RESOLUTIONS OF RESPECT

At a stated meeting of Milford Lodge, No. 344, F. & A. M., held Nov. 4, 1903, a committee was appointed to prepare a suitable minute on the death of our brother Rowland, which committee reports as follows:

WHEREAS, It has been the will of our Father and Creator to whom darkness and light are alike and whose mandates are inscrutable to our finite understandings to call from us our brother, Lafayette Rowland. He has obeyed the Grand Summons and appeared before the Almighty Judge and has left to us, his brethren, the heritage of his memory and the income of his worth.

While bowing in submission to this dispensation, knowing that He doeth all things well, yet we deeply deplore our loss. We extend our kindest sympathy to his bereaved wife, his mourning children and sorrowing friends. To the wife who sustains the loss of a companion who has long been a beloved and trusted counsellor, and who while sharing with her his earthly honors and distinctions has been mindful to garner for himself those qualities which fitted him for the possession of the highest, to meet and enjoy with her a place in a heavenly home through endless ages.

To his son and daughter from whom have been taken a father the memory of whose example will stimulate to loftier purposes and nobler ambitions. To his friends who marked in his conduct and character the exemplification of those principles which constitute good citizenship and a desire to ennoble and elevate mankind.

We, his brethren, take the lesson of his life to our hearts and as one token of esteem for our brother drape our lodge in mourning. We also send a copy of this minute to the family and spread it on the records of our order. GEO. A. SWENPENSE, J. H. VAN SITEN, J. C. WESTERLOR, Jr., Com.

Looked Up for Larceny

A young man giving his name as Harold Roberts, age 17 years, and residence Grand Rapids, Mich., who has been employed by Jas. C. Rose at Matamoras during the summer, was arrested last evening by Chief E. C. Wood charged by Mr. Rose with having stolen one Oxford grey Overcoat, a pearl handled revolver, a razor and one pair of pants, and the goods were all found in his possession. On being brought before Esquire J. H. Ludwig this morning he plead guilty to the charge and in default of \$200 bail was committed to jail.

Mrs. William Ryman returned to her anxiously expectant family last Saturday evening after a delightful trip to the neighborhood of Wisconsin where she has been visiting her mother and relatives. Friends assembled after her arrival home and gave her a surprise party reception.

Mrs. Durling was agreeably surprised Tuesday by the sudden appearance of a party of eleven ladies at her door. Previously obtained information concerning a quilt that needed attention was what brought the ladies together. After a bonnet dinner, leaving no room to supper, the problem of how to get home was only solved after grim and determined effort.

Through the hospitality of Mr. and Mrs. Bourneque the pastor and wife were privileged to sample some of the venison obtained by the recent hunting party.

Our janitor, Mr. Wagner, has been seriously ill. His condition at present is somewhat improved.

The pastor's mother and aunt returned to Mount Vernon, N. Y., Monday. They were very favorably impressed with Milford although their brief stay did not afford opportunity to visit many of the neighboring points of interest.

The booklet giving our roll of membership and information on cake making is to be published in the near future. Ladies, we want your favorite cake recipes. Please be quick.

United States Game Laws

An examination of the game laws passed by the different states will show there is nothing anomalous in the position taken by Pennsylvania, requiring non-residents to take out a license to hunt. The law is in force in all but twenty-five states, most of them being southern and southwestern states. In some states, notably North Carolina, which do not have a license fee, the law provides that sportsmen must obtain written consent of the owner of the land on which they hunt and this makes hunting on his land a valuable asset to the farmer which yields a cash return and may be made to pay his taxes in whole or in part. All the states of the union except four, Montana, Mississippi, Kentucky and Virginia, prohibit the export of game at certain times and all the states except fifteen prohibit the sale of certain game at all times.

It will be seen therefore that the several legislatures are exercising care to protect game from destruction and to take away the incentive to ruthless killing by depriving hunters of the right to sell.

Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

LOCAL AND PERSONAL NOTES

East March Chuk is having trouble with smallpox cases. Harvard won from the U. P. last Saturday in the annual football game by a score of 17-10. Miss Emma Emerson of Maryland, Del., is a guest with the family of Dr. H. E. Emerson.

Herman Stuenkeloff and wife expect to spend the winter in Philadelphia and the south. S. L. Schoonover, assessor of Lehman, resigned last week and the county commissioners have appointed W. H. Stoddart in his place. As indicating the number of tenants, Officer Wood has 26 notices to parents to serve for not complying with the law in sending their children to school.

A destructive forest fire last week burned over several hundred acres in the northern part of Delaware township. Considerable thirty lumber was destroyed. Mrs. Andrews of New York, who has been visiting her sister, Mrs. F. F. White on Fourth street for some weeks, returned home today.

M. B. Pitney of Delaware township bought a drift pile on the Shoemaker farm for \$10. It is reported, and has already husked from it over 100 bushels of corn. Miss Florence Hildebrandt of this borough and James O'Brien of Jersey City will be married Thanksgiving day in the Catholic church.

August Metz and wife of Dingman township are rejoicing over the advent of a baby girl, and J. A. Myer and wife of this place are giving thanks for a like blessing. Efforts are being made to establish a Y. M. C. A. here and about twenty people have intimated an intention to join. It is hoped the effort may succeed.

Heretofore firemen and soldiers in New Jersey have enjoyed exemptions. The Supreme court Monday handed down a decision declaring the act unconstitutional which will allow taxation on nearly ten million dollars now exempt. Dr. Kenworthy had the good fortune this week to shoot a deer. Another was wounded by F. C. Piume and afterwards killed by McConnell. It was evident from the outfit when the party started out that business was intended.

R. D. Sayre found a few days ago an Indian pot on the farm of Jacob McCarty in Montague where there is a large wash out. The pot is made of clay, is 8 or 10 inches high and will probably hold a couple of quarts. It is perfect except where a small piece is broken out of the rim which is slightly flaring.

John P. Van Etten and Leon Schanno contemplate establishing another ferry at Port Jervis just above the railroad bridge. They have a flat, which came down the river from somewhere above, which they will fit up with side paddle wheels propelled by a small gasoline engine. A ferry for foot passengers has been established at Barret bridge which will ply all night.

It is reported that the Barret bridge company of Port Jervis has let a contract for the erection of a steel bridge to the Oswego Bridge Company. There are two spans of 325 feet each and the new structure will be considerably wider and stronger than was the old bridge. The price is stated to be \$29,000. Jas. P. Van Etten met with an accident Wednesday evening which might have been far more serious. Coming down the turnpike hill near town, when about at the foot, his machine suddenly turned and ran up the bank, upset and threw him out. His hands were both sprained and his face and nose considerably cut and bruised.

The M. M. and P. J. Railroad company is preparing to block up the New York span of its bridge in order to repair the abutment. It is said another span will be added on the New York side, which will give the water more room at that point, and render Port Jervis less liable to inundation, especially if a dike is built across the flat.

Get the Most Out of Your Food

You don't and can't if your stomach is weak. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.

Among the signs of a weak stomach are uneasiness after eating, fits of nervous headache, and disagreeable belching. I have taken Hood's Sarsaparilla at different times for stomach troubles, and a run down condition of the system, and have been greatly benefited by its use. I would not be without it in my family. I am troubled especially in summer with weak stomach and nervous and Hood's Sarsaparilla is invaluable. E. B. BUCKWAS, W. Chester, Pa.

Presbyterian Chronicals

(By Rev. E. M. Smead.) The topic of next Sunday morning's sermon will be "The Bible as the Word of God." The evening sermon will be preached from the text, "we are complete in Him."

The Choral Society had every reason for encouragement last Tuesday evening when it assembled for the first regular lesson. The number of members, which we hope may be increased, was very promising. The leader, Mr. Stewart, was pleasing in his manner and thorough in his method. We feel to congratulate ourselves upon the fine start already made and upon what we believe is to be the end—a good success.

The Union Thanksgiving service will be held in the Methodist church on that day. The service will commence at 10 a. m. to enable the writer to meet another engagement in Suffern, N. Y., that same afternoon. The present plan also arranges for brief addresses from both Rev. V. A. Wood and myself. We hope this service may be well sustained on account of its national, ecclesiastical and domestic significance.

Plans are being contemplated for a Thanksgiving social for the benefit of the church. Next week we expect to be able to make them public. The Christian Endeavor Society and their friends were very pleasantly entertained one evening last week by Miss Lulu Schorr. The social life of the society cannot help flourishing after such gatherings and we are greatly indebted to those who open their homes in this way. The Misses Decker are to entertain the society next week Friday evening. All the young friends of the society are invited to come.

The Ladies Aid Society met yesterday, Thursday, afternoon at the home of Mrs. Westfall, and among other things elected a new president to fill the vacancy occasioned by Mr. Heller's resignation. We congratulate the society in their choice of Mrs. Terwilliger as their new leader. Of course Mrs. Terwilliger is handicapped by taking up the work after the beginning of the year but loyalty and sympathy will make up for this and give us a successful year.

Erie's Rural Summer Homes for 1904 The passenger department of the Erie Railroad, desires to have every one in Pike county and vicinity who are to keep summer boarders represented in the "Rural Summer Homes" for 1904, and all who intend to keep summer boarders should send a postal to Mr. H. Feels Thirty Years Younger.

Dr. Kennedy's New Medicine, Cal-cure Solvent, Warranted Prepared by Mrs. Chaffee.

When Dr. David Kennedy, of Kennedy Row, Kingston, N. Y., said he regarded Cal-cure Solvent, his new medicine for the kidney, liver and bladder, as the crowning achievement of his life, he made no mistake as hundreds who have used it testify. Here is one letter, short and to the point: RUTLAND, Vt., August 24th, 1902.

Dear Sir: I have never taken any medicine that did me so much good as Dr. Kennedy's latest medicine, Cal-cure Solvent. I can work hard all day and eat do more work than I could even thirty years ago. I am 50 years of age and never felt better in my life. Gratefully yours, MRS. A. F. CHAFFEE.

Remember that it is of Dr. Kennedy's new medicine that this body writes. Only one Dr. David Kennedy ever lived in Rutland, City of Kingston, N. Y., and his new medicine is sold only in \$1 bottles.

Dear old Gen. Grosvenor has already "digged" it out full a month ago. A good many of the explanation departments of various politicians have been worked to the full. Not only did the Ohio democrats have their knives out but they had both edges well whetted.

There is not very much being said just now about ejecting the Hon. Marcus A. Hanna from the political arena. The Cincinnati professor who is making a collection of fungi will find an excellent field among the Ohio democracy.

Senator Morgan doubtless believes that both the New York and Ohio returns fully vindicate his position on the Nicaragua route question. Rockefeller would take such a little man as Monte Cristo and put him out of business in about two ticks of the telegraph wire.

The country has been highly gratified over the formal announcement that Great Britain will not interfere with our police duties on the Panama isthmus. We are truly thankful.

When asked for his views on the election returns, the Hon. David B. Hill was eloquently silent; he even failed to reiterate that he was a democrat.

A number of Russian newspapers broadly hint that while the United States may talk of open doors and rights of trade in China, it can't enforce them. Can't is a word this country has not yet learned.

Charlie Towne of Wall Street fame dropped business long enough to make a few thrilling campaign remarks. I bathe my soul in the atmosphere of honest democracy" announced Mr. Towne. We thought Charlie was bathing in oil these days.

There seems to have been no nod in some of Bourke Cochran's recent oratory. Having successfully landed Mr. McClellan as mayor of Tammany, Mr. Cochran now desires to succeed him in Congress and give that body an example of a real talker.

Wyckoff's New York Store Weekly News

Cutting the Notch High

We've cut a high notch for November business with a store filled with good reliable merchandise, with styles brought right down to the minute, with selling enthusiasm pervading every section; with clean methods and low prices there should be but little difficulty in reaching the notch. Thus we swing into the winter's business with full confidence as to results. And such attractive values as the following will do much to bring about those results.

The November Sale of Furs

This store is strictly "in it" on furs. We know these fur values to be right. No trouble to convince you of this fact if you'll kindly investigate. Isabella Fox hose at \$6 to \$24; Sable Fox hose, \$6 to \$20; Dyed Opossum Scarfs, \$5 to \$7.50; Sheared Coney Scarfs as low as 90c; Long Flat Coney Scarfs with cord attachments at \$3.50; Fancy Squirrel Scarfs at various prices; Children's Sets of exceptional merit, 95c to \$4.50; Misses' Sets, \$4.50 to \$6.50.

Picked Up in Passing

Not all from one attractive bargain in various stocks. Just the wanted things at the wanted time and at the wanted price. Read. The popular bead and bead looms, new crushed leather belts, new yard-wide lining satins, brown, tan, silver grey and white, new flannel-otte potticoats, 25c to 50c; Children's Dresses, 4 to 14 years, 98c to \$7.50; thousand Writing Tablets, exceptional value; another lot of those popular Sorosis Potticoats; case of Men's All-wool Shirts and Drawers, 50c the garment, great value at 75c; the new mannish kid gloves, plique sewn, \$1.25 in tans and whites; special lot of taffeta ribbons, suitable for the hair, Nos. 40 and 60, at 5c the yard, all colors; lot of teen's All-wool Cashmere Half Hose, run of the mill, value 25c, for two pairs for a quarter.

Wanted Things in Knit Goods

The old days of home knitting have been supplanted by the progressive manufacturer so that but few of the necessary articles are now made at home. This is true, trouble and money saved. Golf jackets have become a necessity; we're trying hard to keep the line up to our standard. The short potticoat so comfortable and useful finds place in our stock from 50c to \$1.48. Shawls and fasciators from 25c up, including the light fluffy silk and silk wool, with some of ice wool. Two numbers of circular sweaters in new patterns at \$1.50 and \$2.25, hand knit. Might mention our line in-cludes, Tam-o-Shanters, Toggles, legging, golf gloves and mittens, infants' hand knit sacques, etc.

November and Outer Garments

November is the month for garment selling. coats, suits, sporty skirts. Never before has this shop made such a showing. Styles, varieties, materials, fit, finish and price all appeal to you. In suits we are better equipped than ever, even though October selling was at a very stiff gait. New arrivals in long skirted coats, beautifully made and trimmed. Plain blue, brown and black Chevilot, some of the fancy Scotch mixtures and nearly all with military capes. Price range is from \$15 to \$25 with other good values in suits at \$10 to \$14. A few of last season's at half price. In jacket department the newest of things only are shown as well as in separate skirts. Alterations free.
