SANDYSTON.

Daniel B. Latimore of Layton has purchased the house and lot of Thos. R. Clark in Branchville. Dan has lived nearly all his life near Layton, and we will miss his cheery conversation very much.

The new road up along the Flatbrook has advanced to the stage called travelable and that is about all. Big things move slowly, and that job is one of that kind.

Silas Conkila, an aged citizen of Hainesville, died of pneumonia on Wednesday morning last at the age of 77 years. Interment at Layton Saturday.

The laws of 1903 prohibits the killing of deer in this state for two years or until 1906. But on the strength of a clause in the law which would lead one to think the law meant they can be killed on every Wednesday in November of each year, a party started out to find a deer on the mountain on Wednesday last. They did not find the deer but did find a dead squirrel hanging in the crotch of a limb and each hunter had a crack at that squirrel, and it is there yet. It is probably as well that the party did not come across the deer, as the fine is 100 dollars.

Thanksgiving day is here, and as a nation we have much to be thankful for especially for the white elephant we have in the shape of the Philippines, and the troubles we may expect from meddling with what is none of our business on the Isthmus of Panama. Is there such a thing as the Monroe Doctrine?

For the first time this winter the ground is white and our hunters are disconsolate. But as it is Sunday there can be no hunting, anyway. The law prohibits hunting when there is a tracking snow, and it is an excellent law, too.

The new school law of Oct. 19, 1903 says, "Every board of education shall procure a United States flag, flagstaff and the appliances therefor for each school in the district, etc." The only flag I have seen is at Montague and none in Sandyston. As there is no penalty for not complying with the above law, it will be a dead letter.

David Hartrich of Hainesville has the lumber on the ground for the building of a new barn, to replace the one burned last summer. The frame only is lacking and that will be delivered this week.

His sorrow over the death of the girls weighs heavily on him, although he was in no way responsible therefor, and his anguish has much to do with his illness.

Much sympathy is felt in Port Jervis and Matamoras for the relatives of the Misses Gebhardt and Schumacher. Willing hands have been found everywhere to search for the bodies. We are sorry to hear of the illness of Mr. and Mrs. Emma Martin.

The arrival of James Sheridan, to visit his old home, was one of the events of last week.

An unusual number of vehicles passed over our busy highway last Saturday. We noted it as odd that they were loaded with men and not a single lady with them, until we learned that they were indeed Odd Fellows on their way from Hawley to visit a brother lodge at Newfoundland.

Joseph Waldo, accompanied by his aunt, Miss Clara Pellett, of Waverly are making a short stay at the home of C. A. Pellett.

The noted mule owned by Mrs. Perry Card of Sibby Mountain died last week.

If every one was as good a hunter as our Squire and his little dog the people of this town would be living on venison this fall. They got another Friday.

DINGMAN'S FERRY.

So far this year the boys are not complaining about the severity of the game laws. The fine bags of game brought home by the majority of hunters shows they have the field pretty much to themselves and that keeping outsiders off their grounds is a big item towards keeping the pot boiling at home. There is not so much money spent in the place by foreigners but this is of no moment so long as the boys get the game. Wallace Benley and D. H. Middaugh killed two keer in one day last week.

Stepped Against a Hot Stove

A child of Mrs. George T. Benson, when getting his usual Saturday night bath, stepping back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to soothe him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after apply it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by Balch & Son, Matamoras, and general stores in Pike county.

Some of the debate in the House on the reciprocity bill indicated that against Cuba was chargeable the expenditure of all the life and money resulting from the Spanish war. Other speeches of these same statesmen would indicate that the 1,200 or 1,300 islands of the Philippines had some charges against them, too.

The Best Remedy for Croup

From the *Atchison, Kan., Daily Globe.*
This is the season when the wags who know the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost in case of croup, as a revolver is sure to be lost in case of burglars. There need to be an old-fashioned remedy for croup, known as live croup and tola, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by Balch & Son, Matamoras, and general stores in Pike county.
