George Vanostrie of Bevans has purchased the farm known as the Moses Hill farm in Walpack and containing 140 acres for a price so low that it is almost a gift. He will move on it either this coming fall or following spring.

The two schools along the river and the two along the mountain will hardly, all put together, make one school, as I venture to say that not one the four averages 6 pupils per day and for days are down to three and less. The cost of each school is about 240 dollars, and I doubt if any one of them average 6 pupils, and 40 dollars per pupil is pretty high. Consolidate those schools is money saved.

April 1st, our moving day, was so stormy that all waited until the second day. Many had moved what they could spare from time to time previous to April 1st so there was little to move at the last.

Easter and Good Friday have passed and I guess very little garden was made on the latter day. The mercury marked 16° above zero this Monday, morning and that is not garden-making weather.

High Pressure Days

Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the pressure is to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is nearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sarsaparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high-pressure days.

Constipation Cured

A HARTTOWN MAN'S EXPERIENCE WITH CAL-CURA SOLVENT

Dr. David Kennedy's New Medicine Cures It Promptly

Constipation leads to worse. Often it is the cause of appendicitis. Always it leads to dangerous chronic disease. It should not be neglected, nor should it be temporarily relieved with drastic Purgatives. Here is a case in point: Mr. C. E. (retention) of Hartstown, N. Y. was distressed with indigestion, chronic constipation and kidney trouble for four years. He tried many medicines without relief. He heard of Cal-cura Solvent, Dr. Kennedy's new medicine, and he began to improve rapidly. All of his old complaints have disappeared and he owes everything to Cal-cura Solvent.

Write to the Cal-cura Company, Kennedy Bldg., Rondout, N. Y., for a free sample bottle.

Remember, only one Dr. David Kennedy ever lived in Rondout, City of Kingston, N. Y., and be sure you get his new and latest medicine, which is sold only in \$1.00 bottles. All druggists.

Customers for maple syrup complain that a good, pure article like that of olden times cannot be procured. The reason is that they will not pay the price. The kind for a dollar a gallon is generally sap boiled about 2 to 1 and it soon sours. If a good quality is desired it requires about 100 gallons for one of syrup and it should be clarified with fresh eggs. A real pure, genuine syrup should bring at least \$2.25 a gallon.

Many democrats begin to set as if the party had a yellow peril of its own. The candidacy of Hearst has had the effect of concentrating much strength on Parker and every indication now points to his nomination. Should this occur Hon. D. B. Hill will be a power in democratic affairs.

The immense "Instruct" enclosed with a black border on the first page of the Commoner, and referring to 16 to 1 and the delegates to the national democratic convention has very much the appearance of an obituary heading.

My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up.
