SANDYSTON.
Sandyston county has been divided into three sections, Northern, Southern and Western sections. The teachers of each section are required to meet together at stated times and discuss school matters. On Saturday last the institute of the three townships in this valley was held at Layton. With the exception of three, all the teachers were present, beside a goodly number of persons. Institute was called to order promptly on time by President Samuel Hamilton of Montague. The singing of "America" by the teachers opened the morning session. Devotional exercises by the Rev. J. D. Grail, and next came the singing of "Rock of Ages." Supr. Decker gave an address entitled "The good of Teachers Meetings" and the many good points he made convinced his hearers that these meetings could be made productive of good results. Next Mr. Hamilton spoke on the topic, "Preparation of the Teacher in Recitation." In a masterly way he showed conclusively that every recitation should be carefully studied by the teacher, and hear the recitation without text book in hand. At the close of his remarks adjournment was had for dinner. Promptly at one o'clock the afternoon session opened by singing "The Old Oaken Bucket," Prof. A. O. Smith of Deckertown leading the singing. Mr. Smith now took the floor on his topic "The Recitation." His address was quite long, but it was solid meat all through, and held the attention of every one present from opening to close, and as a teacher I want to say that his talk was pertinent and to the point, and if the teachers present will follow out his line of reasoning, success must surely follow. Discussion followed. Next came Miss Mary E. DeMass, also of Deckertown, who gave a very interesting talk on the "Teaching Primary Numbers." This was good and very instructive and our teachers would do well to follow out her line of thought. At the close of her talk Mrs. Ralph Decker rendered "The Christening of the Baby" in her inimitable style, and received a round of applause. The institute closed at 3.30, and I am sure it could not fail to bring good results, if the good things heard are carried out.

The dance at Abram Rutans on Wednesday night filled the house, and all report a good time and plenty of dancing.

In the nominations for office over in Pike, I could not help but notice those of Porter township. The ticket is all either Clark or Smith, and some are on for two or three offices. I guess the population is not very dense out there.

The Oyster Supper at the residence of Floyd Major Thursday evening was not largely attended. There is too much in the supper line, going on just now and the boys cannot stand the racket.

Howard Van Gordon has rented the farm of Mrs. Ida Garise situated in Montague.

January was a record breaker for cold weather. The weather bureau report for the month is as follows: Mean maximum temperature 24.64°, mean minimum temperature 10.03°, mean maximum and minimum 17.33°. Highest temperature 39° on the 23rd and 24th; lowest temperature 3° below zero on the 5th. Amount of rainfall and melted snow 3.21 inches. Total snow fall 25.5 inches, clear days 14, partly cloudy 6, cloudy 11. It was 5° below on the 3rd, 14° below 4th, 0° below 5th, 23° below on 6th, 15° below on 11th, 3° below 16th, 24° below 19th, 15° below 20th, 20° below on 28th. It will be seen that we have had some pretty sharp weather.

Ralph Vanstieck returned home from the State Normal School on Saturday and will take a course in the Newton Business College.

The Sheriff was around Monday attending to matters pertaining to the Jager trial, which takes place on Feb. 8th.

Today (Tuesday) is Candlemas Day, and is clear with bright sunshine, but this morning on thermometer marked 12° below zero at 7 a. m. The bear and woodchuck could see their shadow, and the old saying says cold weather for six weeks longer.

Master Robert O'Neil, Madison street, was pleasantly surprised at his home on Tuesday evening by about 20 of his little friends. All kinds of games were played and a nice supper was prepared by Mrs. O'Neil, which was very much enjoyed by Herbert's little friends. All had a merry time.

It was a highly amusing sight to witness Senator Simmons of North Carolina upholding the canal treaty and stating that he should vote for it, and in the same breath denouncing the President for having negotiated it. We have heard before of really adroit conjurers carrying a pail of water on either shoulder but this performance of Senator Simmons places him even beyond the class of the elder Hermann. Mr. Simmons is a new man in the senate too, and some of the old time leaders are seriously shaking their heads. What will he not be able to accomplish with a few years added of senatorial wisdom and experience?

The democratic readers of that estimable sheet, the Washington Star, were thrown into political raptures the other day to read the scare head, "Good Campaign Issue." But only for a brief, iridescent moment. The second headline dispelled the illusion; it read "One Needed by the Democratic Leaders."

The Missouri politicians are holding up to view the Hon. C. P. Walbridge of St. Louis, a man who has held office and has never been indicted. A spectacle to astound the gods.

DINGMAN'S FERRY.
C. Van Auker and his father killed an otter in Mink pond last week. The animal measured five feet in length. The mate is yet remaining around in that neighborhood.

Mrs. D. O. Brodhead is quite ill at present.

Those who have a good pile of firewood and the harder well supplied are happy during the present snow blockade.

It is so that anise seed on the bait when setting traps for skunks, mink and muskrats will attract them to the snare.

At last reports Mrs. Ella B. Fulmer who is now in Philadelphia is improving in health.

It is an error that merchants here will not take 8 inch ties, red and pin oak are not wanted, but chestnut and white oak are taken as usual.

Theodore Howey's saw mill yard is crowded with logs to be cut up.

Those who went to town last Monday morning had difficulty getting home. The blizzard piled the snow in the woods but many because of failure of the grain crop last year are obliged to go out for feed.

A postal card dropped in the office is much more reliable and quicker than sending messages by word of mouth.

Republicans want good roads and so do democrats, and if they will give Joseph Layton a lift as the fourth man he will no doubt make many improvements in our highways.

Reports say that Mrs. C. Van Auker, nee Snyder, who is ill, is improving in health.

We are sorry to hear that last Saturday two barns belonging to Jacob Eberhart of Tafton were burned. Seven cattle, several pigs and a flock of chickens, besides hay, straw, grain and all else the barns contained were destroyed by the flames. As the buildings were some distance apart, it is supposed to have been the work of an incendiary.
