A Matter of Advertising Proposed by the Erie Which is of General Interest to People Here

The General Passenger Department of the Erie Railroad has been informed that the accommodation for Summer Boarders at various points along its line are inadequate to meet the demands.

It is proposed to more thoroughly advertise this business next season than ever before, and to accommodate all who desire to locate in this most beautiful and picturesque country, through which the Erie Railroad runs, they request all who are interested in Summer Boarding business to increase their facilities and to improve their accommodations especially in the line of Sanitary conditions.

Where it is possible running water and bath room facilities should be installed in order to promote more healthful conditions, thereby making the location more desirable.

Those who intend making improvements or building new hotels or boarding houses, will please notify Mr. E. H. Barto, Traveling Passenger Agent of Erie Railroad, Chambers Street Station, New York City, who is in charge of the Summer Home business.

Application blanks for space in next season's Summer Home Book will be ready in ample time, and can be obtained from the nearest Erie Railroad agent. 12 10 30

The recent democratic state convention in Massachusetts is described as a most harmonious meeting. W. A. Gaston was nominated by acclamation for governor. With traditional courtesy Alphonse stepped aside and allowed Gaston the honor.

Governor Garvin has been renominated by the democrats for Governor of Rhode Island. Governor Garvin in his campaign speeches for which he is preparing, should not be confused with Professor Garner the scientist who went to Africa to talk to monkeys and apes and learn their language.

Gained Forty Pounds in Thirty Days
For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the Tablets.—HOLLEY BROS., Merchants, Long Branch, Mo. For sale by Balch & Son, Matamoros, all general stores in Pike county.

A great fraud plot has been uncovered by postal inspectors, but this time it has not involved any post office employees. A mail pouch containing a large number of checks drawn on different banks, was stolen by some shrewd fingers and many checks of \$5, \$7, \$9 and like small denominations raised into the hundreds and presented at different banks. The postal inspectors have "cleared" and expect that arrests will follow.

Do Good—Be Paid.

A Chicago man has observed that "Good deeds are better than good coin deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by Balch & Son, Matamoros, all general stores in Pike county.
