## PUT YOUR FOOT IN IT...

That's the best way to test a shoe. If it feels right it generally IS right. Shoes made from poor material and built by cheap labor never feel right—you can spot them soon as you put your foot in.

We believe that good shoes are the cheapest shoes—they feel better, wear better and look better than the other kind. Our prices are right for right shoes. We sell comfort, durability and style in shoes.

## SANDYSTON.

Grand preparations are being made for Children's Day exercises at Layton next Sunday and if the program is carried out the music and singing will be very fine.

Mrs. Dora Cox Van Eiten, wife of F. Lester Van Eiten employee of the New York Custom House, died at Morristown on May 30th aged about 23 years. She is survived by a daughter of tender years.

The condition of Daniel Raser has improved but little and it will be a long time before he will get around. It is very doubtful if he ever fully regains his former health as his injuries were much more serious than were at first supposed.

Complaint is heard on every side that corn is rotting, and many fields will have to be replanted, and the worst of it is that seed corn is not to be had. The continuous wet weather is making a fine stand of grass, and an abundant hay crop is very promising.

Mr. and Mrs. Paddock and Miss Fanny Sailer drove over from Newton Sunday and spent the day with John Sailer and wife at Layton.

Amos Losey and wife while driving across the mountain near Flatbrookville his horses ran away, throwing the occupants out, but luckily without serious injuries beyond a few bruises. The wagon was slightly damaged.

A person asked me a day or two ago, "when will bridge building cease in this town." The question staggered me and I could only say "search me" for I did not know and I don't know who can answer the question.

The Georgia Jubilee Singers gave an entertainment in the church at Layton on Monday evening. The church was comfortably filled and the recitations and songs were very good. Everybody went away feeling that they had the worth of their money.

I acknowledge a kind invitation to attend commencement exercises at Milford Monday evening but other matters prevented. Thanks, dear pupil.

"Dingmans Ferry" takes a shot at Jersey on road matters. Well, our roads are not all boulevards, but you just come over some time and I will show you the finest piece of Macadam, why, Pike isn't in the game with that particular piece of road, even if it did cost us \$14,000. Will my brother scribe just drop over into Monroe county and tell the commissioners of that county what a dirty set they are to charge the G. A. R. \$3 for the use of their Court House. For shame.

Our school board held another meeting Saturday evening and agreed to pay James Black \$300 for site for new school house at Hainesville, and W. C. Harsh \$135 for an acre of land for school house at Layton. An election for voting the money will be held as soon as possible.

The sale of the household goods of Edward Smith was held Tuesday and prices ruled very low.

Work is steadily going ahead on the new Macadam road and it won't be long before the public can drive over it.

Trout fishing has been very poor so far and it would seem that stocking our streams with young fry does not seem to increase the number of fish in our streams.

By a joint resolution by the Senate and General Assembly of New Jersey all honorably discharged soldiers of the Civil War are to receive a medal called "The New Jersey Civil War Veteran Medal." Send it along and I will take one.

## Life.

The poet's exclamation: "O Life! I feel thee bounding in my veins," is a joyous one. Persons that can rarely or never make it, in honesty to themselves, are among the most unfortunate. They do not live, but exist; for to live implies more than to be. To live is to be well and strong—to arise feeling equal to the ordinary duties of the day, and to retire not overcome by them—to feel life bounding in the veins. A medicine that has made thousands of people, men and women, well and strong, has accomplished a great work, bestowing the richest blessings, and that medicine is Hood's Sarsaparilla. The weak, run-down, or debilitated, from any cause, should not fail to take it. It builds up the whole system, changes existence into life, and makes life more abounding. We are glad to say these words in its favor to the readers of our columns.

I have money to loan on real estate, no matter where located, at 4% and 5 per cent interest. There is no reason for paying a larger rate than this. If you desire a loan and have real estate to warrant it, write me about it. All correspondence strictly confidential. L. F. HAFNER, F. HUNTINGTON FEAVER, Marriage Broker, 1030 Fulton St., Brooklyn, N. Y.

## Constipation Cured

A BARRYTOWN MAN'S EXPERIENCE WITH CAL-CURA SOLVENT

Dr. David Kennedy's New Medicine Cured Him Promptly

Constipation leads to worse. Often it is the cause of appendicitis. Always it leads to dangerous chronic disease. It should not be neglected, nor should it be temporarily relieved with drastic purgatives. Here is a case in point:

Mr. C. S. Osterhout, of Barrytown, N. Y., has been afflicted with obstinate chronic constipation and kidney trouble for four years. He tried many medicines without relief. He heard of Cal-cura Solvent, Dr. Kennedy's new medicine, used it and began to improve rapidly. All of his old complaints have disappeared and he owes everything to Cal-cura Solvent.

Write to the Cal-cura Company, Kennedy Row, Rondout, N. Y., for a free sample bottle.

Remember: Only one Dr. David Kennedy ever lived in Rondout, City of Kingston, N. Y., and he sure you get his new and latest medicine, which is sold only in \$1.00 bottles. All druggists.

## DINGMAN'S FERRY.

Those who planted early and used seed corn grown last year were obliged to replant on account of the rot.

Louis Chatillon has a pleasant retreat for summer guests at the entrance to High Falls. There is a well shaded grove along the creek, and he has a good barn to accommodate teams.

Miss Whitesell has gone to a hospital for treatment.

The Van Pike Telephone company has built an office for central near Albright's store.

There are three stores, most markets here and only one has accommodations for horses of customers.

Appearances indicate a good boarding season. There are more here at present than usual.

Seed buckwheat is high, it sells for \$1 a bushel.

If the supervisor in Lehman, above Egypt Mills, makes much improvement this season as last on that section it will be the best part of the whole river road.

The cold, rainy spell has put farmers away behind with planting their corn. Crows are little good as foragers of obnoxious insects or worms which infest the fields. They spend most of the time watching where the farmer drops the seed and then set to work and dig it up.

Calvin Cron, not being offered a reasonable price for his ties on the bank, rafted them.

Will Benson's valuable and well trained Shepherd dog was run over and killed by an auto.

Supervisor Shreiber has bought a regular road making plow with an attachment to cut roots. Price, \$23. This implement will soon pay for itself in time saved.

The law compelling school directors to pay minimum wages of \$30 is now in force. It is to be hoped they will employ professional teachers who are competent. We have had enough of the over grown kid element. The waste of money for such schools is trifling compared with the invaluable time lost by children.

Probably the causes of the slide at cave bank are in leaving a gutter on the hill side of the road, and also depressions where gravel is taken, allowing the water to collect from the hillside which percolates down under the road, loosens the soil on which is growing heavy trees which helps to pull away the foundation. Some of the trees should be cut away and the road gently sloped so that all water would run off.

The system which prevails here of contracting out fire wood for the schools may be all right if the directors inform the contract and have the fuel provided so that schools are not dismissed for lack of it. Children who walk some distance in cold weather should have a warm room, both for health and comfort.

The democrats can be relied upon to point to the republican deficit during the present fiscal year, even under the present iniquitous high tariff law, behind which Mr. Bryan's "predatory trusts" he sheltered and gratinaced. It will be just as well to remember that we have paid out, this spring \$40,000,000, as the first appropriation for the building of the Panama Canal, an expenditure of which even democrats should be proud.

## Startling Evidence

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colic to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c and \$1.00

Miss Ethel Lord and Earl Lord, both of Equinunk, were married at Montgomery, Wednesday evening, June 1, at 8 o'clock, by the Rev. C. W. Alberty, pastor of the Methodist church of that place.

At the teachers examinations in the Matamoras school building Monday the following teachers were examined and passed although the questions were quite difficult: Misses Mabel Walker, Lulu Prescott, Maggie Prescott, Mabel Sawyer, Tillie Zahnlecker and Angela Orce.

Fred Wandell has been reappointed janitor of the Matamoras school building.

The Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. This is the best of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every state and territory of the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1900, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscriber for only one dollar a year gets three papers every week and more news and general reading than most great dailies can furnish at five or six times the price.

The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, and democratic and republican alike are treated in its pages with impartiality of all the great political campaigns.

In addition to all the news the Thrice-a-Week World furnishes the best market news, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only \$1 per year and this pays for 109 papers. We offer this unequalled newspaper and the Pike County Press together one year for \$1.

The regular subscription price of the two papers is \$2.50.

If you want folders for leap year parties or dances, THE PRESS has handsome ones at an easy price. Just remember we do any kind of printing from a large poster down to a beautifully engraved card, and at reasonable rates. Will be glad to have orders for vendue bills.
