SANDYSTON.

The special election held on the 23d brought out a very light vote. About 10% of the regular vote was polled and the same ratio will hold throughout the state. The directions for voting were not understood and many voted against the amendments when from their marking they really voted for some of them.

Farmers have had a hard row to hoe this year. Corn is almost a failure, potatoes are rotting. Cows are very light, rye is yielding poorly and lots of pieces of buckwheat will not be out. The old system of plowing every field on the place every third year and sometimes oftener will have to be abandoned and the land kept in pasture.

Alfred Bevans filed his second suit the past week. The first one will hold about 65 tons and the new one about 115 tons. The new is circular in form and is not under cover. His dairy of nearly 50 cows will undoubtedly get away with the contents of those silos and more too.

Thursday I walked over the new road from end to end. The stone crusher is in position and will be working this week. The grading is fast nearing completion and a few days more will see the bridge abutments ready for the iron. Credit is due to the contractor, Mr. Chamberlain, for the good substantial abutments he is putting up. He thoroughly understands his business.

Prince Alert paced a mile in 1.57 on the Empire track at Yonkers, N. Y., the 23d of Sept. Did you ever figure out how fast a horse must move to go a mile in 117 seconds? Just figure it out and you will find he must cover 45 feet 1/4 inches every second. It does not look possible does it.

The weather bureau offers to furnish flags, etc., to the Layton weather service station to indicate what the weather will be for that day, if we had a telegraph line. Too bad for we have neither telegraph, railroad or much of anything in this valley. Some day there will be a railroad up this valley, but it is a long time coming. Why, we cannot get MeAdam roads either.

The report of guns is frequently heard and if all reports are true the shooting of gray squirrels is going on the same as when the law permits such shooting. Those cognizant of the fact do not want to hurt the hunter's feelings and thus the violator goes free.

The Court of Errors and Appeals has decided that the school law now in force is unconstitutional and we will have to fall back upon the old law. Boards of education who have borrowed money may have to foot the bill personally as their action is illegal and it is a question now whether such boards have the right to pay teachers salary.

Washington Dupue, merchant at Hainesville, has purchased a lot in Branchville, and will erect thereon a store and undertaking rooms. His property is for sale at Hainesville with or without store goods. By strict attention Mr. Dupue has built up a good business.

John S. Hursh, who has been complaining for a long time, is at this writing dangerously ill.

Parties buying 6 gallons of cider and collecting a lot of boys and all getting drunk may get into trouble if they annoy the people of Abertown as was done last Sunday.

DINGMAN'S FERRY.

Cow buyers wonder why Pike county farmers persist in breeding small cattle when they have been told for years that only larger sized animals are desired if they wish good prices.

If a few of our boys would attend the free courses given at the state college no doubt some of them would soon see the importance of an improvement in breeding and urge their neighbors to begin. Blacksmithing, carpentering and other trades are taught at the college and if boys do not wish to stick to the farm they could learn some other business. For admission and information concerning the college address Hon. John A. Woodyard, Howard, Pa.

So far our schools are progressing nicely. Growlers and fault finders have not woken up yet.

Hickory nuts on some old trees are large and well developed but are not filled.

Workmen have discontinued at the sawmill on the Frazier lumber tract. Delay in paying wages is said to be the reason. There is over half a million feet of lumber ready for market but the railroad did not come up this summer consequently capital is tied up.

WANTED—FAITHFUL PERSON TO travel and supervise force of sales people and make collections for mercantile house. Straight salary \$20.00 a week and expenses. Salary paid weekly and expense money advanced. Previous experience unnecessary. Local territory. Business successful. Positive permanent. Replies self addressed envelope. Superior, 2121 Dearborn street, Chicago.

Gained Forty Pounds in Thirty Days

For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the Tablets. — HOLLEY BROS., Merchants, Long Branch, Mo. For sale by Balch & Son, Matamoras, all general stores in Pike county.

The Washington Post says that Democratic Candidate Clark of Ohio is out-Bryaning Bryan. He is following the trail blazed by that leader, by Towne and other calamity shouters in 1896 and 1900, apparently un-mindful of the fact that the path leads only to defeat. The Post thinks that possibly it may not have occurred to Mr. Clarke that he is rendering the republicans valuable service by appearing in the role of a calamity howler. The country has had enough and more than enough of the orators of that school, and Mr. Clarke's woe-laden predictions will be repudiated by democrats and republicans alike.

Do Good—It Pays.

A Chicago man has observed that, "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by Balch & Son, Matamoras, all general stores in Pike county.

ALL RUBBER RUBBER GOODS

We buy our rubber goods at frequent intervals direct from the manufacturers. We do this for three reasons:

1. We want reliable goods.
2. We want fresh goods.
3. We want to save all the cost we can for customers.

Rubber goods of inferior quality are about the dearest articles that can be bought. Here you get grades of assured reliability. You know they are fresh, and you get them at the most reasonable prices.
