SANDYSTON.

Our Board of Education held another meeting Saturday evening and after a rambling discussion voted to receive all propositions for consolidation, new school buildings and money and returning to the old system of schools. The local trustees of Tuttle's Corner and Flatbrook Valley schools boasted that unless they were given \$150 each for repairing their respective school houses, they would defeat any proposition for new buildings and graded school. Finding that nothing could be done in the way, the meeting adjourned, thus leaving the subject of better schools just where it stood before the first meeting. If the county superintendent of schools will take action and withhold the state appropriation, which in this case he has a perfect right to do, it might result in the betterment of our schools.

In passing along the road I read a trespass notice reading "No hunting allowed" and yet that notice told the trespasser to stay off. At the recent school meeting on Saturday night a proposition for money was before the board. When the tickets were read President Dupue had to laugh when he came to one reading as follows, "Know Money." As one spectator remarked, "It looks as if a school was needed for the board." Comment is unnecessary.

The second Grange Ball on the evening of the 3rd inst. proved a success from start to finish. All had a delightful time, in dancing until daylight is any criterion.

Examination for teachers' certificates was held at Newton on Friday and Saturday of last week. Several pupils of Sandyston schools attended and report the questions as full of knots as usual.

The Rev. Mr. Bard has offered to preach a Memorial Day sermon in the Hainesville church on Sunday morning, May 29th. The church will be tastefully decorated with the national colors, and everybody is cordially invited to be present, and veterans especially.

The late spring is causing farmers much worryment. Here it is the 8th of May, and the pasture fields are not green yet, and that is not the worst of it, for their hay mows are empty. If this dry weather continues the grass crop will be injured as it was last year.

H. L. wants too much when he requests Uncle Sam to furnish onion sets and potatoes. Now, Henry, just make a polite request for a railroad, either steam or trolley, and that will benefit everybody, but-taters and onions, "cut it out," especially the latter.

The New Jersey Legislature passed a law March 29, 1904, prohibiting the killing of "partridge, quail, English or ring necked pheasants, prairie chicken or any wild turkey, excepting only between the 10th day of November and 31st day of December, both dates inclusive under penalty of \$20 for each bird killed." I was not aware that there were any Turkey or prairie chicken in New Jersey, but, as the laws prohibit their killing, there must be.

The cows of several farmers living south of the Brick House have been attacked by a disease unknown to them. The animals become weak in hind parts and unable to get up, linger a few days and die. So far nearly a dozen cows have died and hogs are similarly afflicted.

MATAMORAS.

Mrs. William Hackett of Rutherford, N. J., is the guest of her parents, Alfred Hillman and wife.

Miss Lottie Kilpatrick of Port Jervis called on friends in Matamoras Friday afternoon

Work on the new Barret bridge has been commenced on the Matamoras side

Mrs. Ada Walsh, mother of John Walsh, has gone on a visit to Washingtonville, and from there will go to Waterbury, Conn., to visit some time with relatives and friends.

The first street ferry boat has an improvement on it in the form of a covering of canvas to shield the passengers from the hot sun and also to protect them from the rain.

The condition of Mrs. Alfred Billman, who was operated upon last week, is much improved. She is resting very comfortably.

John M. Van Akin met with an accident at his home Monday morning, he fell from a step ladder and broke the little finger on his left hand. Dr. Hardenberg was called and reduced the fracture.

George Wehinger and wife have been on a fishing excursion to McKean valley, Pa. They returned home Monday evening with a fine lot of trout.

Constipation Cured

A BARRYTOWN MAN'S EXPERIENCE WITH CAL-CURA SOLVENT

Dr. David Kennedy's New Medicine Cured Him Promptly

Constipation leads to more. Often it is the cause of appendicitis. Always it leads to dangerous chronic disease. It should not be neglected, nor should it be temporarily relieved with drastic purgatives. Here is a case in point:

Mr. G. S. Osterhoudt, of Barrytown, N. Y., was distressed with indigestion, chronic constipation and kidney trouble for four years. He tried many medicines without relief. He heard of Cal-cura Solvent, Dr. Kennedy's new medicine used it and began to improve rapidly. All of his old complaints have disappeared and he was everything to Cal-cura Solvent.

Write to the Cal-cura Company, Kennedy Row, Bound Brook, N. Y., for a free sample bottle.

Remember: Only one Dr. David Kennedy ever lived in Bound Brook, City of Kingston, N. Y., and be sure you get his name and latest medicine, which is sold only in \$1.00 bottles. All druggists.

PAUPAC.

are guests of J. H. Layton;

Mrs. Henry Knight of Equinank, Pa., is visiting her niece, Mrs. J. H. Layton, for a few days.

Matamoros friends of Leila Young are pleased to hear she is making good progress in music.

At Hope church Sunday morning Rev. Metzger, the pastor, gave a fine address on "The Great Friendship," he defined the human and divine friendship. The subject was a very interesting one and was fully explained. Mr. Metzger gave a fine sermon in the evening, the subject was "What the Cross stands for." It was very pleasing to the large congregation. The choir rendered some pretty anthems. Next Sunday evening he will preach to the young men of the church. The subject, "The Young Men at God's Temple."

Miss Katherine Duffy died at the home of her brother, T. Duffy, in this place May 5th. The funeral was held at the Catholic church at Hawley on the 7th. Interment at Hawley cemetery.

W. H. Clark has still further improved his house.

Otto Gherkie is building himself a mansion on the Zimmerman property.

Mrs. Emily Gumble, after visiting her sisters in Scranton, returned home last week.

Miss Adelia Woodward is visiting friends in this place.

Mr. Zimmerman is pleased to entertain his daughter and family from Scranton for a few days.

Mr. Sprukes and a few friends from Scranton spent a few days fishing in this place last week.

Thomas Duffy was given a farewell party at the home of Mrs. Wilmer Hopps, the 10th. Quite a few were present and all enjoyed a very pleasant time.

Ed Buckingham's going to have some turtle soup. He caught it on the Paupack, and it weighed 28 lb.

We read in the letters of other Press correspondents of the good work done on the roads of their districts, and feel ashamed of those of our own. The road to Hawley is a discredit to our township. It looks as though our supervisor might be desirous of discouraging its use by the automobile, and while we ourselves have no love for the critter, we think the road might be made more easy and pleasant for both our horses and ourselves. It seems rather late now to make a beginning but perhaps it is better late than not at all. At all events if the loose stones were removed, as we believe the law requires, it would be quite an improvement over its present condition.

MAST HOPE

The entertainment at the Baptist church Wednesday night was successful and \$7 realized.

DINGMAN'S FERRY.

Farmers now have an opportunity to get rich and all be able to subscribe for THE PRIZES. Potatoes are \$1.25 or more a bushel, Apples, however, of which many have a considerable amount, are not salable.

It is reported here that George Jagger will have a new trial and probably be acquitted. The evidence for the prosecution when carefully sifted seems lame in several points.

John Hanna who took the contract for the cribbing at Cave bank for \$145 would like to be relieved. He thinks the job more than he bargained for.

Some children belonging to the Academy school seem to be careless with the books which have been found lying along the road. On the hill it is rumored books have been torn and scattered about the school house. When children 8 to 12 years old show an inclination to fight the teacher it is time the directors took a hand and determined whether the youth or their parents are to blame.

Out seeding, gardening and potato planting are keeping every one busy.

A fall in the price of railroad ties and the rejection of those of a certain kind of timber has brought that industry to a stand still.

Old hens are safe this season. The scarcity of young chickens last year caused by the cold wet summer and the present price of poultry, 10 cents a pound, will induce farmers to keep the hens to produce eggs.

Miss Martha North and Miss Marie Rigny have returned from Florida.

The first forest fire this year was back of Bushkill near Forest Park. There has been one also over north of Adam's creek.

It would cost but a trifle to have an architect draw a plan for a house, or a neat design could be obtained from a paper or magazine and if those buildings would exercise a little taste, some houses being erected in this town might be ornamental in stead of resembling coops.
