MATAMORAS.

An entertainment was held at St. Joseph's Hall Monday evening by the young ladies of the parish.

Dr. J. M. DeKey has secured the suite of rooms on the ground floor of Balch's brick building on Pennsylvania avenue and will take possession on or about the 25th inst.

Miss Maggie Klose of Jersey City is the guest of Mrs. William Perotval on Jefferson street.

Monday evening, Misses Nellie and Della Skinner were very pleasantly surprised at their home on Adams street. The young ladies will leave for their new home at Middletown this week. Mr. and Mrs. Robert Skinner were also pleasantly surprised on Monday evening by a party of friends from Port Jervis and Matamoras. The evening was spent pleasantly. Mr. and Mrs. Skinner's friends regret they are going to leave town and all hope they may return to Matamoras in the future.

Frank Seybolt of Matamoras, who has been employed by the O. & W. R. R. at Monticello has left there, and is going to take a course in the Y. M. C. A. training school, at Springfield, Mass. Frank's young friends in Matamoras wish him success in his new work.

Mr. and Mrs. H. Hense, who were married in Newark last Wednesday called on friends in Matamoras Saturday and Sunday, and returned to their home in Newark on Sunday evening. Mrs. Hense was formerly Miss Katie Woster.

John Degen in company with Horace Kipp, of Milford, called on friends in Matamoras Sunday afternoon.

Miss Lillian Buchanan of Milford is visiting her sister, Mrs. J. O. Ryder, on Main street.

Mrs. A. G. Rowland and little daughter, Catherine, of Rowland, Pa., are the guests of Warren K. Ridgeway and wife.

Ed. Labar, wife and children have gone on a pleasant trip driving through the county. They take to Stroudsburg, Philadelphia and Delaware Water Gap and will be away a week.

Mrs. Harry Moore of Jersey City is visiting her sister, Miss Blanche Watts, on Main street.

MAST HOPE

Miss Augusta Davenport recently visited friends in this place.

Born to Chester Nearing and wife of Flemingsville, N. Y., a son.

Mrs. Robinson and Mrs. Lehmann, who have not been well, are gaining.

Mr. Wenderlich started for his Tarrytown home on Tuesday.

A covered boat started from the Ten Mile River eddy Friday morning, on it were N. R. Hankins and John Decker. They were supplied with almost everything for camping, fishing, etc., and enjoyed the trip immensely. Saturday at Parker's Glen they were joined by W. H. Hankins who remained with them until Monday afternoon. The other two remained on the boat until Tuesday when the reached Sparrow-bush when they broke up tenting and came home all much pleased with their trip.

Walking is becoming such a fad now days that Mrs. Davis and Miss Tighe walked over the mountains to Howlands last Tuesday.

Wm. Hawks, aged 91, is visiting his sister, aged 81, at Monticello, N. Y. Both are well and proceed old people.

Mrs. Howell Hankins and Mrs. Kate McElroy of Washington, Pa., have been visiting their uncle, W. H. Hankins, last week.

Miss Anna May Hankins spent Sunday with her parents.

George Van Wert went to Scranton last week to attend the funeral of his brother.

Only two from this place went on the excursion to Rochester last week.

Frank Lehmann and wife returned to Chicago last Thursday.

Miss Hannah Kipp visited her home in Greentown Saturday.

The Hartford Post believes a man should be willing to meet an office half way. We know of one person leader who would have been only too glad.

SANDYSTON.

Brice Drake, formerly of this town enlisted in the navy last winter is at home, but, whether on furlough or discharged it is hard to tell as he tells conflicting stories. But he sports a navy uniform anyway.

For the nearest horse clipper commend us to Flavius Warner of Hainesville, who is an expert in that line. While I do not believe in clipping a horse's feet if any one wants a good job done call on Flavius.

Tuesday I visited the court room at Newton and heard the judge call case after case, and one side or the other was not ready and the case went over until next term. The president judge was through in 16 minutes and returned to Morristown.

The public school building at Newton was damaged by fire on Saturday night. The upper part was badly damaged and had the fire engine been promptly on hand and fired on the damage would have been much less. Damage about \$6000.

Mark Layton and bride spent a few days visiting relatives in Sandyston and Walpack last week. Mark is employed in Paterson, N. J.

Help on the farm was never so scarce as at the present time. The fact is wages are too low. Seventy-five cents is too little compared with the wages paid elsewhere and where 10 hours is the rate, and not from daylight till dark as it is here.

New Jersey will hold an election Tuesday of this week for the purpose of voting on proposed amendments to the constitution. It is a fraud all the way through and will cost the state a neat sum for the election and, after all, if the amendments carry they are in nowise beneficial, but will provide a few offices for the friends of those in power.

So far as I know, there are only two teachers in the Delaware Valley who receive over \$36 per month and some teachers receive less than \$30 per month. We cannot ridicule the Pike county teachers any more, for it has been reported that some of them taught for board and clothes. The new Pennsylvania law paying all teachers not less than \$5 per month beats the Jersey teachers in salary.

The G. A. R. encampments at it last meeting in San Francisco urged congress to pass a law paying all honorably discharged soldiers who have served over three months a pension of \$12 per month. I know crippled veterans who served all through the Civil War and are drawing from six to ten dollars per month while I could name quite a number who were in the service on an enlistment term of 9 months and are drawing from 12 to 22 dollars per month. This is not just to the long term veteran.

It is predicted that when the new road is completed across the mountain that some of our farmers will cart their milk to Branchville. The prices paid at Branchville are a good deal more than are paid here.

Today we hold a special election on constitutional amendments and it is safe to say that not over 20 votes will be polled as very few really understand what the amendments are. As it is a special election it is not a legal holiday.

Saturday morning the thermometers stood only 4° above freezing and Sunday morning 6° above the freezing point. A severe frost now would ruin the corn crop. The buckwheat crop is so short, in growth, that it will have to be pulled, it cannot be cut with the cradle. Pancakes will be a luxury this winter.

The contractors building the new road are hiring all the teams they can get to haul stone, dirt and crushed stone on the road. They pay \$3.50 per day of 10 hours.

Fishing is a recreation, on Sunday, when the party works hard all the week, a fact that I was not aware of, but one thing I do not know, and that is how many fish were caught, they were probably suckers.

On the 22d inst. in cutting some raspberries I found one vine with several clusters of fine large berries, some ripe and some green. Rather odd time of year for raspberries isn't it.

Comrades don't forget the Reunion of the First New Jersey Cav. Vols. at Trenton, N. J., Oct. 8th.

We may now expect the usual periodical rumors regarding the Pope's health.

Liver Pills

That's what you need; something to cure your biliousness, and regulate your bowels. You need Ayer's Pills. Vegetable, gently laxative.

Want your moustache or beard a beautiful brown or rich black? Use BUCKINGHAM'S DYE

DINGMAN'S FERRY.

The fish pond proposed to be built by H. H. Anderson, work on which was suspended because of protests made by some owners of real estate adjoining, it is reported will be completed, the objections having been adjusted and those formerly opposing now give full consent to the project.

Order mills in this section are busy.

Some of our young ladies are seeking employment in the shoe factory at Newton, N. J., and if they are successful there will no doubt be an exodus which may make it difficult for our hotels and boarding houses to procure help next summer. Three dollars a week for a couple of months in summer is hardly sufficient attraction for experienced and competent girls. Not less than \$5 a week should be paid.

So far no one here has commenced a school of instruction in cooking. Those who try the business of keeping boarders without a knowledge of this branch cannot supply a satisfactory table and make money. For instance in the matter of soups, much stock that could be utilized with profit now goes to waste for want of knowledge. Soup stock is homemade gelatine for which factory prices are 25 cents a pound. When you enter a kitchen where there is a good cook, or chef, you will observe a pot simmering at all times where the jelly in meat trimmings is extracted. Soup is nourishing and at all times palatable if well made, and there is great economy in its use.

Chicken thieves are beginning to be active and some people to be in readiness for their reception have oiled and cleaned their guns and loaded them with buckshot.

The feast of rye cake for the entertainment at Christmas of the scribe of the Press will necessarily be omitted because of failure of the crop. The editor may substitute a bundle of hay which is plenty.

A twelve pound baby has come to bless the home of Hugh Brodhead.

David O. Brodhead, one of our most respected citizens, who is well advanced in years, is reported to be sick again.

Jack Frost has appeared here and soon Thanksgiving will be on hand. We are in some doubt as to what we may render up thanks for unless it may be that things are no worse.

SILVER LAKE

The cottages are all closed except J. V. Sloan's which will close about October 1st.

Andrew Snyder and family of near Dingmans were here Sunday.

The first frost in this vicinity occurred Saturday morning.

Mrs. Sloan entertained her brother Monday. He is spending a vacation at Hotel Schanno.

Most of the farmers have finished haying and are now sowing rye. The buckwheat crop is very light.

Allen Crone spent Saturday and Sunday at his home near Centre.

A Remarkable Record

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time more than a million bottles have been sold and used. It has long been the standard and main reliance in the treatment of coughs, thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by Balch & Son, Matamoras, all general stores in Pike county.

Denver, Colo., and Return \$46.25

On account of the Brotherhood of St. Andrew convention to be held at Denver, Colo., October 7-11, 1903, the Erie will run special excursion tickets from Port Jervis to Denver, Colo., October 3rd and 4th, good to return to October 30th, at \$46.25 for the round trip.

His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"R. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery, and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says R. T. Little, merchant, Hancock, Md. For sale by Balch & Son, Matamoras, all general stores in Pike county.

FALL SPICES

Good spices are desirable at any time; they are necessary now, for the results of your care and labor during the canning and pickling season may depend upon them.

We buy spices as carefully as the most delicate drugs and we have results to show for our caution. Our spices give results. Try them.
