PUT YOUR FOOT IN IT...

That's the best way to test a shoe. If it feels right it generally is right. Shoes made from poor material and built by cheap labor never feel right—you can spot them soon as you put your foot in.
 We believe that good shoes are the cheapest shoes—they feel better, wear better and look better than the other kind. Our prices are right for right shoes. We sell comfort, durability and style in shoes.

GREENTOWN.

A very pretty wedding took place when Miss Marie Honok and Joseph Keoney of Norfolk, Va., were united in marriage by Rev. Horace Smith at the home of the bride's parents.
 The fine display of gifts both useful and beautiful show in a mild way the hold Miss Honok had on the affections of her friends.
 After a trip through the southern and western part of the state, Mr. and Mrs. Keoney will make their home in Norfolk, Va.
 A host of friends wish the young couple a long and happy life.

Startling Evidence
 Fresh testimony is great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. McFarland, Rentonville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular size 50c and \$1.00.

This is UNSOLICITED

People should know how Mr. Miller was cured of kidney and bladder trouble by Dr. Kennedy's New Medicine, Cal-cura Solvent
 Matamoros, N. Y., Sept. 28, 1901.
 Dr. David Kennedy Estate, Kennedy Row, Rondout, N. Y.
 I have been troubled with my kidney and bladder for three or four years and doctored with many physicians without obtaining any help.
 A few months ago I decided to try Cal-cura Solvent, Dr. Kennedy's latest medicine, and am thankful to say I am now practically cured. You have not asked me for a testimonial but I wish to tell you what Cal-cura Solvent has done for me and hope that others may be so happily relieved. Yours truly,
 WILLIAM H. MILLER.
 Remember: Only one Dr. David Kennedy ever lived in Rondout, City of Kingston, N. Y., and his new medicine is sold only in 5¢ bottles. It is called Cal-cura Solvent because it cures stones in the bladder by dissolving and painlessly expelling the formation, thus avoiding the surgeon's knife. Write to the Cal-cura Company, Kennedy Row, Rondout, N. Y., for a free sample bottle.

The Court of Appeals of the state of New York has decided in "the Yates County National Bank vs. Carpenter that the portion of property paid for by pension money cannot be reached by levy and sale under execution." It is hoped the money will be voted and Centerville thereby get a graded school.
 Joseph C. Warner of Hainesville had peas from his garden Sunday last, the first I have heard of. Joe is ahead in garden "mas."

Children's Day was observed at Layton Sunday evening and the church was densely crowded. The floral decorations eclipsed any similar occasion and gave the church the appearance of a veritable bower. Many of the pieces were very long, yet all were admirably rendered, thanks to Mrs. Dr. Hughes and Mrs. Day who persistently drilled the little folks. I must not omit the singing and music for that was an especial feature and was excellent.

DINGMAN'S FERRY.

Good butter here is 25 cents a pound, inferior qualities as low as 18 cents. Persons desiring a good article should contract with those who make it and have it delivered weekly. There is no difficulty in finding a market for good butter, and the poorer naturally goes to the merchants who fix prices for all kinds accordingly. Creamery butter is palatable if used fresh but it will not keep. Eggs here are 17 and 18 cents a dozen and seem to be on the rise.
 Miles Whitesell, who was reported as having gone to a hospital, showed improvement and remained home.
 Rain is seriously interfering with farm operations. Last year corn was poor and so far this year is not promising.  Donald Jagger has caught on how to keep his section of road in good repair. He keeps the mud holes filled with gravel. Generally our supervisors are keeping the roads in good condition. THE NEW YORK WORLD

Thrice-a-Week Edition
 Read Wherever the English Language is Spoken
 The Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. Time is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every state and territory of the Union, and wherever there are people who can read our mother tongue.
 This paper for the coming winter and the year 1902, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.
 The subscriber for only one dollar a year gets three papers every week, and more news and general reading than most great dailies can furnish at five or six times the price.
 The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, and democratic and republican alike can obtain in its pages truthful accounts of all the great political campaigns.
 In addition to all the news the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest.
 The Thrice-a-Week World's regular subscription price is only \$1 per year and this pays for 125 papers. We offer this unequalled newspaper at the Pico County Press together one year for \$2.
 The regular subscription price of the two papers is \$2.50.

If you want folders for leap year parties or dances, THE PRESS has handsome ones at an easy price. Just remember we do any kind of printing from a large postcard to a beautifully engraved card, and at reasonable rates. Will be glad to have orders for vendue bills.
