MATAMORAS.

Mrs. Charles Marvin is visiting relatives in New York city.

At Hope church Sunday morning Rev. B. F. Bohner of Allentown, Pa., the presiding elder of the Philadelphia District preached two excellent sermons both morning and evening. Elder Bohner administered the sacrament of the Holy Supper at the morning service, assisted by the pastor, Rev. A. N. Metzger. There was a large attendance.

Miss Millie Wright and Miss Mabel Walker visited at Waymart for a few days.

Eugene Cochran and Harry Clauson, both from New York, spent Sunday in Matamoras.

Charley Quirk, who has been quite ill, is now able to sit up some of the time each day.

Married, at the parsonage of the German Lutheran church, Monday evening, April 26th, by the pastor, Rev. H. C. Wassund, Miss Katharine Wilhelmina Joad, to James Heater, both of Matamoras, Pa. The bride is a member of St. Peter's Lutheran church and its League, and a daughter of Mrs. Bortha and the late John Joad.

J. Wallace Van Gorden of New York city spent Sunday at his home. Miss Marie Meyer of Brooklyn was the guest of Mrs. J. Vangorden Saturday and Sunday.

W. W. Stidd received intelligence of the death of his brother-in-law, W. C. Hayes of Jersey City which occurred Monday, April 23. He was buried Wednesday evening at 8 o'clock at Bordentown cemetery.

James Heater and wife of Matamoras, a newly married couple, were tendered a serenade Monday evening.

Theodore Watts and family have changed their residence from Washington street to Mrs. Crane's cottage on Cookson street.

Osborne Harding of Brooklyn spent Sunday in Matamoras.

George Wehinger's residence on River street is nearing completion. The meat market adjoining the house has been completed for some time. He will have a nice residence very convenient to the new Barret bridge.

A business meeting of the J. C. E. society connected with Epworth church was held at the Epworth parsonage Friday afternoon at 4 o'clock and elected the following officers:

President—Ruth Lord Vice president—Jennie Walsh. Secretary—Julia Middaugh. Treasurer—Mabel Case. Organist—May Corwin.

Rev. Wm. Burley, pastor of Epworth church, left town Tuesday for New York city, where he meets an excursion party which left for Los Angeles Cal., Wednesday. The M. E. conference meets in that city this week. Mr. Burley will be absent about a month.

PAUPAC.

John Sommers, an aged resident of Tafton, died at his home in that place April 20th. The funeral was held at the German church, Hawley, Sunday, Rev. S. C. Simpkins officiated. Interment at Hawley cemetery.

Mr. and Mrs. Finley of New Jersey intend spending the summer at A. J. Kimbles.

Yolande Killam left this place Monday last for Camden, N. J., to attend the wedding of her cousin, Miss Olive Bennett.

Ruth Killam is confined to the house with measles.

Arthur Pollett is rapidly improving under the care of Dr. Simons.

We have not heard of any extensive catches of trout this season. We judge it is because the streams have been so cold, icy and chilly wet.

Our attention has been called to an article in the Hawley Times from our Paupack correspondent eulogizing the school management of our district. We think our friend is somewhat given to bombast and adulation. Of course he has a motive and believing we understand it, hope it may be successful in the outcome.

Robbed the Grave

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at all druggists.

Constipation Cured

A HARTTOWN MAN'S EXPERIENCE WITH CAL-CURA SOLVENT

Dr. David Kennedy's New Medicine Cured Him Promptly

Constipation leads to worms. Often it is the cause of appendicitis. Always it leads to dangerous chronic disease. It should not be neglected, nor should it be temporarily relieved with drastic purgatives. Here is a case in point:

Mr. O. S. Osterhoudt, of Hartstown, N. Y., was distressed with indigestion, chronic constipation and kidney troubles for four years. He tried many medicines without relief. He heard of Cal-cura Solvent, Dr. Kennedy's new medicine used it and began to improve rapidly. All of his old complaints have disappeared and he owes everything to Cal-cura Solvent.

Write to the Cal-cura Company, Kennedy Row, Roseton, N. Y., for a free sample bottle.

Remember: Only one Dr. David Kennedy ever lived in Roseton, City of Kingston, N. Y., and be sure you get his new and latest medicine, which is sold only in \$1.00 bottles. All druggists.

SANDYSTON.

Two trials were scheduled to be held at Montross' hotel at Layton on the 29th, and so much law in one day brought together quite a crowd. But the spectators were very much disappointed, as the plaintiff and defendant settled their differences out of court.

Working our roads is now going on and while some overseers are hauling gravel, others stick to the road machine and inside of 30 days one cannot tell whether the road has been worked or not, if the gutter mud pusher has been used.

New Jersey has a stringent law in regard to the selling of cigarettes to boys under the age of 14 years, under penalty of \$5 dollars fine or 3 months imprisonment. That law is practically a dead letter, for older boys buy the tobacco and wrappers, and the small boy makes his own cigarette.

Influence is an important factor either in public or private life, and I may add that it will apply to judicial matters. However, influence may not last forever.

John C. Compton, who has lived near Tattles Corner for nearly 70 years, made us a call on Saturday last. He is now living with his son Fred on a farm a couple of miles from Deekertown.

Samuel Major of Hainesville started on Thursday last to visit his daughter at Marengo, Iowa. Sam says he can stand it away from Jersey for a couple of months, but I have my doubts.

Patrons of the Layton Grange propose holding a dance at the residence of Geo. E. Hurch on Thursday evening of this week. I would like to see some of those Grangers shake their feet.

Sandyston will hold an election at the Layton school building Tuesday, May 3rd, for the purpose of voting the 2000 dollars asked for by our Board of Education. It is quite a sum to ask from the people, but the time has come for consolidation and that means better schools, and that is what every one is in favor of, and should vote for this appropriation.

Mrs. Shotwell, who fell and broke both arms last week, is getting along as well as can be expected.

Eaton Vansickle of Layton, student and stenographer in the law office of Senator Martin, has accepted a similar position in the office of Prosecutor Huston.

A dog, the property of Samuel Hooey, which was lost, strayed or stolen, has not been heard from since it was expressed from Branchville station, and the best thing Sam can do is to buy a new dog.

Arbor day was appropriately observed by the schools of this town on Friday the 23d inst. So far as tree planting is concerned the exercises, in that line, are a nuisance for there is no grounds to plant trees on the school premises. But, wait until we get those two graded school buildings put up there will be room for trees then, that is, if they are ever built.

Measles are quite common in and around Layton, but they are not very severe.

Garden making will claim the attention of many of our people this week, and the scroust thing for the garden is onion sets, and fancy prices are realized for them.

We, along with others, have been wishing for warm weather and today (Monday) the mercury registers up in the seventies, and every one feels that it is too warm.

W. S. Kipp spent several days in town last week.

A. L. Cronk met with a serious accident Sunday afternoon. While doing his chores at the barn he fell and broke his arm at the elbow. It had been broken three times before. First time at the battle of the Walden railroad he was shot, the ball breaking his arm at the elbow; two years ago he fell from his mowing machine and now again. He is drawing a nice pension from the government.

SILVER LAKE

Jacob J. Seels, wife and son, Harold, returned to their Philadelphia home last Tuesday.

John V. Brodhead of Nebraska spent last Sunday with his sister, Mrs. Robinson Shepherd. He expects to return to his western home this week.

Judge Bettler and family of Philadelphia accompanied by some friends are enjoying a camping vacation at the cottage near the lake.

Frank Smith of Centre made a business trip to this place recently.

Joseph and Charles Bromley are enjoying a short vacation at the club house. They will return to the city in a few days.

House cleaning and garden making are now the order of the day.

Hugh O. Brodhead of Centre was in this vicinity last week.

The fragrant trailing arbutus is finer this year than it has been for several seasons and is reported to be more abundant than ever.

The supervisors are making use of the fair weather by working the roads.

A good many of the big papers now treat the Parker nomination as so highly probable that "it is all over but the shouting." It is admitted that the enthusiasm and noise engendered will not split the welkin. Nevertheless it must be admitted that the Hon. D. B. Hill appears to have graduated from the school of peanut politics, and to have been in this Parker episode playing the real game.

A Thoughtful Man

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at all druggists.
