condition is worse than the one for which the remedy was taken.

Dr. Hoffman's Dandelion Liver Pills

are a real liver pill. They stimulate and strengthen the liver. Are purely vegetable, and mild and certain in results. Cure constipation, biliousness and headaches, and clear the complexion.
