**SANDYSTON.**  
Miss Berta Lacey, who has been visiting in Lackawanna county, Pa., since last fall, has decided to make that place her permanent home.  
The public school at Layton closed on Friday last, as the term Mr. Rosenkrans was engaged for expired on that date. Mr. Rosenkrans goes to a medical school at Philadelphia next month. County Superintendent Decker will supply a teacher for the Layton school soon.  
Romaine Benaley will remove from the "Oose" farm at Bevans to the Fredmore farm in Montague. Frank Cass will occupy the farm vacated by Mr. Benaley on April 1st.  
I am informed that Mark Layton has resigned his position at Patterson, N. J., and is at his father-in-law's in Montague.  
The stormy weather of Thursday evening upset the plans for the dance at Abram Rutan's, but another date has been set for one night this week and the boys will have a chance to trip the light fantastic, etc.  
W. C. Hurch is the proud possessor of a permit to legally take suckers and carp from the Flatbrook in this township. I believe this is the first permit granted in this valley. Only a 4 inch mesh net can be used, or in other words 2 inches from knot to knot.  
Some bucolic member of the New Jersey legislature has introduced a bill permitting the killing of robins and cat birds. After years of legislation to protect our insect and song birds some chap wants to undo what has been done. It is strange that of the first five bills introduced, three related to game and game fish.  
The rain of last week was not enough to take the ice out of our streams, but, if it should turn warm with rain, great damage will be done.  
Town meeting is not so far away, but that the legal voters can think up candidates for the various offices to be filled, who are taxpayers. I hear this subject often referred to, and those with whom I have talked favor taxpayers for office.  
I understand that some Pennsylvania folks have been hauling up and fixed for fishing through the ice with too many tip-ups. Too bad, for we have that fool law too.  
The appraised value of the real and personal property of A. S. Stoll, deceased, is nearly 12,000 dollars. The executor will hold a vendue on February 17 to dispose of the personal property.  
Will Bevan, tenant on the farm of Evan Bevan, has decided to quit farming and will remove to the city this spring. I presume that means life on the trolley.

**DINGMAN'S FERRY.**  
Sandyston reports that Isaac Angle of Warren county was fined \$20 and \$10 costs for taking six rabbits in traps set for skunks. This seems a poor showing for doing things about right. Rabbits are injurious to farmers. They do not perform a single beneficial act. They eat clover and girde trees. Boys should be allowed to trap them. There is no greater fun for boys than to set the old fashioned box traps and in the morning bring home one or more of the cotton tails. This too gives the boys better employment for their spare time than to congregate and plan mischief. We do know that skunks have some redeeming qualities. They occasionally catch chickens but they destroy field mice and probably eat young rabbits.  
At the democratic caucus here it looks as though the citizen element predominated. Abraham Bradley and Thomas M. Brink were nominated for school directors and both are sure of election. They are active men and punctilious on the score of duty and will make good officials.  
Charles Martin was nominated for supervisor and probably will be elected. If so we may expect improvement in some near by roads. The supervisors should widen some of the highways and cut down more of the hills. One especially near Pricella Layton's. That road will likely be much traveled in the future.  
Walter Bradley, Jr., is laid up with an injured leg.  
People at Centre complain that the money spent for school in that district this winter is practically wasted. Who is to blame?  
Snow in the woods is too deep for lumbering.  
Wallace Bensley of Lehman while preparing a compound of lard and gunpowder last week was badly burned and his eyes injured by an explosion of the powder.  
Calvin Cron has been nominated on the republican ticket for school director. If elected he will not be a figure head. He has push and the qualities requisite for an excellent official.  
Trying to run a farm without the aid of some good agricultural paper is like using a wagon without greasing the axles. They will squeak, and so will the farm unless the work is lubricated with brains.  
Around the stove in the corner store the question of what will be left for Pike county after the older generation of farmers has passed away has been discussed. Farms have gradually grown poorer, and they will be divided possibly among several heirs so that it will be hard for them to live let alone making any money. Combine these with the lack of a professional knowledge of agriculture among the younger generation and it would seem that soon our hills and valleys will be owned and populated by other people, and the natives will remove. The French, Dutch and Scotch are becoming more numerous in our county and they may supplant the natives.  
As soon as surveyors can travel to run lines we may expect quite a crop of law suits. Those veterans of the ax who do not look for lines can hardly abandon their habit.  
A couple of days of warmer weather appear to have put a number of our citizens on the sick list. There are 80 days of winter yet to come according to the almanac, and those who were able to go south were lucky.  
Henry Bowen of Bushkill, it is said, will occupy the house of C. W. Corright in Porters and open it for the reception of summer guests.

**MATAMORAS.**  
Frank Wehinger, one of the victims of the Barrett bridge disaster, returned to his home in Matamoras last week, after an absence of four months. He has been confined to bed most of the time since he was injured.  
Richard Conking of New York, arrived in town Thursday and will be the guest of his sister, Mrs. Oliver D. Squires, for a few days. He will also visit his sister, Mrs. William Seybold, on Kingston Ave, Port Jervis.  
Archie Davis left town Wednesday to visit relatives at Walton.  
Everett Mead's dancing class has closed for the season.  
Mrs. Frank Corwin has been ill for the past two weeks. She is reported some better.  
Mrs. Watts Clawson, who has been ill at her home on Main street, is improving.  
The ice in the river went out on Sunday. There was a gorge a short time down by Mr. Ball's farm. During that time foot passengers crossing the railroad bridge on the New York side had to cross to the bridge in a boat. At 7 o'clock the ice went out and there was no necessity of using a boat to get on the bridge.  
The funeral of Charles Wells occurred Sunday afternoon at 2:30 at the home of his daughter, Mrs. Henry Westfall. It was private, only the relatives and most intimate friends assembled to pay their last respects to the late Mr. Wells. Rev. W. A. Chadwick, pastor of the Methodist church, Port Jervis, and Rev. O. J. Shoop, pastor of Epworth church, both made very appropriate remarks and prayers at the funeral. Beautiful flowers were placed on the casket by surviving relatives and friends. Mr. Wells will be sadly missed in the home of his daughter. He was a kind and affectionate father.  
The following pall-bearers officiated: Charles Reeling, Mr. Maine, Horace Hammond, A. W. Balch, Sr., J. Van Gorden and Alex Brink. The remains were laid in the family plot in Laurel Grove cemetery.  
The Choral Union met at the school building Monday evening. Mrs. St. John is going to take up concert work and contemplates giving a concert in Matamoras at no distant day.

**KIMBLES**

Mrs. Eva Schneider of Long Eddy is visiting G. W. Kimble and family.  
Thomas Durr, Edna Puder and Minnie Hanson of Baoba attended church at this place Sunday afternoon.  
Elizabeth and Bertha Calkins attended services at the Hawley Baptist church last Sunday evening.  
Wedding bells are ringing in this place.  
Levi Perry spent Monday night with his daughter, Mrs. Abe Parr, at Hawley.  
Elwood Williams visited his daughter, Mrs. John Bushwaller, at Honedale Monday.  
His Inference  
"It's an awfully sad thing," said the cynic mournfully.  
"What is?" asked the cynic's friend.  
"Something I have just discovered. It's really terrible!"  
"Dear, dear! And what have you just discovered?"  
"That women don't go to heaven."  
"What?"  
"Yes, I hardly dare to mention it, but it's true. I have Scriptural evidence to that effect—evidence which is conclusive. I was reading the Bible just this morning and I came across a passage which puts the question beyond all debate."  
"And what was it?"  
"It was Revelation viii, 1, and it reads, 'And there was silence in heaven about the space of half an hour.—Philadelphia Press.

**Save From Terrible Death**  
The family of Mrs. M. L. Bobbitt of Bargarion, Tenn., saw her dying and were powerless to save her. The most skilled physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed bottles 50¢ and 41¢. Trial bottles free at all drug stores.

**GREEN TOWN.**  
Melvin, the thirteen year old son of George Heberling, died of diphtheria one day last week.  
E. F. Gilpin and family were calling on R. W. Hartmann Sunday. Everybody seems to appreciate the cessation of cold weather.  
On account of drifted roads and cold we have been favored with very little church service in the past two months.  
The supper at Floyd Heazleton's for Pastor Hooper was to be held on Tuesday night.
