SANDYSTON.

Sam Honey of Bevans owned a valuable pet dog. It is reported that a couple of ladies from the Bunkeye State boarded for a few days at the hotel, and when they departed the dog departed too, and later reports state that those ladies expressed his dogship to Eckhart, Indiana. One dollar and seventy-five cents is a good deal to pay for expressage for that dog. Is Sam mad? Well, I should say so, for his dog is done gone.

School meeting last Tuesday afternoon brought out a large attendance as two men wanted the office of trustee. The proposition to raise \$500 for school purposes was voted down, and the vote for \$200 carried. They are talking of having ten months school next year and we will need that \$500 dollars.

The lawyers defending George Jagger have filed a writ of error and as the Supreme Court is very much behind with its business, it is doubtful if his case will be reached before the November meeting of that court.

A little son of Joseph Owen had a bean pushed into his ear by a younger brother, and it was not removed for a couple days and caused the little fellow terrible pain. He was chloroformed and the bean removed.

Jason K. Fuller moved from the Lesay farm, near Walpack Centre, to Millbrook, Warren county, last week. Ed. Kaiser and Samuel Garrison will occupy the Lesay premises on or before April 1st.

I walked over the new McAdam road on Friday last and found it in excellent condition. The frost and freezing of the winter has not affected it to any extent. Work to finish it will no doubt be commenced as soon as the weather will permit, and its completion is anxiously looked for.

Our town committee met on Saturday to settle snow bills and appoint road masters and also to apportion the road money. The snow bills will aggregate a little over one hundred dollars. Every road master wanted more money on his district of road, but as only \$1500 hundred was raised many received the same amount given them last year, and we managed to get over the roads, but it was hard studding in some cases.

The railroads are offering special rates to the St. Louis exposition. The rates of the Erie and Pennsylvania railroads are nearly the same, the Erie route being lowest. The Pennsylvania gives a 60-day excursion for \$32.35 from New York via Pittsburg, or via Washington for \$28.35. The Erie gives the same ticket for \$28.35 from New York direct route, returning via Chicago. The fare is reasonable considering the distance of 1,048 miles, and the time given the ticket.

Saturday and Sunday were the first real Spring days we have had. I guess all are glad to have different weather from what we have had for the past three months or more. First blue birds were seen here on the 8th, and robins on the 9th.

Now that the Matamoros railroad bridge is gone, I have given up all hopes of a railroad down this valley and have made up my mind that I will have to continue hoofing it as usual. Will H. L. please urge some of the railroads centering at Milford to push a line as far as Layton or how? A trolley will do Henry.

Hezekiah Smith, merchant at Bevans, has decided to remove to Flanders, Morris county, where he will continue the mercantile business. I have not heard whether any one will continue the store at Bevans, and with the Dupue store vacant at Hainesville it would seem that this valley is retrograding.

Rev. R. W. Lake delivered his last sermon on Sunday last before going to conference at Newark. The reverend gentleman has many warm friends here, and we are loath to see him go, as I understand he will go elsewhere.

Thomas Hilton has been hired by the Flatbrook Club, and will commence work April 1st. Members of the Club will soon be here as the trout fishing season opens on the 1st.

Word was received here that Roy Dupue of Layton was married to Miss Nora Bonaley of Bevans one day last week. Both are employed at Chatham and they have the best wishes of their many friends here.

Tragedy Averted
"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by all druggists. Price 25c and \$1.00. Trial bottles free.

A Trinity of Evils.

Cured by Dr. Kennedy's New Medicine, After Other Treatments Had Failed

Mr. Martin Montgomery, of Silvers, Penn., formerly of Rosbury, N. Y., writes to Dr. David Kennedy, of Kennedy Row, N. Y., as follows:
"Your NEW medicine, Cal-cure Solvent, is immense. It cured me of liver and kidney troubles, and rheumatism, after a lot of weary dosing with things that did no good. It is a record breaker and no mistake."

As in Mr. Montgomery's case, rheumatism is often, indeed almost always, complicated with kidney and liver troubles. It is because Cal-cure Solvent acts on the kidneys and liver and at the same time expels uric acid from the blood, that it is such a reliable remedy for rheumatism and the attendant disorders. It cures by removing the cause, therefore, the cure is permanent, safe and sure.

Write to the Cal-cure Company, Kennedy Row, Rondout, N. Y., for a free sample bottle.

Remember: Only one Dr. David Kennedy ever lived in Rondout, City of Kingston, N. Y., and be sure you get his new and latest medicine, which is sold only in \$1.00 bottles. All druggists.

MATAMORAS.

Floyd Malony, a teacher in the Matamoros school, attended court at Milford this week, he being one of the Traverse Jurors. Hazel Hornbeck taught his pupils during his absence.

Rev. O. J. Shoop left town Tuesday morning for Newark conference. His friends would be pleased to see him returned to Epworth church for another year. He and his estimable wife have done good work in the church during their stay here.

Ordeen E. Hunt, the four-year old son of Erving Hunt, died at his home on Washington street at 4 o'clock Tuesday morning. He was the only child and was a bright boy and progressed rapidly in his studies. He had been ill with asthma since Christmas. He is survived by his parents. The funeral took place at his home Friday at 2 p. m. Rev. O. J. Shoop officiating. The interment will be in Laurel Grove cemetery.

The Y. P. S. C. E. connected with Hope church will give a comedietta entitled "Sun Bonnets" at Prescotte Hall Friday evening, March 25th. Eleven of the members take part. It will be a very interesting affair. Everyone is welcome.

A pleasing entertainment took place at Epworth church Monday evening when the Junior C. E. society connected with the church gave a pleasing program under the direction of Mrs. Ora J. Shoop. All performed their parts nicely and reflected great credit upon Mrs. Shoop. The little girls were dressed in white and made a very pretty appearance. There was a good attendance and everyone enjoyed the program. The receipts from the mite box opening and admission to the church amounted to over \$12. Only 12 boxes were out and 11 pictures were given as prizes. Premiums were awarded to Elton Layton and Willie Middaugh.

DINGMAN'S FERRY.

One of our residents graduated this week at court and for the next 18 months will take a post graduate course at the public college in Philadelphia. We trust on his return he will be ready to behave like a good citizen. The rounding up of pillagers lately seems to have cooled the spirits of some miscreants who indulged in roasts, chicken parties, and those amusements have been discontinued for a time at least.

C. S. Parson will engage in the butcher business.

L. W. Quick contemplates making considerable addition to his already commodious boarding house. Other improvements here will be a new house built by Mrs. Kilsby on her lot, and also one by Carrie Hornbeck on her lot.

John Van Eiten is likewise building a house opposite the Bellevue Hotel.

The sale of personal property of Isiah Hornbeck will occur Saturday, March 26th.

Mrs. Edward Shepherd of near Long Meadow is quite ill with pneumonia.

Thomas Shepherd expects to build a new house this season on his place near Albright's corner.

E. H. Albright is residing in the house of Frank Rosencrans who has removed to Nichecronk Pond.

Wars during the last seven years, it is estimated, have cost the country more than a thousand million dollars.

Little Folks in Japan. Nowhere are children more considered than in Japan. Their parents are devoted to them, and are constantly with them, carrying them about, watching and joining in their games, and apparently never so happy as when with them. Other people's children also come in for a large share of attention, and fathers seem to have as much pride in their offspring as mothers.

It is amusing on a fine morning, about 6 o'clock, to see half a dozen men sitting on a low wall, each with one or two little children whom he plays with and pets. The little folks are led to show off their cleverness, and, judging from appearances, they form the main interest of their fond elders.

One would imagine that with so much petting children must be spoiled and disagreeable. The contrary is the case, the children of Japan being the most well-behaved and charming little people in the world.

World's Largest Brick Field. Peterborough, England, makes enough bricks in the course of a year to put a giraffe four times around the earth. It is estimated that the busy brickmaking yards, which have grown up in great number around the ancient city in the last twenty years, turn out 500,000,000 bricks annually. As the length of a brick is about eight inches, if Peterborough's annual output were laid out in a single line, it would stretch over 100,000 miles.

The brick industry has revolutionized the trade of Peterborough. Such is the wealth of clay and the profit to be drawn from it that one part of the brickmaking district has been fifty named "Klondike." It lies in beds of enormous area and depth, and some of the experts say they could go on taking out the easily accessible clay for the next century without taking thought as to where the next supply of the material is to come from.—Philadelphia Public Ledger.

Bird Duets.

Mr. Edgar R. Waite of the Australian Museum at Sydney, in support of Mr. Henschel's account of the duet which his bullfinch and canary used to sing, cites a somewhat similar feat performed by two magpies. The first one had been taught a simple little song, which he piped very often and accurately, even maintaining it exactly in F, the key in which it was first given to him. A second magpie was purchased, and the bird soon learned the tune from the other one. When the first bird commenced its song the newcomer immediately came to attention, and with half-open beak awaited a certain note, at which point the other bird stopped, and the song was finished by the second singer. No matter how far separated, if the birds were within hearing distance of one another, the duet was always sung in this way.

Gen. Logan's Retort.

A man who knew John A. Logan in southern Illinois before the Civil War recently said that on a certain occasion Logan found it necessary to doubt the veracity of a man considerably older than himself and told him so without any circumlocution.

"Don't you call me a liar, sir," said the man excitedly. "I have a reputation to maintain, and I mean to maintain it if I have to do it at the point of a pistol."

"Oh," said Logan calmly, "that won't be necessary. You maintain your reputation all right every time you tell a lie."—Kansas City Journal.

More Riots

Disturbances of strikers are not nearly as grave as individual disorders of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver and kidneys as Electric Bitters. It's a wonderful tonic, and effective medicine for run-down systems. It dispels nervousness, rheumatism and neuritis and expels malarial germs. Only 50c, and satisfaction guaranteed by all druggists.

THESE ARE THE DAYS

when the blood needs attention. Our grandfathers were wise and always took a spring medicine. The blood is apt to be out of order and the liver sluggish at this time of the year. The best-producing foods of winter leave the system clogged.

ARMSTRONG'S SARSAPARILLA

is the ideal spring remedy. It purifies the blood, stimulates the liver, increases the appetite and aids digestion. Its use now will mean better health and more strength and energy for the rest of the year.
